Academic Advisement for Undergraduates

Where do you go for academic advisement?
If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. They will be closed for devotionals on Tuesdays from 11:00 a.m. to noon. Write, visit, or call the advisement center of your choice:

Free Application for Federal Student Aid (FAFSA): You must also complete the FAFSA or the Renewal Application if you apply for any of the following: Federal Pell Grant, Subsidized Federal Stafford Loan, Unsubsidized Federal Stafford Loan, need-based scholarships, and many private scholarships.

Verification: If you are selected for verification, additional forms are required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Returned Missionaries: If you served a portion of your mission in 1994 or 1995, additional forms will be required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Electronic Funds Transfer (EFT): If you request a Stafford or PLUS Loan, the Touch-tone system will ask whether you authorize your lender to electronically transmit your loan funds to your BYU student account by EFT.

Mailing Address: The Financial Aid Office will mail correspondence to the mailing address on record in the BYU Registration Office. The Scholarship Office will use your permanent address. To update either address, call (801) 378-2824.

Scholarship Information: To apply for need-based and specific private scholarships, refer to the BYU 1996–97 Financial Aid and Scholarship Bulletin for detailed information and application instructions. New beginning students should apply for academic scholarships on the Application for Admission. When you apply for scholarships by telephone, you authorize the university to release your transcript to appropriate personnel, including scholarship donors.

Help for New Students

Organize Your Registration Materials

BYU Undergraduate Catalog or BYU Graduate Studies Catalog
The BYU Undergraduate Catalog includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Catalog describes graduate courses and programs. Both catalogs can be purchased at the BYU Bookstore for $5.00 each. To receive either of these catalogs by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. Catalogs mailed second class cost $6.50 each (subject to change), and those mailed first class cost $10.00 each. These prices include postage and handling. VISA, MasterCard, check, or money order is accepted in payment.

Class Schedule
The winter 1996 class schedule includes registration instructions, information to assist in selecting classes, and a list of classes by department. New students are mailed a current class schedule after admission. Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. The cost, which includes first-class postage and handling, is $3.50. VISA, MasterCard, check, or money order is accepted in payment.

Registration Work Sheet
This work sheet is found on page 3 of this class schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

List of Required Classes
To obtain a list of classes needed to meet university and major requirements, undergraduates can refer to the BYU Undergraduate Catalog, contact their advisement center, or refer to the General Education for Undergraduates section of this class schedule. Graduate students can refer to the BYU Graduate Catalog, their academic department, or their advisor.

Student Development Elective Courses
Elective credit classes designed to assist new students in their career, academic, and personal progress are available through Student Development course work. Classes are listed under Student Development (StDev) in the class list.

Questions/Answers for New Undergraduate Students

What is a credit hour?
A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

What is General Education (GE) for undergraduates?
The General Education Program for undergraduates at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

What is a major?
A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called "open major."

How do I request classes?
Students request classes using either a Touch-tone telephone or Academic Information Management (AIM). You should complete the Touch-tone Telephone Instructions and have alternate sections available so that you can submit additional requests by phone if the class is full. AIM can be accessed at a variety of locations around campus. Look for the AIM posters or contact your advisement center for more information.

Which classes should I select?
A guide for selecting classes is found on pages 20–23.

Registration Requirements

1. Admission

You are eligible to register for winter semester 1996 if you registered for and completed regular day school classes during fall semester 1995 or if you have been issued a valid letter of admission for winter semester 1996 by the Admissions Office.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

2. Continuing Ecclesiastical Endorsement Required by April 1, 1996

Every enrolled, continuing student, including graduate students, who anticipates registering for any BYU credit after summer term 1996 is required to obtain a new Continuing Ecclesiastical Endorsement by April 1, 1996. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from a local ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT, telephone (801) 378-2731. A $20 late fee is assessed for endorsements dated after April 1. Registration is denied for fall semester or thereafter without a continuing endorsement.

Endorsement forms are available in this class schedule, at campus information desks, at college advisement centers, from bishops of BYU wards, and from the Honor Code Office.

All students must abide, both on and off campus, by the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church, on and off campus.

3. Health Insurance Requirement Winter Semester

BYU requires all full-time students (those taking 8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by December 15, 1995, will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance fee payment is due by the tuition payment deadline.

Registration Procedures: Priority Registration

• PRIORITY IS BASED ON CLASS STANDING OR THE TOTAL NUMBER OF CREDIT HOURS COMPLETED THROUGH SUMMER TERM 1995.

Priority begins with graduate students, then seniors, juniors, sophomores, continuing freshmen, and non-degree-seeking graduate students. Newly admitted freshmen will register in a separate priority (see priority schedule, Step 3).

TO REGISTER BEFORE SCHOOL BEGINS

STEP 1: RECEIVE A REGISTRATION NOTICE

Note Your Beginning Registration Time
The registration system will be open from your beginning time, as indicated on the Registration Notice, until midnight January 7 (tuition must be paid by December 15 to have continued access). The registration system will not allow you to register before the given time.

Update Address Information
It is important that your mailing address be updated at the Registration Office, B-130 ASB, PO Box 21112, Provo, UT 84602-1112, telephone (801) 378-2824. Please call or return the address section of the Registration Notice to the Registration Office if you need to do so. A list of classes and a Tuition Billing Statement will be mailed to you in November if you have registered for at least one class.

Check Holds That May Block Your Registration
Prior Balance Due

If you owe a prior balance as of the date of printing, the form will indicate the amount. You must clear your account before registration will open to you.

College Advisement Center (CAC) Hold

If you have a CAC hold, it will be indicated after the number of completed hours on the Registration Notice. The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with CAC holds include: (1) seniors on academic probation, (2) seniors who have not declared a major, (3) seniors with 150 or more semester hours of credit who have not applied for graduation, and (4) seniors who have fulfilled all graduation requirements but have postponed graduation. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Other

Check with the appropriate office according to your hold:

• Academic standards	Academic Support	(801) 378-2723
• Ecclesiastical endorsement	Honor Code Office	(801) 378-2847
• Financial (prior balance)	Student Accounts	(801) 378-5415
• Graduate school	Office of Graduate Studies	(801) 378-4091
• University standards	Honor Code Office	(801) 378-2847
• CAC hold	Your college advisement center	(see inside front cover)
• Loans	Collections Office	(801) 378-7648
	or Financial Aid	(801) 378-4104

STEP 2: PLAN YOUR SCHEDULE

Use the Registration Work Sheet to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days**. Consult the Class List beginning on page 52. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

STEP 3: REGISTER BY TOUCH-TONE TELEPHONE OR AIM*

Priority Registration Schedule:

Credit Hours/Class Standing	*Day You Can Begin Registering*
Graduate students	Monday, October 16
125 +	Tuesday, October 17
110	Wednesday, October 18
90	Thursday, October 19
80	Friday, October 20
70	Saturday, October 21
50	Monday, October 23
40	Tuesday, October 24
20	Wednesday, October 25
15	Thursday, October 26
Fewer than 15 and non-degree-seeking graduates	Friday, October 27
Newly admitted freshmen	Monday, October 30

If all sections of the course you want are full, and you must have this course this semester, use the raincheck option to be placed on the department list of students unable to enroll (see Touch-Tone instructions on page 2 or raincheck option on AIM). Continue to monitor the course by phone or by AIM in case students drop. **A raincheck will not guarantee that you will be able to register for the class.**

Academic Information Management (AIM) is a computer aid available to you at the following locations across campus: all college advisement centers, Heritage Halls Central Building lobby, Wymount Terrace computer lab, Cannon Center central lobby, Morris Center computer lab, ELWC Information Desk, ELWC Word Center computer lab, and the ASB, HBLL, CB, TNRB, TMCB, CTB, SFLC, and SWKT. You can do the following things at these terminals:

- Register for classes
- Access class schedule
- Determine course availability and instructor schedules
- Change address/phone number
- Monitor GE and major progress report (ABC)
- Look at grades and BYU credit
- Make PIN changes

STEP 4: PAY TUITION

Tuition Payment Deadline December 15, 1995 (to avoid late fees)

The Tuition Billing Statement will be mailed to all students who are registered for at least one class by December 4. **Tuition assessment on the billing is based on anticipated full-time enrollment of 8.5 credit hours or more for the semester.** The Federal Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 12 credit hours. If your grant eligibility, loan, or scholarship is for less than the tuition due, you must pay the difference by the deadline to avoid a late fee. **If you are a part-time student, adjust the statement and pay only for the hours you expect to take.** (See Tuition and Fees section for more information).

If you register after December 4 or if for some reason you do not receive a billing statement, it will be your responsibility to pay tuition by the deadline. A check or money order to cover the amount of tuition due should be mailed to the Cashiers' Office, D-148 ASB, PO Box 21128, Provo, UT 84602-1128. A drop box is provided in D-148 ASB for all students on campus. Do not use campus mail.

Important notice: If you fail to meet the tuition deadline, you will be assessed a late fee ($50 December 16–January 5; $90 January 6–22). You will be assessed a late tuition fee if you pay less than full-time tuition by December 15 and are then enrolled or later become enrolled for more than 8 credit hours. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed.

DISCONTINUANCE (Dropping All Classes for the Semester or Term)

WHAT TO DO BEFORE CLASSES BEGIN
Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this semester, you must discontinue or drop all your classes before the day school begins to avoid tuition charges. If you do not drop your classes, they will remain on your record and **you will be charged tuition.** Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions (79*961#) in this class schedule) until midnight of the day before classes begin.

WHAT TO DO AFTER CLASSES BEGIN
On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. Tuition will be charged starting the first day of class to the date of discontinuance at the percentage rate listed in the Tuition and Fees section.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office.

TO REGISTER OR MAKE CLASS CHANGES AFTER SCHOOL BEGINS

Add/Drop cards may be obtained beginning the first day of class from the Smith Family Living Center (SFLC), college advisement centers, and the Registration Office. The card must be returned to the SFLC step-down area between 8:00 a.m. and 5:00 p.m. during the first ten class days. The following dates apply to full-semester classes; for block classes see the calendar for deadlines.

ADDING: **January 8–22**
You may add classes the first ten days of a semester. During this time some classes may be added using the Touch-tone telephone or AIM systems. All other classes require an add card with the instructor's signature. This class schedule indicates telephone/AIM registration with a **T** and an add card needing the instructor's signature with an **S**. If you wish to audit a class, see the following page.

DROPPING: **January 8–9**
All drops can be done using the Touch-tone telephone or AIM terminals the first two days of the semester. There is no drop fee during these two days.

January 10–22 (without a W)
All drops must be done on an add/drop card. No instructor's signature is required to drop a class.
Drop fees begin the third class day (January 10) at $3 per class and increase $1 each day until the total reaches a maximum of $10 per class on the tenth class day (January 22).

January 23–Febuary 12 (with a W)
All drops must be done on an add/drop card. Students will be charged $10 per class and will receive a W (official withdrawal) on their transcript. Drop cards must be submitted to the Registration Office, B-130 ASB, PO Box 21114.

Additional Registration Information

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a term). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit**. Classes taken on an audit basis will not appear on your official records, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students.

Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the second, third, and eighth weeks, include the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 or fewer hours during a term are considered part-time. Students enrolled in 4 or fewer credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours. Graduate students should refer to the Graduate Education section of this class schedule. Contact the Records Office, B-150 ASB, for enrollment verification.

Evening Classes

Daytime students taking evening classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

Independent Study Programs

Independent Study can bring many university courses to your home. You may register for courses any time during the year and take up to a year to finish each course. Tuition is $75 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase, "Offered by Independent Study." For further information and a free catalog, contact the Independent Study Office, 206 HCEB, PO Box 21514, or telephone (801) 378-2868.

Note: Independent Study courses do not apply toward a **BYU graduate** degree.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

Full-time regular faculty, staff, and administrative personnel may register for a maximum of 6 credit hours per semester, within the guidelines indicated below, and will not be required to pay the cost of tuition. This benefit is applicable to undergraduate and graduate tuition; however, there may be income-tax ramifications on graduate tuition. Before registering for **graduate** courses, personnel must contact the Benefits Office.

Written approval is required for personnel to take daytime classes (7:00 a.m. to 5:00 p.m.). Applications for approval may be obtained at the Benefits Office, B-202 ASB, **before registration**. (Final approval for daytime class work rests with the tuition manager in the Benefits Office.) *Personnel eligible to take daytime classes need to be properly admitted through the Admissions Office.*

Full-Time Regular Faculty and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular personnel at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular teaching faculty and administrative personnel may register for courses of study up to 6 hours per semester. Those wishing to take daytime classes will need the written approval of the department chair or supervisor, the dean or director over the area, and the tuition manager of Benefits. Administrative personnel who take classes in the daytime hours are expected to make up the time they are absent from their regular work.

During the spring and summer terms, faculty members who have teaching duties and administrative personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken spring term, 6 credit hours may not be taken summer term, or vice versa.) However, faculty who are not teaching during a spring or summer term, and who are not on contract with the university for research, administrative, or other special assignments, may take as many credit hours during that term as their department permits.

Full-Time Regular Staff

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular personnel at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular staff personnel may register for courses of study up to 6 hours per semester. Written approval needs to be obtained from the individual's supervisor, the dean or director over the area, and the tuition manager of Benefits. Staff personnel are expected to make up the time they are absent from their regular work. Lunch periods may not be used for class attendance.

With the required approvals, staff personnel with staggered-hours schedules (see Work Hours Policy in the University Electronic Handbook) may register for daytime classes. A staggered-hours work schedule, which must first be approved by the person's supervisor, allows an individual to work eight hours between 7:00 a.m. and 6:00 p.m. with a meal period of at least one-half hour. The work schedule should remain as constant as possible. Whether or not an individual can have a staggered-hours schedule and take day classes will depend on the seasonal and daily workload of the department.

During the spring and summer terms, regular staff personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may not be taken in summer term, or vice versa.)

Spouses of Regular Faculty, Staff, and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits for their spouses, personnel must (a) be at least age thirty with one year of service **or** (b) have completed five years of service with the university, whichever occurs first. Regular personnel who terminate employment and are rehired may be able to add prior employment to the most recent period of employment, within the limits indicated in the university policy on service credit, to achieve the required years of service for eligibility for spouse tuition benefits.

Eligible spouses of regular, full-time faculty, staff, and administrative personnel may register for undergraduate courses of study with no limit as to the total number of hours (day or evening classes) and will not be required to pay the cost of tuition. *Those who wish to take daytime classes need to be properly admitted through the Admissions Office.* **Before registering for *graduate* courses of study, eligible spouses must contact the Benefits Office.**

Part-Time Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

Part-time, adjunct, on-call, and temporary personnel and their spouses are not eligible for tuition benefits.

Additional Information

Auditing Classes

All full-time personnel and their eligible spouses who desire to audit daytime classes should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited will not appear on official records. Those wishing to audit evening classes should do so through the Evening Classes Office. Any exceptions should be cleared through the Benefits Office.

University Discontinuance

Personnel or their spouses enrolled through day school who discontinue their entire registration at the university are required to discontinue through the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.

Evening Classes

Registration. Eligible faculty and staff members and their spouses who wish to register for evening classes *only* may do so at the Evening Classes Office, 120 HCEB. Individuals may obtain their tuition benefit there at the time they register by completing the Clearance Form and presenting their personnel or spouse ID card.

Daytime students taking Evening Classes (sections 400–499) may automatically register through the Touch-tone Telephone System.

Changes in Registration.

When a change in Evening Classes registration becomes necessary, individuals must obtain an add/drop card from 120 HCEB, and get the required approval and signature of the instructor. This card must then be returned to 120 HCEB, PO Box 21513.

Discontinuance.

A student discontinuing his or her entire registration in Evening Classes is required to discontinue through the Evening Classes Office. A $10 fee is charged the individual for the service after registration has been finalized.

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational cost.

Tuition and class fees are due and payable before a student begins class attendance. Students who fail to pay tuition by the scheduled final day to late register will jeopardize their eligibility to enroll for the following semester/term. Past financial delinquencies must be cleared before a new registration may be completed. Refer to Tuition and Fees Information on the calendar in this class schedule.

Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).

Once students register for classes, they are officially enrolled and committed to attend. Students who decide not to attend must officially withdraw from classes prior to the day school begins to avoid being charged tuition. Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions) until midnight of the day before classes begin. On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. If you do not drop your classes, they will remain on your records and **you will be charged tuition**. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed on the following page.

Students who anticipate receiving financial aid will be held responsible to pay tuition charges incurred whether or not financial aid is available or forfeited.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Federal Pell Grant or Federal Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition purposes) are those students who have received their bachelor's degree or will have received it by the beginning of winter semester and are not students of the Law School or the Graduate School of Management.

Full-time classification (for tuition assessment) for all students is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.

Tuition and General Fees Per Semester

Undergraduate Students	**LDS**	**Non-LDS**
Full-time (8.5 or more credit hours)	$ 1,225	$ 1,837
Part-time (per credit hour)	$ 125	$ 188
Graduate Students		
Full-time (8.5 or more credit hours)	$ 1,435	$2,152
Part-time (per credit hour)	$ 159	$ 239

Graduate School of Management Students and Law School Students	**LDS**	**Non-LDS**
Full-time (8.5 or more credit hours)	$2,300	$3,450
Part-time (per credit hour)	$ 255	$ 383

A fraction of an hour in the sum of hours is counted as a full hour in assessing fees. Minimum tuition is the one-credit-hour rate. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee—Tuition Paid After December 15

December 16–January 5	$50
January 6–January 22	$90

(Last day to pay tuition is January 22)

Late tuition fees will be assessed to all students who fail to pay tuition by payment deadline dates. The late fee will also be assessed to students who pay less than full-time tuition by the December 15 deadline and are then or later become registered for more than 8.5 credit hours.

Any student whose tuition check is dishonored by the bank will be charged the late registration fee in effect at the time the check is redeemed.

Tuition Adjustments—Change in Credit Hours

After the semester begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **on the day they are added**. If this is not done, a late fee may be assessed. A change to full-time status requires that additional tuition be paid plus the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151 ASB. A full refund of the difference between full-time assessment and part-time assessment will be allowed through January 22. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

Tuition Refunds/Charges—Discontinuance

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone (801) 378-7705. The following rates apply:

Discontinuance	**Tuition Charged**	**Refund Of Tuition Paid**
Before Jan 8	None	100%
Jan 8–Jan 12	10%	90%
Jan 15–Jan 19	15%	85%
Jan 22–Jan 26	20%	80%
Jan 29–Feb 2	25%	75%
Feb 5–Feb 9	30%	70%
Feb 12–Feb 16	35%	65%
Feb 19–Feb 23	40%	60%
Feb 26–Mar 1	45%	55%
Mar 4–Mar 8	50%	50%
Mar 11–Mar 15	55%	45%
After Mar 15	100%	None

A petition for exception to the refund schedule will be considered for students forced to discontinue because of personal medical incapacitation after the 85 percent refund period. Petition forms are in D-208 ASB.

A refund due because of discontinuance from school will be made only by check through the mail. It will be mailed approximately two weeks from the date of **discontinuance.** Refunds due to students who have a Federal Pell Grant or Federal Stafford Loan will be returned to the Pell agency and/or the lending agency.

Late fees are not refundable.

Refunds for Class Fees

Class fee refunds are based on the same schedule as listed for tuition refunds.

Parking Fees and Information

Motor Vehicles

Parking permits are required to park on campus. To purchase a permit, bring the following to the Traffic Office (GRNH):

1. Current vehicle registration
2. Proof of emissions compliance. Vehicles registered in areas that do not have an emissions program meeting Utah County requirements will need to pass an emissions test. Contact the Traffic Office for further information, telephone (801) 378-3906.
3. BYU identification card
4. Copy of housing contract or room key (required only for a singles on-campus housing C permit)
5. Fee

Fees vary by permit and semester as follows:

Permit	*Fall*	*Winter*	*Spring/Summer*
G	$40	$25	Not available
Y	$15	$10	$ 5
R	$ 5	$ 5	$ 5
C	$ 7	$ 5	$ 3
Motorcycle/ Moped	$10	$ 8	$ 4

Parking permits expire September 15, 1996.

Out-of-State Plates

Faculty and staff employees with out-of-state plates must license their vehicles with the state of Utah and clear them for tax payment before they can receive their parking permits.

The state of Utah no longer requires nonresident permits for out-of-state license plates.

Bicycles

Bicycles must be licensed within Utah County. Provo city licenses cost $1 at the Traffic Office.

Bicyclists must:

1. Always park bicycles in racks.
2. Never ride on sidewalks during class breaks.
3. Yield to pedestrians.
4. Obey all traffic rules.

Bicycles not parked in racks will be impounded. BYU will not be responsible for cut locks, chains, or cables. Locks, chains, or cables may be cut only when uniformed police or traffic personnel are present.

Other Regulations and Information

Owner/Operators of motor vehicles operated in Utah County should be prepared to pass Utah County Vehicle Emissions Inspection Maintenance requirements.

Neighborhoods adjoining campus are sometimes inundated with parked vehicles. Students are encouraged to obtain BYU parking permits and to park in university parking lots authorized by the permit.

Traffic regulation information may be obtained from the Traffic Office. It is the responsibility of all students, faculty, and staff members to obey all traffic rules and regulations.

Questions may be directed to Traffic Office personnel at (801) 378-3906.

Parking and Traffic Violation Fines . . . . . $10–$200

Records Fees

Search fee (duplicate receipt) $1

Transcript fee (per copy—pay at Records Office) $2

Health Insurance Requirement

BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by the tuition deadline will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance payment and form are due by August 15.

Debt Collection Fees

Students' past-due debts are referred to Student Financial Services for collection. If the BYU debt collection officer is unable to collect the debt within a reasonable time, the debt will be referred to an outside collection agency. In addition to paying the debt, the student debtor will be required to reimburse the university for such collection agency fees before obtaining a release of a financial hold on his or her transcript or before being considered for readmission. Also, eligibility for graduation may be delayed or denied.

Selecting Classes—Freshman Year

Use the registration work sheet on page 3 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl 115). You may be able to take it the next semester.

1. Select one university-required classes:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2

2. Select an appropriate English and math* class based on your preparation:

Course	Title	Credit Hours
Engl 115	College Writing and Reading	3
HonP 200	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 97*	Intermediate Algebra (ACT math score 18–21 is prerequisite; this is a no-credit, extra-fee class)	0
Math 110*	College Algebra (ACT math score 22 or above plus two years of high school algebra is prerequisite)	3
Math 112*	Calculus 1 (ACT math score 27 or above plus four years of high school mathematics including precalculus is prerequisite)	4
Math 119*	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education Mathematics option.

3. Start work in a foreign language (see page 31).
If you want to pursue the Foreign Language option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses. Also, check with your college advisement center about the foreign language requirement in your major.

4. Select one or two courses from the following General Education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, the College of Education, or the College of Engineering and Technology.

5. Select an interest course.

Select an area that you are interested in learning about. Use the 1994–95 BYU Undergraduate Catalog and this class schedule to identify and select an appropriate course. If you have chosen a major, select a course from those listed by major in section 6.

6. Select a major/emphasis course.

Students who have not selected a major should select an additional GE course.

University Requirements for Undergraduates

There are three components to an undergraduate education at Brigham Young University: religious education, major education, and general education. Religion courses are provided at BYU so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. Education in the major provides the student with depth in a particular academic discipline. It introduces students to the type of thinking, language, and skills that prepare them for a career or further study in postgraduate or professional programs. General education is intended to provide breadth to the student's intellectual life. It covers the range of human accomplishments: the development of language and civilization; the arts; and the social, behavioral, physical, and biological sciences. These three aspects of the baccalaureate degree are described briefly below.

Religious Education

It has always been the view of The Church of Jesus Christ of Latter-day Saints that education is not complete without proper integration of secular and religious knowledge and values. Secular understanding and skill are important attainments in life and will better serve the individual when accompanied by religious convictions, attitudes, and standards of behavior. Ideally, students should take one religion class each semester of enrollment.

Religious education requirements include a core of 8 hours and 6 hours of electives. The core consists of two Book of Mormon courses (RelA 121 and 122, 4 hours); one New Testament course (2 hours); and one Doctrine and Covenants course (2 hours). Students may choose from an array of other courses offered by the Department of Ancient Scripture and the Department of Church History and Doctrine to fill the other 6 hours of religion credit needed.

Students who are not members of The Church of Jesus Christ of Latter-day Saints are encouraged to take Introduction to Mormonism (RelC 100) during their first semester at BYU. This course may be used as one of the core requirements in lieu of either a New Testament or Doctrine and Covenants course.

Religion Requirements for the Baccalaureate Degree

Courses	*Credit Hours*
Two Book of Mormon courses	4
One New Testament course	2
One Doctrine and Covenants course	2
Elective courses	6

Major Education

Brigham Young University students are expected to develop competence in at least one area of concentration. Such competence is acquired through in-depth study in an area referred to as the major. Through the major requirements students encounter a rigorous, coherent, and progressively more sophisticated program of study. Such study is intrinsically valuable and it prepares students to enter the world of work or to pursue further study. By the time they graduate, students should have a grasp of their discipline's essential knowledge and skills, and thus be able to compete in and contribute to the larger world outside the university.

BYU offers nearly 150 undergraduate major programs. Most of these programs are centered in the more than 50 academic departments, but several interdisciplinary programs are also available. The complete list of these degrees is given in the BYU Undergraduate Catalog under Graduation. Of the 128 credit hours required as a minumum for the baccalaureate degree, the major program typically comprises between about 40 and 60 credit hours, with some exceeding 60 credit hours. Requirements for major programs are detailed under the specific department in the catalog. Students need not feel undue pressure to declare a major immediately upon entering the university, and they may wish to enroll in general education courses that can introduce them to possible areas for major study. However, some majors, including those in the natural sciences, engineering, music, and design, are tightly structured. Efficient graduation from these programs requires the student to undertake degree requirements during the first semester of the freshman year. Students who are leaning toward these programs are encouraged to begin them as soon as possible. The academic departments and college advisement centers can provide advice about particular degree requirements and selection of a major.

General Education

The general education (GE) program at Brigham Young University complements the other two areas of a university education. Through its perspective we gain vantage points from which to view the development of our own culture and to see its relation to others.

GE courses teach one to think critically, and they pose questions that foster the development of moral judgement and aesthetic and cultural sensitivities. At Brigham Young University these courses are taught in the context of the restored gospel and the implications that the gospel of Jesus Christ holds for knowledge, truth, and society.

Revisions in the requirements of the GE program have been approved for students who entered BYU fall 1995. The details of the changes are described below.

Implementation of the New GE Program
Because of the timing of the approval, the 1995–96 academic year will be considered a transitional period. With three exceptions, students who have entered fall 1995 will be placed on the new GE program. The three exceptions are those students who have entered into programs leading to the BM (bachelor of music), BFA (bachelor of fine arts) in art, or BFA (bachelor of fine arts) in design. Those students will continue with the requirements outlined in previous class schedules and in the 1995–96 BYU Undergraduate Catalog. Students who have been placed in the new program, but who wish to pursue the old program, must consult with the appropriate college advisement center to effect the change in their GE programming.

Students who entered prior to fall 1995 have the option to continue with their original GE program or to switch to the new program. They are encouraged to meet with their college advisement center or faculty advisors to discuss the optimal program, given their current status.

Description of the New Program
The new program follows the same structure as the old program with requirements in categories called *the Languages of Learning, the Liberal Arts Core,* and *the Arts and Sciences Electives*. The major changes include the addition of a music option to the Advanced Languages requirement, alternate pathways to satisfy some of the core requirements, a reduction from four to three in the number of required electives, and the removal of any restrictions in the choice of electives because of major. Also, the physical education requirement has been changed to a wellness requirement, and it is now included as part of the general education program.

Both the *Languages of Learning* and *the Liberal Arts Core* provide for multiple ways to satisfy individual requirements. The number of courses and credit hours needed to satisfy a requirement will vary with the particular option chosen and/or the student's previous preparation.

The objectives for each of the three areas are explained below. Brief statements of the ways to satisfy the requirements of the GE program are provided in the accompanying table. Detailed information concerning the mechanisms available to complete each requirement is given in the General Education Courses section.

Languages of Learning
In our modern, complex society, the ability to communicate effectively is deemed a critical skill. Under the Languages of Learning category are grouped the areas of writing, mathematics, foreign languages, and music, each of which represent an important way to convey information and understanding. Because writing at the college level is considered essential to success at the university, students are asked to complete a first-year writing course. Later, once they have identified an area for major study, they are provided with an opportunity to develop writing skills in that discipline. To function in a technological society, a basic knowledge of mathematics as a means of communication and problem-solving is essential. All students, upon admission, are asked to certify a basic level of numeracy, either with an appropriately high score on the Mathematics section of the ACT or SAT exams or by completion of a BYU course. We then ask that students exhibit a mastery of either mathematics, music, or a foreign language at an advanced level. At the advanced level students achieve an exposure to cultures, and to the ways in which practitioners of the language structure their knowledge.

Liberal Arts Core
A traditional university education has included introductions to the core or fundamental areas of knowledge. These have typically covered the biological and physical sciences and aspects of cultures and civilizations. Here at BYU we also include as part of our core an introduction to the political and economic foundations of the American democratic system and a requirement to assist in developing one's physical and mental well-being.

For every requirement in the core, with the exception of History of Civilization, there are two pathways to complete the requirement—a one-course option and a multiple-course (two or three) option. The multiple-course series are structured to cover much of the same material that is included in the one-course options, but at a higher or deeper level.

The options for different core requirements are independent of each other. That is, one may choose the two-course sequence to satisfy the Biological Science core requirement but choose the one-course option for the Physical Science, American Heritage, and Wellness requirements. In general, students will find it most efficient to take the one-course options for a given requirement. However, students in some majors will find that a particular core requirement can be satisfied using the multiple-course pathway with courses they are already taking for their major. Students with career or personal interests outside their major may find that the two-course options better serve their needs. For example, the philosophy or language major who hopes to become a physician may satisfy the physical and/or biological science core requirement by virtue of the science courses required for admission to medical school.

Arts and Sciences Electives
The Arts and Sciences electives are divided into three categories: Arts and Letters, Natural Sciences, and Social and Behavioral Sciences. These three divisions encompass the spectrum of human endeavors. The objective of elective courses certified to satisfy this requirement is to introduce students in a little more focused way than the core courses to specific disciplines or area of studies. Students must take **one** course from **each** of the three areas. Unless the major program dictates a specific course, students are free to select from a large list of approved courses. These

courses are certified for approval by a faculty council, and students are encouraged to check a current class schedule for an up-to-date list of approved courses.

Some courses are approved as both Arts and Sciences electives and as one of the two-course sequence for the alternate option to the Liberal Arts Core requirements. The same course cannot be used for both the elective requirement and to partially complete the core requirement.

Because a significant objective of general education is to provide breadth to the student's education, we recommend that elective courses be taken outside the major. However, once a course certified to satisfy an elective is completed, the GE requirement will have been considered to be satisfied. Changes in majors will not effect the student's progress toward completion of the GE program. Nevertheless, the new major may impose additional requirements, such as a particular Advanced Writing course.

Where variable numbers of courses or credit hours are indictated, the effort required to complete the requirement depends upon the student's level of preparation. The complete list of courses currently certified to satisfy a particular requirement and additional details of how to complete the requirements are given in a later section of this class schedule entitled General Education Courses.

GE				**Subtotal: 34.5–71**

Selection and Timing of GE Classes
To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation. Such approval is not granted lightly, and students should ensure that the courses they select are, in fact, approved for GE credit. This information is updated each semester/term and published in the current class schedule.

The Honors Program offers a number of courses that satisfy both GE and Honors requirements. These

courses provide a deeper, more intense exposure to the subject matter for the student who is interested in a challenging experience. Additional information concerning these courses may be obtained from the General and Honors Education Office, 350 MSRB, telephone (801) 378-3038, or by consulting the University Honors Program Course Guide.

Although the time to complete GE requirements varies according to the major, students should complete the First-Year Writing and Precollege Mathematics requirements during the freshman year. Students planning to satisfy the Biological Science, Physical Science, and American Heritage core requirements with the one-course options (e.g., Biol 100, PhyS 100, and AHtg 100) should also complete these during the freshman year. History of Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

Ways to Complete GE Requirements Other Than by Course Work

In addition to taking approved courses, there are several mechanisms by which students may satisfy the components of the GE program: passing special examinations at the university; transferring acceptable credit from other academic institutions; or receiving credit from advanced placement (AP) and International Baccalaureate (IB) examinations or from the College Level Examination Program (CLEP).

Special GE Examinations

All general education requirements can be accomplished by successful completion of a special examination. Two types of examinations are available: exemption and challenge exams. Exemption exams do not, as a matter of course, carry academic credit or grades. A passing score on an exemption exam shows on the Advisement by Computer (ABC) Report only as a completion of the requirement. Challenge exams as a group always carry academic credit and a letter grade. The student's transcript and grade point average reflect the score obtained on the exam.

Exemption Examinations. Exemption examinations are offered in the Testing Center, 265 HGB, for First-Year Writing, Precollege Mathematics, and Physical Science. These are given early each semester/term so that students may drop classes that their performance on an exam demonstrates are unnecessary and register for others. Details concerning the procedures and dates for this semester are given later in the Schedule of Special Examinations section. First semester/term students are permitted to take the First-Year Writing and Precollege Mathematics exams free of charge one time. All other attempts will be subject to a fee, payable at the Testing Center.

Challenge Examinations. Some challenge exams are offered through the Testing Center while others must be arranged through departments. There is a fee to take each examination. In addition, to satisfy the GE requirement, students must request academic credit in order to have a letter grade posted to the transcript and reflected in the grade point average. The procedure to take exams and request academic credit is described below.

Purchase of Credit. For examinations given at the Testing Center, go to the Testing Center on one of the scheduled examination dates (see current class schedule for examination dates), pay the required fee, and take the test. Upon successful completion of the exam, obtain a Class Credit Request Form from the Testing Center and have it validated there. (Students who pass the First-Year Writing exam must obtain this form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.) Take the validated form to the Records Office, B-150 ASB. The form *must* be submitted to the Records Office within *one year* after completing the exam.

When students who are enrolled in the course pass the exam, they must complete a Change of Registration Form and drop this course. Failure to officially drop the class before the university deadline will cause the grade given by the course instructor to appear on the transcript rather than the grade based upon the challenge exam performance.

For examinations not given in the Testing Center, contact the department that offers the course during the first two weeks of the semester/term, complete the Special Examination Form available there, and arrange a date to take the test. Go to the Cashiers' Office, D-155 ASB, pay the required fee, and have the form validated there. Present the validated form to the departmental examiner at the time of the test; have the grade and credit recorded on that form by the departmental examiner after the test has been taken and scored. Present the completed form to the Records Office, B-150 ASB. The form *must* be submitted within *one year* after completing the exam.

Transfer Credit

The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office, B-238 ASB. Consortium agreements have been reached with several junior and community colleges to facilitate the transfer process for students who have completed certain associate degrees. The Transfer Evaluation Office can be contacted for up-to-date information regarding the status of those agreements with a particular junior or community college.

Advanced Placement and International Baccalaureate Credit

The results of some advanced placement (AP) and International Baccalaureate (IB) exams may be used to waive certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. The Academic

Advisement Office, B-238 ASB, telephone (801) 378-3641, can be contacted for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

College Level Examination Program
BYU will grant credit for the College Level Examination Program (CLEP). For each general examination on which a student scores 610 or higher, the university will grant 3 hours of credit. Students can contact the Admissions Office, A-153 ASB, telephone (801) 378-2507, for additional information.

Schedule of Special Examinations

Examinations for some general education classes and the old university health requirement (Hlth 129) are offered at the Testing Center, 265 HGB, on the dates noted below. The Testing Center is open during the following times:

	Center Open	***Exams Collected***	***Center Vacated***
Mon–Fri	8:00 a.m.	9:00 p.m.	9:30 p.m.
Sat	9:00 a.m.	12:30 p.m.	1:00 p.m.

Note: You can retake an examination (except Hlth 129) only after seven days of further preparation and during the posted exam period.

Exemption Examinations: No Credit or Grade

Exemption examinations are given in the Testing Center for three GE requirements—First-Year Writing, Precollege Mathematics, and Physical Science 100—on the dates given below. Fees are required for the examinations. A passing grade on an examination means that your Advisement by Computer (ABC) Report will reflect the completion of the GE requirement. However, no academic credit will be posted on the transcript of grades unless it is requested by submitting the proper form to the Records Office (B-150 ASB, PO Box 21114).

All first-semester/term students may take the exemption examinations for First-Year Writing and Precollege Mathematics free of charge one time. The regular examination fee will be charged for additional examinations and any that are taken after the first semester/term of residence.

Precollege Mathematics (Mathematics 97)
January 9–January 25

Students who take the exemption examination for Mathematics 97 to meet the Precollege Mathematics requirement do not have the option of requesting academic credit since the course carries no credit.

First-Year Writing (English 115)
January 9–February 8

Note: Students wishing to take the exemption examination for First-Year Writing must contact the English Composition Office, 3110 JKHB, for specific details on the challenge process *before* taking the first examination in the Testing Center. After passing this first examination in the Testing Center, you will need to complete an essay examination and take three tests in the Harold B. Lee Library, as well as submit samples of your writing to the English Composition Office to be evaluated in conjunction with the examination. All parts of the challenge must be completed within the examination dates. Students who pass the exemption examination for First-Year Writing have the option of requesting academic credit and having the grade posted on the transcript of grades. (See the Challenge Examinations: Graded Credit section that follows for instructions regarding the procedure for requesting academic credit.)

The Reading-Writing Center, 1010 JKHB, is available to assist students who are preparing for the First-Year Writing exemption examination.

Physical Science (Physical Science 100)
January 9–February 8

Note: To receive an exemption from Physical Science 100, you must receive a grade of B– or better. However, students who receive grades of C– or above may request the academic grade and have the grade posted to their transcript. (See the Challenge Examinations: Graded Credit section that follows for instructions regarding the procedure for requesting academic credit.)

Health (Health 129)
January 9–January 25

An exemption examination is also allowed for the old university requirement Hlth 129. An exemption examination for the new requirement HE/PE 129 is under development and is not yet available.

You may take the examination one time only. Successfully passing it will complete the health requirement with a P grade worth 1 credit hour. The examination is offered each semester and term during the posted testing period.

Challenge Examinations: Graded Credit

Special examinations for graded credit are referred to as "challenge examinations" and must be arranged through the Testing Center or the department offering the examination. A $20 fee is required for challenge examinations offered through individual departments. A $10 fee is charged for examinations offered in the Testing Center. In addition to this fee, you must request academic credit by submitting the proper form to the Records Office (B-150 ASB, PO Box 21114).

Challenge examinations for three GE courses are offered on the dates listed below in the Testing Center. The tests are scheduled early in the semester/term to allow students to drop unneeded classes before the

official drop deadline, if necessary. You do not have to be enrolled in a course to challenge it for credit; however, if you are enrolled in a course that you successfully challenge by special examination for graded credit, you should drop the course and *must* do so before the official university drop deadline. For information on special examinations for First-Year Writing, consult the English Composition Office, 3110 JKHB.

Advanced Writing, Tests 1 and 2
January 9–February 8

Note: The Advanced Writing examination has three parts. The first part includes two tests given in the Testing Center. However, before taking these tests, you should contact the English Composition Office 3110 JKHB, for specific instructions. In parts two and three, several papers are required that must be initiated before the end of the examination period indicated above, and an additional $40 reading fee is required for these parts of the examination. All parts of the examination must be completed within a single semester or term. **You cannot challenge the Advanced Writing requirement in the semester in which you intend to graduate.**

American Heritage (American Heritage 100)
January 9–February 8

Biological Science (Biology 100)
January 9–January 25

The procedures for challenging general education courses are as follows:

I. For Examinations Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Go to the Testing Center on one of the scheduled examination dates.
      2. Pay the required fee at the Testing Center.
      3. On successful completion of the examination, obtain a Class Credit Request Form from Testing Services, 265 HGB, and have it validated there. Students who pass the First-Year Writing examination must obtain the Class Credit Request Form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.
      4. Present the completed form to the Records Office, B-150 ASB, PO Box 21114. The form must be submitted within one year after completing the examination.
   B. *If you are enrolled in the course when you pass its challenge exam*, you *must* also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

II. For Examinations *Not* Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Contact the department that offers the course during the first two weeks of the semester/term.
      2. Complete the Special Examination Form available from the department.
      3. Arrange to take the examination.
      4. Pay the required testing fee at the Cashiers' Office, D-155 ASB, and have the form validated there.
      5. Present the validated form to the departmental examiner.
      6. Have the grade and credit recorded on the form by the examiner and obtain the necessary signatures.
      7. Present the completed form to the Records Office, B-150 ASB, PO Box 21114. The form must be submitted within one year after completing the examination.
   B. *If enrolled in the course when you pass its challenge exam*, you must also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning general education is found in the current BYU Undergraduate Catalog. Sources of additional information include the following:

1. **College Advisement Centers.**
   The recommended source of information and advice about general education requirements is your college advisement center. These centers, together with the Open Major Advisement Center, 151 SWKT, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Computer terminals are available in the advisement centers and other locations on campus to provide you with an up-to-date report of your academic status. In addition, an Advisement-by Computer (ABC) Report is sent to you early each semester. These list the GE courses you have completed and also the GE requirements that remain to be completed.

2. **Dean of General and Honors Education.**
   Questions dealing with general education are handled in 350 MSRB, PO Box 22600, telephone (801) 378-3038.

General Education Courses

The official list of all courses that satisfy GE requirements for winter 1996 follows. In addition, a GE code appears within the class list in this class schedule. The codes identify all GE courses, both required and elective. Definitions of these codes are listed on the Class List Definitions on page 51.

NOTE: This list is subject to change each semester. Some classes listed here have approval on a trial basis and may be removed from the list at a later date. Please consult a current class schedule each semester/term to ensure that the class you take is still approved for GE. Some requirements can also be satisfied via AP or IB credit. Check with the Academic Advisement Office, B-238 ASB, telephone (801) 378-3641, for the current mapping of AP/IB exams to GE requirements.

Languages of Learning

Requirement	Ways to Satisfy Requirement		Comments or Advice
Precollege Math (One course, to be satisfied during freshman year)	ACT Math subscore of 22 or above, SAT Math subscore of 500 or above; no college credit is granted.	One course from Math 97, 110, 111, 112, 112H, 113, 113H, or 119	*Freshmen:* If your ACT Math subscore is 20–21 you should either enroll in Math 97 or take the challenge exam for it. If your score is below 20, enroll in Math 97. Students uncertain about their level of preparation should consult the Mathematics Department, 290 TMCB, telephone (801) 378-2061, before enrolling in classes higher than Math 97. **Note:** Math 97 gives no credit and requires an additional fee. *Transfer Students*: You may satisfy the requirement by (1) submitting your ACT Math subscore if it is 22 or above; (2) passing any of the BYU mathematics courses listed above; or (3) submitting transfer credit for an equivalent math course to Admissions and Records, A-153 ASB, PO Box 21110, telephone (801) 378-2507.
First-Year Writing (One course, to be completed during freshman year)	Engl 115, HonP 200, Phil 105, 105H		*Freshmen*: We **strongly** encourage you to take a First-Year Writing course even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education. *Transfer Students:* If you have not already completed this requirement and wish to challenge the course, you must do so during your first year at BYU. Consult the English Department, 3146 JKHB, (801) 378-3565, for details.
Advanced Writing (One course or course sequence)	Art 300, Chem 391, Engl 252, 311, 311H, 312, 313, 315, 315H, 316, MCom 320, 320H, Phil 311, HonP 300, Hist 200, PISc 200; Music 301 and 302 and 303 and 304; MFE 493R (three semesters); MET 493R (three semesters); EET 493 (three semesters)		Completion of the First-Year Writing requirement is a prerequisite for all Advanced Writing courses. Most, but not all, programs recommend completing this requirement in the junior year. Consult your college advisement center. **Note**: The Music, MFE, MET, EET, Hist, and PISc courses have approval on a trial basis to satisfy the Advanced Writing requirement.

Advanced Languages (Requirement to be satisfied either in mathematics, in one of three music tracks, or in a foreign language.)			
Mathematics (One course **beyond** Math 110 or Phil 205)		Math 112, 112H, 113, 113H or 119; Stat 221, 222, 222H, or 321; Phil 305	The math and statistics courses have Math 110 as a prerequisite; Phil 305 has Phil 205 as a prerequisite.
Music	*Option A*	Music 205	Music 205 is under development. It will have prerequisites. See Fine Arts and Communications Advisement Center for details. Recommended for non–music majors.
	Option B	Music 301	Music 301 has prerequisites. See university catalog for details. Recommended for music majors only.
	Option C	Music 300; Dance 300; and ThF 300.	These courses have prerequisites. See university catalog for details. Recommended for MDT majors only.
Foreign Language (Complete a culminating course in an approved language, or, for less commonly taught languages that have no culminating course, pass proficiency exam and then Anthr 420.)		**Approved culminating courses**: Afrik 202, Arab 301, ASL 301, Bulgn 202, 330, Cant 202,Chin 202, 301,Czech 202, 330, Dansh 202, 340, Dutch 202, 340, Finn 202, 340, Fren 202, 340, Germ 202, 330, Greek (Classical) 301, 302, Heb (Modern) 202, Heb (Biblical) 431, Hung 202, 330, Iclnd 202, 429, Ital 202, 340, Japan 202, 221, 301, Korea 202, 301, Latin 301, 302, Norwe 202, 340, Polsh 330, Port 202, 302, Russ 202, 330, Span 202, 302, SrbCr 202, 330, Swed 202, 340, Ukrai 202, 330 **Less commonly taught languages:** Aymara, Cakchiquel, Indonesian, Maori, Navajo, Persian/Farsi, Quechua, Rarotongan, Samoan, Tagalog, Tahitian, Thai, Tongan, Vietnamese, Welsh	*For languages with approved culminating courses*: The culminating courses are intended to allow the student to access major historical, intellectural, literary and artistic accomplishments of a foreign culture in its native language. Students entering with high school, college, or extensive prior experience with a foreign language may be able to enroll directly in a culminating course. Others will require more basic instruction in the language to achieve the level necessary to succeed in the culminating course. The Humanities Research Center, 3031 JKHB, (801) 378-5424, administers placement testing to determine the appropriate level at which students should begin their course work. Grammar or conversation courses will not substitute for a culminating course. *For less commonly taught languages*: Students independently prepare themselves to take a proficiency exam administered by the Humanities Research Center. Following completion of the exam, students enroll in Anthr 420, where they work with cultural anthropology and linguistics faculty and conduct, in their language of choice, an ethnographic interview project. After successful completion of the proficiency exam and the foreign language section of Anthr 420, students are responsible for petitioning to have the foreign language credit posted to their transcripts. Contact the Humanities Research Center, 3060 JKHB, for additional information. *Nonnative speakers of English:* These students may fulfill the requirement through Engl 230, 232, or Hum 261. However, they are encouraged to fulfill the requirement by completing work in a language other than English or their native tongue.

Art 100 must be taken prior to or concurrently with the studio course. Once both classes have been completed, the student is responsible for having the Arts and Letters credit posted to the transcript.

Enrollment in an ensemble course **before** concurrent enrollment in Music 200 will not count toward filling the elective requirement. You will be responsible for having the Arts and Letters credit posted to your transcript after completing the combination. This can be accomplished at your college advisement center. Music majors will not receive elective credit for Music 200 or the ensemble courses.

University Honors for Undergraduates

University Honors at Graduation
University Honors" is a distinction awarded to all graduates of BYU who have met the Honors requirements in General Education as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. All Honors classes taken and the Honors thesis title also appear on the transcript.

University Honors with Honors in a Major
Certain departments have established Honors majors that build on the foundation of the Honors requirements in General Education. Students majoring in these departments who meet the requirements for graduation with University Honors have the additional option of meeting the requirements of the Honors major and graduating with "Honors in [a certain major]." Thus, you may graduate with "University Honors and Honors in Chemistry," for example. (Note, however, that it is not possible to graduate with Honors in chemistry unless one also satisfies the requirement for graduation with University Honors as well.) For the name of the Honors advisor in a certain department, consult the University Honors Program Course Guide or contact the departmental office. Honors majors can be completed in art history, chemistry, communications, comparative literature, economics, electrical engineering, English, French, geology, German, history, humanities, Italian, mathematics, mechanical engineering, microbiology, molecular biology, music, philosophy, physics, Portuguese, Russian, Spanish, statistics, studio art, and zoology.

Participation in Honors
Honors Education provides an unusually rich and challenging experience for capable and motivated students. Honors Education is not merely a more intensive General Education or a more strenuous program in a major. Rather, it attempts to link the broad university perspective with the specific concentration associated with a major. Students who pursue Honors Education at Brigham Young University will be offered the challenge of Honors courses that form a part of their General Education, as well as an intensive experience in their major.

To graduate from BYU you must meet not only the requirements of a major department but also the requirements of General Education, religion, and physical education. Most students complete the nonmajor requirements through courses in the general university curriculum. Capable and motivated students are invited to satisfy General Education and Religious Education requirements through Honors. Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are still invited to participate in the Honors curriculum to whatever extent they choose.

Honors Education is open to all capable and motivated students and only requires a formal commitment of intent (1) to graduate with University Honors, (2) to register for at least one Honors course each semester of the first two years in the program, and (3) to maintain a 3.5 GPA. Commitment forms may be obtained in 350 MSRB.

Indicators of "capable" include a composite ACT score of 28 or above, a high school GPA of 3.8 or above, or a university GPA of 3.5 or above. Defining "motivated" is more difficult. It would be a mistake to recommend Honors courses only to those students with high scores, either GPA or ACT, since it is difficult to gauge ability from scores alone. Such scores may not say much about such important inner qualities as determination, discipline, and initiative or about recent achievements that may contrast with earlier performance. All students are invited to consider Honors as a way to achieve the kind of academic experiences they seek. You may register for Honors courses at any time during your undergraduate years without necessarily intending to complete all the Honors graduation requirements.

The Advantages of Honors

Faculty
The most important advantage of enrolling in Honors is the opportunity to participate in demanding, high-quality courses taught by some of the university's best professors. In addition, Honors provides a stimulating learning environment outside formal course settings.

Curriculum
Honors offers a curriculum core consisting of a two-semester sequence in History of Civilization and an intensive writing course. Beyond this core, Honors colloquia, seminars, and departmental Honors courses provide a variety of experiences for Honors students in the historical development of ideas, cultures, arts, letters, and the sciences; these offerings are discussed more fully below.

Honors Colloquia. Each semester, Honors sponsors several Honors colloquia that bring together teams of the university's most respected professors from diverse disciplines to teach a variety of broadly based subjects. The colloquia are interdisciplinary in nature and taught by at least two and often three professors from different fields. These courses allow a unique flexibility in method and content and stress the complementary nature of various disciplines in dealing with our cultural heritage and modern problems. Recent colloquia include "Turning Points in the History of Civilization," "The Pen and the Sword," "The Daedalus Project," "Texts of Influence on the Jewish and Christian Religious Heritages," "Shaping the Modern Mind," "Writing and Painting American Landscape," "Women's Wellness," and "Jerusalem: Past, Present, and Future."

The particular subjects and faculty differ across colloquia. Some provide an integrated approach. Others are intended primarily for students majoring in particular disciplines. All of the colloquia, however, are centered on intensive reading, discussion in large and small groups, and careful writing. Each colloquium involves a group of approximately fifty students and two or three faculty and offers an educational experience unlike that in any other class offered at the university.

Honors Seminars. A number of Honors seminars are also offered each semester. They range across subjects as diverse as "Women's Issues in the Natural Sciences," "Health and Disease in History," "The Literature of Pilgrimage," and "Bioethics." The seminars are centered within a discipline, but they are intended to be accessible to students who are not majors in that discipline. Like the colloquia, the seminars require critical reading, thinking, writing, and discussion. But unlike the colloquia, the seminars are more specialized, are directed by a single professor, and are usually limited in enrollment to twenty students.

Departmental Honors Sections. Departments within the university offer courses intended for Honors students that are taught by their strongest faculty. Departmental Honors sections of GE courses are usually smaller than regular courses and provide greater occasion for classroom discussion and additional reading and writing under the supervision of the professor. In addition, if the department offers an Honors major, some courses in that major may be structured specifically for the Honors student. These courses would go beyond the limits of the traditional major and would stress critical and analytical thinking and writing in the form appropriate to the subject of the major.

Honors Housing, the Honors Center, and Special Honors Activities

Students in Honors benefit most directly from their association with fellow Honors students and with Honors faculty. To encourage this interaction among students outside the classroom, special on-campus housing for Honors students (in Helaman Halls, Deseret Towers, and Heritage Halls) is available. Honors housing is intended to provide a quieter hall conducive to study and intellectual discussion by like-minded students. In addition, Honors students also have a center in the Karl G. Maeser Memorial Building, which provides them with a quiet study hall, a commons room for informal meetings and discussion, an advisement center, and classrooms. There is also a computer lab in 1160 TMCB that is available to students committed to graduating with honors.

Honors publishes the scholarly work of students in *Insight,* an intellectual journal with an all-student staff. A special series of concerts, dramatic productions, and exhibitions of art and photography are sponsored by Honors in the Maeser Building, and assistance with academic advisement is provided by Honors student aides.

Scheme 1
(For students who entered the university fall 1994 or thereafter)

1. Commit to graduate with University Honors.
2. Take the required Honors courses:
   a. Two Honors sections of religion courses
   b. Two Honors History of Civilization courses
   c. HonP 200 (or its equivalent)
   d. Three Honors elective courses
   e. Two semesters of foreign language study (the same foreign language)
   f. Math 112 or equivalent
3. Meet with an Honors Program representative for advisement at least once each year.
4. Before the junior year, complete and submit a "Great Works Contract" to the Honors Program (350 MSRB).
5. During the junior year, demonstrate familiarity with the "Great Works Contract" by turning in a portfolio of one-page responses to the works on it. Forms for responses are provided at 350 MSRB.
6. Preferably during the junior year, it is recommended that students take two sections of HonP 214R covering works or topics not in your major. Under the direction of the several instructors of those sections, write a one-page response to each work covered. Have these responses approved by the appropriate instructors and include them in your portfolio.
7. During the junior year, submit a thesis proposal to the Honors Program (350 MSRB). Please pay special attention to the deadlines listed below so you do not run out of time. **Many theses require more time than that between the deadline for proposals and the deadline for thesis submissions.** For more information about your thesis proposal, see the handout "Instructions for the Thesis Proposal," which may be obtained from 350 MSRB.
8. During the senior year, turn in your portfolio, containing (1) samples of your writing from each year of your university career, (2) your responses to the works on your "Great Works Contract," (3) your responses to the Honors modules in the two sections of HonP 214R, and (4) a one-page description of your ongoing service at BYU. You who have served a full-time mission should include it as part of your service, but your description of your service should show that serving others was part of your life before your mission and continues after it.
9. Submit one copy of your *finished* thesis to the Honors Program by the deadline below.

Thesis Deadlines*

For graduation in:	Apr	Aug	Dec
Thesis proposal approved	Sep 1	Mar 1	May 1
One copy of thesis submitted to Honors Program	Jan 15	May 15	Sep 1
Thesis defense scheduled	Feb 1	Jun 1	Oct 1
Exit interview completed; portfolio submitted	Mar 1	Jul 1	Nov 1
Four perfect copies of thesis on bond paper submitted to Honors Program for binding	Apr 1	Aug 1	Dec 1

***These date are deadlines, but most students will need to have their thesis proposal approved considerably before the deadline, preferably more than two semesters before defending the thesis.** Thus, those graduating in April should usually have their thesis approved no later than the previous April. In general, theses require one semester for research and a second for writing, so most students should plan to begin their research during their junior year.

10. When you submit your thesis, check with the Honors Program to find out the dean or Maeser General Education professor who has been assigned to chair your thesis defense committee. For more about the thesis defense, see the handout "The Honors Thesis Defense," available in 350 MSRB.
11. Have your advisor verify to the Honors Program that you are ready to defend your thesis by having your advisor sign the "Honors Thesis Submission Form." You may not schedule your defense until your advisor verifies that you are ready to defend.
12. At least two weeks beforehand, schedule your thesis defense with the assigned examination committee chair from Honors and the other members of the examination committee. To do this, contact each committee member to decide a mutually agreeable date, time, and location for the interview. As a courtesy, you should also invite your department or program chair to attend. Schedule this interview so that it will be completed by the deadlines below. For your advisor's and referee's convenience, please try to schedule your thesis defense in your major department's conference room. If nothing else is available, telephone 378-6137 and reserve the Honors conference room (305 MSRB). Inform everyone involved to allow at least 1.5 hours for the thesis defense.
13. At least two weeks before your thesis defense, submit a copy of your finished thesis to the members of your thesis defense committee (i.e., your thesis advisor and faculty referee).
14. After the defense and by the deadline below, complete any required corrections and submit four copies of your finished thesis on bond paper for binding. Please be sure that you obtain the signatures of the advisor on all title pages *before* submitting the final copies for binding. It usually takes one month to have theses bound. Leave your forwarding address so we can mail you a copy of your thesis when it arrives.

Scheme 2
(For students who entered before fall 1994)

1. Commit to graduate with University Honors.
2. Take the required Honors courses:
   a. Two Honors History of Civilization courses
   b. HonP 200 (or its equivalent)
   c. Three Honors elective courses

Great Works of Literature, Art, and Film

As part of their undergraduate work, Honors students are expected to complete an independent study of a number of the most important works of literature and the other arts. A reading, listening, and viewing guide provides suggestions, but alternative works may also meet the requirement subject to approval by the Honors deans.

The purpose of the "Great Works" list is to help you begin to appreciate the breadth as well as depth of true education. Completion of this requirement should give you a start on the continued reading and thinking that is part of being educated. You should be familiar with:

1. Ten or more works of literature, philosophy, social science, and science. These must include:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
   d. Two scientific or mathematical texts
   e. One social science text (such as a book about history, economics, or political science)
2. Ten works of art, including:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
3. Ten musical works:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
4. Five films (including one silent and two foreign)

"Great Works Contracts" must be approved by an Honors dean before your junior year. You are expected to demonstrate familiarity with the works on your "Great Works Contract" by turning in a portfolio of one-page responses to the works during your junior year. More information and the "Great Works" list are available in 350 MSRB.

Many of the works will likely be studied in connection with courses, but Honors also sponsors a series of "modules" each semester. Each module is devoted to discussion and analysis of a selected work from the list. The modules are led by professors who are authorities on the subject.

The modules may be audited. However, 1credit hour may be earned by attending three months of modules and by registering for HonP 214R, section 1 for

literature and section 2 for music. (No General Education credit is awarded for this course.)

Honors Thesis/Capstone Experience
To graduate with University Honors, you must complete an Honors thesis/capstone project. This requirement provides an opportunity for you to work closely with a faculty member on a project of your choosing in the major. The thesis/capstone project represents an independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.

Honors Student Portfolio
The portfolio represents primarily a collection of your best work throughout your tenure as an undergraduate student. However, the portfolio is not a scrapbook; it contains *samples* of your best writing, which may include class papers, exams, laboratory reports, musical compositions, paintings, designs of equipment, articles submitted for publication, etc. Depending on your major, the portfolio may contain other appropriate evidences of academic progress or achievement (e.g., artwork). When submitted for examination at the junior year exit interview, the portfolio should contain, but is not limited to:

1. A one-page outline or summary, semester by semester, of the major highlights and achievements of your undergraduate experience.
2. A one-page evaluation or assessment of your most memorable service experience while a student at BYU. Why or how was this experience formative for you? How do you plan to serve the larger community once you have left the university?
3. A current transcript.
4. A list of three faculty members who know you and your work.
5. A *representative collection* of your best academic work that reflects your educational progression throughout the undergraduate years. In this collection, some correlation with item 1 is looked for.

Honors and Grades
Anyone may register for Honors classes, but the classes are taught at the level of the superior student. Statistics indicate that capable and diligent students do very well in Honors classes. In fact, on the average, they receive slightly higher grades in their Honors classes than in their other classes in any given semester. Honors courses are not graded on a curve. Because the classes are more demanding and fulfilling, most students are motivated to perform well.

Honors Courses
The University Honors Program Course Guide contains a complete list of Honors courses and detailed course descriptions. It is an essential supplement to this catalog and the current class schedule. To obtain the course guide or further information about any part of the Honors Program, contact the General and Honors Education Office.

Graduate Education

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires you to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require you to integrate and understand the collective knowledge of your discipline. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study
Application to graduate study is made through the Office of Graduate Studies, B-356 ASB, PO Box 21339. Except in a small number of integrated programs, the bachelor's degree is required before you may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants must be admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. Prospective applicants should communicate their interests to the specific departments to which they wish to apply and receive program and admission information from them.

Advisement of Graduate Students
Once admitted to a department graduate program, you are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. General questions about university admissions, procedures, and graduation may be directed to the Office of Graduate Studies, where advisors work individually with students and departments in admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements
University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's study list. Except in professional programs, courses of study are tailored for individual students, and their progress through those courses is tracked by the Office of Graduate Studies and reported to the students and their department advisors three times a year.

Graduate Curriculum
Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements
Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs in the sciences limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, UW, NS, or I grades, nor audits or correspondence courses, may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours and receive clearance from International Services, 350 SWKT.

Academic Standards
Grade Point Average (GPA) Requirements. Graduate students whose graduate program (study list) GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students. Departments are asked to make a formal evaluation of the performance of graduate students at least once a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic

performance, their fulfillment of program requirements (study list submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification
Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, PO Box 21114, telephone (801) 378-2631. Registration for a minimum of 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to the Office of Graduate Studies.

Campus Privileges for Graduate Students
Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels
With department approval, students who want to change from one degree level to another within a department and without interruption of enrollment can request the change by submitting to the Office of Graduate Studies a Request to Change Degree Level (Form 1C), paying the application fee, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, the Office of Graduate Studies will officially notify you.

Changing Departments
To change departments, you must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU
Graduate students who wish to withdraw from the university must initiate that process at the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.

Termination of Graduate Status
Termination of graduate status may result if you:

1. Fail to fulfill the university's minimum registration requirement.
2. Fail to meet the degree time limit.
3. Make a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receive a Marginal or Unsatisfactory rating in a periodic review by the academic department and are unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fail to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fail the departmental comprehensive examination.
7. Fail the final oral examination (defense of dissertation, thesis, or project).
8. Violate the university's Honor Code.

University Assemblies

University Devotionals, Firesides, and Forums

University devotionals and forums, held throughout the year on Tuesdays at 11:00 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers are selected from the General Authorities and other leaders of the Church and the university, who come to teach the gospel and affirm the spiritual dimension of the university experience for students and faculty. An additional opportunity is provided, by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government, chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the discussion sessions that may accompany them) prompts inquiry into an understanding of significant intellectual, cultural, and social issues.

Most campus offices and services are closed during university assemblies so that members of the university community may participate.

Academic Standards

Your academic standing in the university is determined according to the grades that you earn. The following outline shows the conditions and expectations according to your academic standing.

ACADEMIC STATUS	UNDER THESE CONDITIONS	EXPECTATIONS
Satisfactory Standing	Occurs when your most recent semester/term GPA and your BYU cumulative GPA are 2.0 or above.	Continue to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
WARNING	Occurs when your most recent semester/term GPA is below 2.0.	Contact the Academic Support Office for assistance.
WARNING *with* Registration Block	Occurs when your BYU cumulative GPA is below 2.0 and you have completed more than one semester/ term at BYU. OR Occurs when your semester/term GPA is below 1.0.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office.
PROBATION *with* Registration Block	Occurs when you have been on warning status and your next semester/term GPA is below 2.0. OR Occurs if at any previous time you have been on probation or suspension status at BYU and your semester/term GPA again is below 2.0. OR Occurs if your BYU cumulative GPA remains below 2.0 and you have been moved to probation status.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office. **Note:** If you are receiving university or federal financial aid, you must also contact the Financial Aid Office (A-41 ASB). Students on probation usually are not eligible for financial aid.
SUSPENSION	Occurs when you have been on probation status and your next semester/term GPA is below 2.0. OR Occurs when you fail to comply with the conditions prescribed by the Academic Support Office.	1. Suspended students are denied continued enrollment. If you are suspended and desire to return to BYU at some future point, you must qualify for readmission. If you wish to appeal your suspension, you must contact the Academic Support Office (151 SWKT). 2. If you have preregistered and/or paid any fees for a subsequent semester/term, you **MUST** withdraw (discontinue) and arrange for a tuition refund. Contact the Academic Support Office (151 SWKT) for assistance. 3. Suspension will be noted on your official BYU transcript.
DISMISSAL	Occurs when you are suspended a second time from the university.	Academic dismissal is noted on your official BYU transcript. You will need to seek other options to continue formal education.

NOTE: Registration blocks may also be set by college advisement centers (CACs) on students not progressing toward graduation in timely ways. To have this block removed you must also meet with your CAC.

Brigham Young University Honor Code

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.

—THIRTEENTH ARTICLE OF FAITH

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. This atmosphere is preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University are expected to demonstrate in daily living, on and off campus, those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse.
And will support others in their commitment to comply with the BYU Honor Code.

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty of BYU represent the principles and standards of the Church. These members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth.*

- Clothing should be modest in fabric, fit, and style, and appropriate for the occasion. Skirts and shorts should be knee-length or lower. Clothing which is sleeveless, strapless, or revealing is not acceptable. Shoes should be worn in public campus areas.
- A clean and well-cared-for appearance should be maintained. Hairstyles should be clean and neat, avoiding extreme styles. Men's hair should be trimmed above the collar, leaving the ear uncovered. If worn, mustaches should be neatly trimmed. Earrings for men are unacceptable, and beards are not acceptable, except for certified medical reasons.

Continuing Ecclesiastical Endorsement

Every enrolled, continuing student, including graduate students, is required each year to obtain a Continuing Ecclesiastical Endorsement by April 1 from his or her winter semester ecclesiastical leader. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from a local ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT, telephone (801) 378-2731. A $20 late fee is assessed for endorsements dated after April 1.

Requirements

All students must abide, both on and off campus, by the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church, on and off campus.

Nondiscrimination Policy

Admission to Brigham Young University is nondiscriminatory. The university admits persons regardless of race, color, national origin, religion, age, gender, or disability who meet university and academic requirements and agree to abide by the university's standards of conduct and behavior. Persons who believe they have been the object of unlawful discrimination should contact the Equal Opportunity Office, A-285 ASB, PO Box 21220, telephone (801) 378-6878.

BRIGHAM YOUNG UNIVERSITY

INTERVIEWING OFFICER'S ENDORSEMENT

Instructions to Bishop / Interviewing Officer:

1. **Please have students complete their paragraph of commitment prior to the endorsement interview.**
2. By April 1 of each year, each continuing student is required to obtain a Continuing Ecclesiastical Endorsement from his or her **winter semester bishop**. (Non-LDS students see explanation under CEE, above.)
3. The endorsement interview should be a private, detailed interview to ensure that the student is worthy to attend the university. The interviewer should confirm that the student has resolved past issues, if any, and is currently committed to live the BYU Honor Code, and abide by Dress and Grooming and Residential Living Standards. LDS students must fultill the requirement to do his or her duty in the Church (see reverse side).
4. An LDS student may be endorsed **only** by the bishop of his or her ward ot residence during winter semester. **A bishop should not endorse anyone who does not reside in his ward winter semester. To do so may cause the student unnecessary difficulties.**

I have thoroughly interviewed this student with respect to living the BYU Honor Code and Dress and Grooming and Residential Living Standards; and, for LDS students, with respect to doing his or her duty in The Church of Jesus Christ of Latter-day Saints.

☐ I DO ENDORSE him or her for continuing enrollment at Brigham Young University

☐ I DO NOT ENDORSE him or her for continuing enrollment at Brigham Young University.

☐ *Please check if the student is currently excommunicated or disfellowshipped or has requested that his or her name be removed from the records of the LDS church or has formally joined another church.*

BRIGHAM YOUNG UNIVERSITY

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men . . . if there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.

— Thirteenth Article of Faith

BRIGHAM YOUNG UNIVERSITY HONOR CODE

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. That atmosphere is preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University are expected to demonstrate in daily living, on and off campus, those moral virtues encompassed in the Gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse
And will support others in their commitment to comply with the BYU Honor Code

---

BRIGHAM YOUNG UNIVERSITY DRESS AND GROOMING STANDARDS

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity through which students, staff, and faculty of BYU represent the principles and standards of the Church. Specific standards are found in the *University Catalog*, each semester's *Class Schedule* and the Church publication *For the Strength of Youth*.

BRIGHAM YOUNG UNIVERSITY STUDENT COMMITMENT

All Students: I abide by the BYU Honor Code and Dress and Grooming and Residential Living Standards, on and off campus, and will continue to do so.

LDS Students: I do my duty in The Church of Jesus Christ of Latter-day Saints, attend my meetings, and abide by the rules and standards of the Church, on and off campus, and will continue to do so.

In the space below explain in a paragraph what the above statement of commitment to the BYU Honor Code and Dress and Grooming and Residential Living Standards means in your personal life and in your commitment to others. **Complete your paragraph commitment statement prior to your endorsement interview with your bishop.**

☐ Please check if you are currently excommunicated or disfellowshipped or you have requested that your name be removed from the records of the LDS Church or you have formally joined another church.

University Policies

Confidentiality of Records Policy
The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when non-directory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes the following:

Student's name
Home and local addresses and telephone numbers
Date and place of birth
Major field of study
Information relative to participation in officially recognized activities (e.g., sports) including weight and height
Dates of attendance
Degrees and awards received
Previous educational institutions attended
Names of parents and spouse

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, PO Box 21114, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates
At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–31.9	Freshman
32–63.9	Sophomore
64–95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

Class Attendance Policy
You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes
To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

You may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the BYU Undergraduate Catalog).
2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade
The letter grade I (incomplete) is given on a contractual basis with the instructor to students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term. The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB, PO Box 21114.

An incomplete is computed in the grade point average as a failing grade until the course work has been completed and the official grade has been submitted by the instructor.

Grade Reports
Grade reports are available at no charge for all day and evening school students after the semester ha concluded. Grade reports will be mailed to student who leave self-addressed, stamped envelopes containing their social security number at the Records Office.

Changing College or Major
Undergraduate students who desire to transfer fro one major to another, or from one college to another, should go to the advisement center of the new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with the Office of Graduate Studies for information and necessary forms.

Discontinuance from BYU
A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The nonacademic emergency deadline, April 3, is the last day a student can discontinue.

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individua instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 120 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

Final Examination Policy Winter Semester 1996

Final examinations will be given at the times shown in the schedule (opposite page). Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the semester's work. The reading and the examination periods are firmly scheduled parts of the semester; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement.

Second block class examinations will be given at the time shown in the schedule. First block examinations will be given during the last regular class period. In cases where you have conflicting examinations or *more than* three examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Examinations will be held April 19, 20, 22, 23, and 24, with reading days April 17 and 18. Therefore, Tuesday, April 16, 1996, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, PO Box 21114, telephone (801) 378-6557. For evening classes, contact the Evening Classes Office, 120 HCEB, PO Box 21513, telephone (801) 378-2872.

All section 400 classes beginning at 4:00 p.m. or later ***must*** follow the evening exam schedule to avoid day class conflicts. (If the class begins before 4:00 p.m., use the day class schedule.)

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour**. For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

Academic Advisement for Undergraduates

Where do you go for academic advisement?
If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. They will be closed for devotionals on Tuesdays from 11:00 a.m. to noon. Write, visit, or call the advisement center of your choice:

Free Application for Federal Student Aid (FAFSA): You must also complete the FAFSA or the Renewal Application if you apply for any of the following: Federal Pell Grant, Subsidized Federal Stafford Loan, Unsubsidized Federal Stafford Loan, need-based scholarships, and many private scholarships.

Verification: If you are selected for verification, additional forms are required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Returned Missionaries: If you served a portion of your mission in 1994 or 1995, additional forms will be required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Electronic Funds Transfer (EFT): If you request a Stafford or PLUS Loan, the Touch-tone system will ask whether you authorize your lender to electronically transmit your loan funds to your BYU student account by EFT.

Mailing Address: The Financial Aid Office will mail correspondence to the mailing address on record in the BYU Registration Office. The Scholarship Office will use your permanent address. To update either address, call (801) 378-2824.

Scholarship Information: To apply for need-based and specific private scholarships, refer to the BYU 1996–97 Financial Aid and Scholarship Bulletin for detailed information and application instructions. New beginning students should apply for academic scholarships on the Application for Admission. When you apply for scholarships by telephone, you authorize the university to release your transcript to appropriate personnel, including scholarship donors.

Registration Requirements

1. Admission

You are eligible to register for spring term 1996 if you registered for and completed regular day school classes during winter semester 1996 or if you have been issued a valid letter of admission for spring term 1996 by the Admissions Office.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

2. Continuing Ecclesiastical Endorsement Required by April 1, 1996

Every enrolled, continuing student, including graduate students, who anticipates registering for any BYU credit after summer term 1996 is required to obtain a new Continuing Ecclesiastical Endorsement by April 1, 1996. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from a local ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT, telephone (801) 378-2731. A $20 late fee is assessed for endorsements dated after April 1. Registration is denied for fall semester or thereafter without a continuing endorsement.

Endorsement forms are available in the winter semester class schedule, at campus information desks, at college advisement centers, from bishops of BYU wards, and from the Honor Code Office.

All students must abide, both on and off campus, by the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church, on and off campus.

An individual who has disaffiliated or been excommunicated or disfellowshipped from The Church of Jesus Christ of Latter-day Saints is not eligible for enrollment at Brigham Young University until she or he is once again in good standing in the Church. If a current student disaffiliates or is excommunicated or disfellowshipped from the Church, the Ecclesiastical Endorsement is immediately withdrawn, and the student is discontinued. Every student must have a current Ecclesiastical Endorsement for continued enrollment.

3. Health Insurance Requirement Spring Term

BYU requires all full-time students (those taking 4.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by April 24, 1996, will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance fee payment is due by the tuition payment deadline.

Registration Procedures

Registration for summer term is not managed on a priority registration basis Any student admitted to the university may register beginning on the first registration day, February 1.

TO REGISTER BEFORE SCHOOL BEGINS

STEP 1: PLAN YOUR SCHEDULE

Use the Registration Work Sheet to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days**. Consult the Class List beginning on page 17. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

STEP 2: REGISTER BY TOUCH-TONE TELEPHONE OR AIM

Register: February 1–June 23
Register using a Touch-tone telephone or an AIM terminal.

Late Registration: June 17–July 1
After June 14, a $25 late fee and full tuition must be paid before the telephone system will be made available for late registration. You may late register by telephone until June 23. Beginning the first day of class, June 24, you should use the telephone or a signed add/drop card to late register.

If all sections of the course you want are full, and you must have the course this semester, use the raincheck option to be placed on the department list of students unable to enroll (see Touch-Tone instructions on page 2 or raincheck option on AIM). Continue to monitor the course by phone or by AIM in case students drop. **A raincheck will not guarantee that you will be able to register for the class.**

Once you register you are officially enrolled and committed to attend class. If you decide not to be a student, you must discontinue **before the day school begins** to avoid being charge tuition. (See Touch-tone Telephone Instructions [79*964#] on page 2 for instructions on how to discontinue prior to the first class day. Once school begins, contact the Discontinuance Office, B-150 ASB, telephone [801] 378-7705. Refer to the following page for further information about discontinuance.)

Academic Information Management (AIM) is a computer aid available to you at the following locations across campus: all college advisement centers, Heritage Halls Central Building lobby, Wymount Terrace computer lab, Cannon Center central lobby, Morris Center computer lab, ELWC Information Desk, ELWC Word Center computer lab, and the ASB, HBLL, CB, TNRB, TMCB, CTB, SFLC, and SWKT. You can do the following things at these terminals:

- Register for classes
- Access class schedule
- Determine course availability and instructor schedules
- Change address/phone number
- Monitor GE and major progress report (ABC)
- Look at grades and BYU credit
- Make PIN changes

Holds That May Block Your Registration
College Advisement Center (CAC) Hold

If you have a CAC hold, it will be indicated after the number of completed hours on the Registration Notice. The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with CAC holds include: (1) seniors on academic probation, (2) seniors who have not declared a major, (3) seniors with 150 or more semester hours of credit who have not applied for graduation, and (4) seniors who have fulfilled all graduation requirements but have postponed graduation. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Check with the appropriate office according to your hold:

STEP 3: PAY TUITION

It is important that your mailing address be updated at the Registration Office, B-130 ASB, PO Box 21112, Provo, UT 84602-1112, telephone (801) 378-2824. Please call the Registration Office if you need to do so. A list of classes and a Tuition Billing Statement will be mailed to you in May if you have registered for at least one class.

Tuition Payment Deadline June 14, 1996 (to avoid late fees)
The Tuition Billing Statement will be mailed to all students who are registered for at least one class by June 7. **Tuition assessment on the billing is based on anticipated full-time enrollment of 4.5 credit hours or more for the term.** The Federal Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 6 credit hours. If your grant eligibility, loan, or scholarship is for less than the tuition due, you must pay the difference by the deadline to avoid a late fee. **If you are a part-time student, adjust the statement and pay only for the hours you expect to take.** (See Tuition and Fees section for more information).

If you register after June 7 or if for some reason you do not receive a billing statement, it will be your responsibility to pay tuition by the deadline. A check or money order to cover the amount of tuition due should be mailed to the Cashiers' Office, D-148 ASB, PO Box 21128, Provo, UT 84602-1128. A drop box is provided in D-148 ASB for all students on campus. Do not use campus mail.

Important notice: If you fail to meet the tuition deadline, you will be assessed a $25 late fee. You will be assessed a late tuition fee if you pay less than full-time tuition by June 14 and are then enrolled or later become enrolled for more than 4 credit hours. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed.

DISCONTINUANCE (Dropping All Classes for the Semester or Term)

WHAT TO DO BEFORE CLASSES BEGIN
Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this semester, you must discontinue or drop all your classes before the day school begins to avoid tuition charges. If you do not drop your classes, they will remain on your record and **you will be charged tuition.** Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions (79*963#) in this class schedule) until midnight of the day before classes begin.

WHAT TO DO AFTER CLASSES BEGIN
On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. Tuition will be charged starting the first day of class to the date of discontinuance at the percentage rate listed in the Tuition and Fees section.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office.

TO REGISTER OR MAKE CLASS CHANGES AFTER SCHOOL BEGINS

Add/Drop cards may be obtained beginning the first day of class from the Smith Family Living Center (SFLC), college advisement centers, and the Registration Office. The card must be returned to the SFLC step-down area between 8:00 a.m. and 5:00 p.m. during the first six class days.

ADDING: May 1–8

You may add classes the first six days of a term. During this time some classes may be added using the Touch-tone telephone or AIM systems. All other classes require an add card with the instructor's signature. This class schedule indicates telephone/AIM registration with a **T** and an add card needing the instructor's signature with an **S**. If you wish to audit a class, see the following page.

DROPPING: May 1–2

All drops can be done using the Touch-tone telephone or AIM terminals the first two days of the term. There is no drop fee during these two days.

May 3–8 (without a W)
All drops must be done on an add/drop card. No instructor's signature is required to drop a class **Drop fees begin the third class day (May 3) at $3 per class and increase $1 each day until the total reaches a maximum of $6 per class on the sixth class day (May 8).**

May 9–17 (with a W)
All drops must be done on an add/drop card. Students will be charged $6 per class and will receive a W (official withdrawal) on their transcript. Drop cards must be submitted to the Registration Office, B-130 ASB, PO Box 21114.

Additional Registration Information

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a term). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official records, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students.

Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the second, third, and eighth weeks, include the names of all students currently registered for that class

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 or fewer hours during a term are considered part-time. Students enrolled in 4 or fewer credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours. Graduate students should refer to the Graduate Education section of this class schedule. Contact the Records Office, B-150 ASB, for enrollment verification.

Evening Classes

Daytime students taking evening classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

Independent Study Programs

Independent Study can bring many university courses to your home. You may register for courses any time during the year and take up to a year to finish each course. Tuition is $75 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase, "Offered by Independent Study." For further information and a free catalog, contact the Independent Study Office, 206 HCEB, PO Box 21514 or telephone (801) 378-2868.

Note: Independent Study courses do not apply toward a **BYU graduate** degree

Help for New Students

Organize Your Registration Materials

BYU Undergraduate Catalog or BYU Graduate Studies Catalog
The BYU Undergraduate Catalog includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Catalog describes graduate courses and programs. Both catalogs can be purchased at the BYU Bookstore for $5.00 each. To receive either of these catalogs by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. Catalogs mailed second class cost $6.50 each (subject to change), and those mailed first class cost $10.00 each. These prices include postage and handling. VISA, MasterCard, check, or money order is accepted in payment.

Class Schedule
The spring/summer 1996 class schedule includes registration instructions, information to assist in selecting classes, and a list of classes by department. New students are mailed a current class schedule after admission. Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. The cost, which includes first-class postage and handling, is $4.00. VISA, MasterCard, check, or money order is accepted in payment.

Registration Work Sheet
This work sheet is found on page 2 of this class schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

List of Required Classes
To obtain a list of classes needed to meet university and major requirements, undergraduates can refer to the BYU Undergraduate Catalog, contact their advisement center, or refer to the General Education for Undergraduates section of this class schedule. Graduate students can refer to the BYU Graduate Catalog, their academic department, or their advisor.

Student Development Elective Courses
Elective credit classes designed to assist new students in their career, academic, and personal progress are available through Student Development course work. Classes are listed under Student Development (StDev) in the class list.

Questions/Answers for New Undergraduate Students

What is a credit hour?
A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

What is General Education (GE) for undergraduates?
The General Education Program for undergraduates at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

What is a major?
A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called "open major."

How do I request classes?
Students request classes using either a Touch-tone telephone or Academic Information Management (AIM). You should complete the Touch-tone Telephone Instructions and have alternate sections available so that you can submit additional requests by phone if the class is full. AIM can be accessed at a variety of locations around campus. Look for the AIM posters or contact your advisement center for more information.

Which classes should I select?
A guide for selecting classes follows.

Selecting Classes—Freshman Year

Use the registration work sheet on page 2 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl 115). You may be able to take it the next semester.

1. Select one religion class:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 122	Book of Mormon	2

2. Select an appropriate English and math* class based on your preparation:

Course	Title	Credit Hours
Engl 115	College Writing and Reading	3
HonP 200	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 97*	Intermediate Algebra (ACT math score 18–21 is prerequisite; this is a no-credit, extra-fee class)	0
Math 110*	College Algebra (ACT math score 22 or above plus two years of high school algebra is prerequisite)	3
Math 112*	Calculus 1 (ACT math score 27 or above plus four years of high school mathematics including precalculus is prerequisite)	4
Math 119*	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education Mathematics option.

3. Start work in a foreign language (see page 55).
If you want to pursue the Foreign Language option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses. Also, check with your college advisement center about the foreign language requirement in your major.

4. Select one or two courses from the following General Education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, the College of Education, or the College of Engineering and Technology.

Final Exam Policy—Spring Term 1996

Final examinations will be given at the times shown in the schedule (below). Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement.

Examinations will be held Thursday and Friday, June 20 and 21, with a reading day on June 19. Therefore, Tuesday, June 18 will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, PO Box 21114, telephone (801) 378-6557. For evening classes, contact the Evening Classes Office, 120 HCEB, PO Box 21513, telephone (801) 378-2872.

Final exams for day and evening (section 400) classes beginning at 5:00 p.m. or later will be conducted on the last class period as follows: Wednesday, June 12; Thursday, June 13; Friday, June 14; Monday, June 17; and Tuesday, June 18.

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour**. For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

How to Obtain a Fall 1996 Class Schedule

Newly admitted students are sent a free copy of the current class schedule bulletin for the semester or term to which they are admitted. For every enrollment thereafter, a student must purchase a copy.

The bottom of the page is an order form with instructions on how to obtain a fall 1996 class schedule (available beginning April 1, 1996).

Just a reminder—you must register for classes in the term or semester for which you are admitted (i.e., spring 1996 or summer 1996) or you will not be permitted to attend fall semester 1996.

BYU Registration Office, B-130 ASB, PO Box 21114, Provo, UT 84602-1114, telephone (801) 378-2824

Fall 1996 Class Schedule Mail Order Form

Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1.50 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. VISA, MasterCard, check, or money order is accepted in payment (postage rates subject to change).

$ 4.50 for first-class mail (one-week delivery)
$ 7.50 for second-day airmail
$12.50 for next-day airmail
Foreign addresses (U.S. dollars only)
Canada: $5.00
Mexico: $5.00
Overseas: amount may vary

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational cost.

Tuition and class fees are due and payable before a student begins class attendance. Students who fail to pay tuition by the scheduled final day to late register will jeopardize their eligibility to enroll for the following semester/term. Past financial delinquencies must be cleared before a new registration may be completed. Refer to Tuition and Fees Information on the calendar in this class schedule.

Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).

Once students register for classes, they are officially enrolled and committed to attend. Students who decide not to attend must officially withdraw from classes prior to the day school begins to avoid being charged tuition. Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions) until midnight of the day before classes begin. On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. If you do not drop your classes, they will remain on your records and **you will be charged tuition.** Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed on the following page.

Students who anticipate receiving financial aid will be held responsible to pay tuition charges incurred whether or not financial aid is available or forfeited.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Federal Pell Grant or Federal Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition purposes) are those students who have received their bachelor's degree or will have received it by the beginning of spring term and are not students of the Law School or the Graduate School of Management.

Full-time classification (for tuition assessment) for all students is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.

Tuition and General Fees Per Semester

Undergraduate Students	**LDS**	**Non-LDS**
Full-time (4.5 or more credit hours)	$ 400	$ 600
Part-time (per credit hour)	$ 80	$ 120
Graduate Students		
Full-time (4.5 or more credit hours)	$ 717	$1,076
Part-time (per credit hour)	$ 159	$ 239
Graduate School of Management Students and Law School Students	**LDS**	**Non-LDS**
Full-time (4.5 or more credit hours)	$1,150	$1,725
Part-time (per credit hour)	$ 255	$ 383

A fraction of an hour in the sum of hours is counted as a full hour in assessing fees. Minimum tuition is the one-credit-hour rate. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee

After 4:00 p.m. April 24 for spring term $25
After 4:00 p.m. June 14 for summer term $25

Late tuition fees will be assessed to all students who fail to pay tuition by payment deadline dates. The late fee will also be assessed to students who pay less than full-time tuition by the April 24 or June 14 deadline and are then or later become registered for more than 4.5 credit hours.

The Final Day to Pay Late Tuition

Spring term . . . . . May 8
Summer term . . . . . July 1

Any student whose tuition check is dishonored by the bank will be charged the late registration fee in effect at the time the check is redeemed.

Tuition Adjustments—Change in Credit Hours

After the semester begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **on the day they are added.** If this is not done, a late fee may be assessed. A change to full-time status requires that additional tuition be paid plus the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151 ASB. A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last scheduled day for adding classes. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/ Charges—Discontinuance.

Tuition Refunds/Charges—Discontinuance

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone (801) 378-7705. The following rates apply:

Spring Term	Tuition Charged	Refund of Tuition Paid
Before May 1	None	100%
May 1–May 3	10%	90%
May 6–May 10	15%	85%
May 13–May 17	20%	80%
May 20–May 24	25%	75%
May 27–May 31	30%	70%
After May 31	100%	None

Summer Term	Tuition Charged	Refund of Tuition Paid
Before June 24	None	100%
June 24–June 28	10%	90%
July 1–July 5	15%	85%
July 8–July 12	20%	80%
July 15–July 19	25%	75%
July 22–July 26	30%	70%
After July 26	100%	None

A petition for exception to the refund schedule will be considered for students forced to discontinue because of personal medical incapacitation after the 85 percent refund period. Petition forms are in D-208 ASB.

A refund due because of discontinuance from school will be made only by check through the mail. It will be mailed approximately two weeks from the date of **discontinuance.** Refunds due to students who have a Federal Pell Grant or Federal Stafford Loan will be returned to the Pell agency and/or the lending agency.

Late fees are not refundable.

Parking Fees and Information

Motor Vehicles

Parking permits are required to park on campus. To purchase a permit, bring the following to the Traffic Office (GRNH):

1. Current vehicle registration
2. Proof of emissions compliance. Vehicles registered in areas that do not have an emissions program meeting Utah County requirements will need to pass an emissions test. Contact the Traffic Office for further information, telephone (801) 378-3906.
3. BYU identification card
4. Copy of housing contract or room key (required only for a singles on-campus housing C permit)
5. Fee

Fees vary by permit and semester as follows:

Permit	*Fall*	*Winter*	*Spring/Summer*
G	$40	$25	Not available
Y	$15	$10	$ 5
R	$ 5	$ 5	$ 5
C	$ 7	$ 5	$ 3
Motorcycle/ Moped	$10	$ 8	$ 4

Parking permits expire September 15, 1997.

Out-of-State Plates

Faculty and staff employees with out-of-state plates must license their vehicles with the state of Utah and clear them for tax payment before they can receive their parking permits.

The state of Utah no longer requires nonresident permits for out-of-state license plates.

Bicycles

Bicycles must be licensed within Utah County. Provo city licenses cost $1 at the Traffic Office.

Bicyclists must:

1. Always park bicycles in racks.
2. Never ride on sidewalks during class breaks.
3. Yield to pedestrians.
4. Obey all traffic rules.

Bicycles not parked in racks will be impounded. BYU will not be responsible for cut locks, chains, or cables. Locks, chains, or cables may be cut only when uniformed police or traffic personnel are present.

Other Regulations and Information

Owner/Operators of motor vehicles operated in Utah County should be prepared to pass Utah County Vehicle Emissions Inspection Maintenance requirements.

Neighborhoods adjoining campus are sometimes inundated with parked vehicles. Students are encouraged to obtain BYU parking permits and to park in university parking lots authorized by the permit.

Traffic regulation information may be obtained from the Traffic Office. It is the responsibility of all students, faculty, and staff members to obey all traffic rules and regulations.

Questions may be directed to Traffic Office personnel at (801) 378-3906.

Parking and Traffic Violation Fines .. $10–$200

Records Fees

Search fee (duplicate receipt) $1
Transcript fee (per copy—pay at Records Office) $2

Health Insurance Requirement
BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage.

Students who do not return a properly completed waiver form to BYU by the tuition deadline will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance payment and form are due by August 15.

Debt Collection Fees
Students' past-due debts are referred to Student Financial Services for collection. If the BYU debt collection officer is unable to collect the debt within a reasonable time, the debt will be referred to an outside collection agency. In addition to paying the debt, the student debtor will be required to reimburse the university for such collection agency fees before obtaining a release of a financial hold on his or her transcript or before being considered for readmission. Also, eligibility for graduation may be delayed or denied.

University Requirements for Undergraduates

There are three components to an undergraduate education at Brigham Young University: religious education, major education, and general education. Religion courses are provided at BYU so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. Education in the major provides the student with depth in a particular academic discipline. It introduces students to the type of thinking, language, and skills that prepare them for a career or further study in postgraduate or professional programs. General education is intended to provide breadth to the student's intellectual life. It covers the range of human accomplishments: the development of language and civilization; the arts; and the social, behavioral, physical, and biological sciences. These three aspects of the baccalaureate degree are described briefly below.

Religious Education

It has always been the view of The Church of Jesus Christ of Latter-day Saints that education is not complete without proper integration of secular and religious knowledge and values. Secular understanding and skill are important attainments in life and will better serve the individual when accompanied by religious convictions, attitudes, and standards of behavior. Ideally, students should take one religion class each semester of enrollment.

Religious education requirements include a core of 8 hours and 6 hours of electives. The core consists of two Book of Mormon courses (RelA 121 and 122, 4 hours); one New Testament course (2 hours); and one Doctrine and Covenants course (2 hours). Students may choose from an array of other courses offered by the Department of Ancient Scripture and the Department of Church History and Doctrine to fill the other 6 hours of religion credit needed.

Religion Requirements for the Baccalaureate Degree

Courses	*Credit Hours*
Two Book of Mormon courses	4
One New Testament course	2
One Doctrine and Covenants course	2
Elective courses	6

Students who are not members of The Church of Jesus Christ of Latter-day Saints are encouraged to take Introduction to Mormonism (RelC 100) during their first semester at BYU. This course may be used as one of the core requirements in lieu of either a New Testament or Doctrine and Covenants course.

Major Education

Brigham Young University students are expected to develop competence in at least one area of concentration. Such competence is acquired through in-depth study in an area referred to as the major. Through the major requirements students encounter a rigorous, coherent, and progressively more sophisticated program of study. Such study is intrinsically valuable and it prepares students to enter the world of work or to pursue further study. By the time they graduate, students should have a grasp of their discipline's essential knowledge and skills, and thus be able to compete in and contribute to the larger world outside the university.

BYU offers nearly 150 undergraduate major programs. Most of these programs are centered in the more than 50 academic departments, but several interdisciplinary programs are also available. The complete list of these degrees is given in the BYU Undergraduate Catalog under Graduation. Of the 128 credit hours required as a minumum for the baccalaureate degree, the major program typically comprises between about 40 and 60 credit hours, with some exceeding 60 credit hours. Requirements for major programs are detailed under the specific department in the catalog. Students need not feel undue pressure to declare a major immediately upon entering the university, and they may wish to enroll in general education courses that can introduce them to possible areas for major study. However, some majors, including those in the natural sciences, engineering, music, and design, are tightly structured. Efficient graduation from these programs requires the student to undertake degree requirements during the first semester of the freshman year. Students who are leaning toward these programs are encouraged to begin them as soon as possible. The academic departments and college advisement centers can provide advice about particular degree requirements and selection of a major.

General Education

The general education (GE) program at Brigham Young University complements the other two areas of a university education. Through its perspective we gain vantage points from which to view the development of our own culture and to see its relation to others.

GE courses teach one to think critically, and they pose questions that foster the development of moral judgement and aesthetic and cultural sensitivities. At Brigham Young University these courses are taught in the context of the restored gospel and the implications that the gospel of Jesus Christ holds for knowledge, truth, and society.

Revisions in the requirements of the GE program have been approved for students who entered BYU fall 1995. The details of the changes are described below.

Implementation of the New GE Program
Because of the timing of the approval, the 1995–96 academic year will be considered a transitional period. With three exceptions, students who have entered fall 1995 will be placed on the new GE program. The three exceptions are those students who have entered into programs leading to the BM (bachelor of music), BFA (bachelor of fine arts) in art, or BFA (bachelor of fine arts) in design. Those students will continue with the requirements outlined in previous class schedules and in the 1995–96 BYU Undergraduate Catalog. Students who have been placed in the new program, but who wish to pursue the old program, must consult with the appropriate college advisement center to effect the change in their GE programming.

Students who entered prior to fall 1995 have the option to continue with their original GE program or to switch to the new program. They are encouraged to meet with their college advisement center or faculty advisors to discuss the optimal program, given their current status.

Description of the New Program
The new program follows the same structure as the old program with requirements in categories called *the Languages of Learning, the Liberal Arts Core,* and *the Arts and Sciences Electives.* The major changes include the addition of a music option to the Advanced Languages requirement, alternate pathways to satisfy some of the core requirements, a reduction from four to three in the number of required electives, and the removal of any restrictions in the choice of electives because of major. Also, the physical education requirement has been changed to a wellness requirement, and it is now included as part of the general education program.

Both the *Languages of Learning* and *the Liberal Arts Core* provide for multiple ways to satisfy individual requirements. The number of courses and credit hours needed to satisfy a requirement will vary with the particular option chosen and/or the student's previous preparation.

The objectives for each of the three areas are explained below. Brief statements of the ways to satisfy the requirements of the GE program are provided in the accompanying table. Detailed information concerning the mechanisms available to complete each requirement is given in the General Education Courses section.

Languages of Learning
In our modern, complex society, the ability to communicate effectively is deemed a critical skill. Under the Languages of Learning category are grouped the areas of writing, mathematics, foreign languages, and music, each of which represent an important way to convey information and understanding. Because writing at the college level is considered essential to success at the university, students are asked to complete a first-year writing course. Later, once they have identified an area for major study, they are provided with an opportunity to develop writing skills in that discipline. To function in a technological society, a basic knowledge of mathematics as a means of communication and problem-solving is essential. All students, upon admission, are asked to certify a basic level of numeracy, either with an appropriately high score on the Mathematics section of the ACT or SAT exams or by completion of a BYU course. We then ask that students exhibit a mastery of either mathematics, music, or a foreign language at an advanced level. At the advanced level students achieve an exposure to cultures, and to the ways in which practitioners of the language structure their knowledge.

Liberal Arts Core
A traditional university education has included introductions to the core or fundamental areas of knowledge. These have typically covered the biological and physical sciences and aspects of cultures and civilizations. Here at BYU we also include as part of our core an introduction to the political and economic foundations of the American democratic system and a requirement to assist in developing one's physical and mental well-being.

For every requirement in the core, with the exception of History of Civilization, there are two pathways to complete the requirement—a one-course option and a multiple-course (two or three) option. The multiple-course series are structured to cover much of the same material that is included in the one-course options, but at a higher or deeper level.

The options for different core requirements are independent of each other. That is, one may choose the two-course sequence to satisfy the Biological Science core requirement but choose the one-course option for the Physical Science, American Heritage, and Wellness requirements. In general, students will find it most efficient to take the one-course options for a given requirement. However, students in some majors will find that a particular core requirement can be satisfied using the multiple-course pathway with courses they are already taking for their major. Students with career or personal interests outside their major may find that the two-course options better serve their needs. For example, the philosophy or language major who hopes to become a physician may satisfy the physical and/or biological science core requirement by virtue of the science courses required for admission to medical school.

Arts and Sciences Electives
The Arts and Sciences electives are divided into three categories: Arts and Letters, Natural Sciences, and Social and Behavioral Sciences. These three divisions encompass the spectrum of human endeavors. The objective of elective courses certified to satisfy this requirement is to introduce students in a little more focused way than the core courses to specific disciplines or area of studies. Students must take **one** course from **each** of the three areas. Unless the major program dictates a specific course, students are free to select from a large list of approved courses. These courses are certified for approval by a faculty council, and students are encouraged to check a current class schedule for an up-to-date list of approved courses.

Some courses are approved as both Arts and Sciences electives and as one of the two-course sequence for the alternate option to the Liberal Arts Core requirements. The same course cannot be used for both the elective requirement and to partially complete the core requirement.

Because a significant objective of general education is to provide breadth to the student's education, we recommend that elective courses be taken outside the major. However, once a course certified to satisfy an elective is completed, the GE requirement will have been considered to be satisfied. Changes in majors will not effect the student's progress toward completion of the GE program. Nevertheless, the new major may impose additional requirements, such as a particular Advanced Writing course.

Where variable numbers of courses or credit hours are indictated, the effort required to complete the requirement depends upon the student's level of preparation. The complete list of courses currently certified to satisfy a particular requirement and additional details of how to complete the requirements are given in a later section of this class schedule entitled General Education Courses.

1995 GENERAL EDUCATION PROGRAM
A Summary of Its Categories, Course and Credit-Hour Requirements

LANGUAGES OF LEARNING				
Precollege Math	Appropriate score on Math sections of ACT or SAT exam or one approved course			0–3
First–Year Writing	One course			3
Advanced Writing	One course or course sequence			3–8
Advanced Languages: Three options	**Foreign Language**	**Mathematics**	**Music**	
	Variable credit required depending upon prior foreign language experience.	One course beyond Math 110 or Phil 205.	Variable credit required depending upon prior music experience.	3–20
LIBERAL ARTS CORE				
Biological Science: Two options	One core course	Two approved noncore courses from different areas of biology		3–6
Physical Science: Two options	One core course	An approved noncore course each from two departments (Chemistry, Geology, Physics)		3–7
American Heritage: Two options	One core course	An approved set of two courses, one course to include the U.S. Constitution		3–6
Wellness: Two options	One core course	Three physical education or dance activity classes		1.5–2
History of Civilization	One course covering antiquity to 1500 A.D. and one course from 1500 A.D. to modern times			6
ARTS AND SCIENCES ELECTIVES				
Arts and Letters	One course from approved list			3
Natural Sciences	One course from approved list			3–4
Social and Behavioral Sciences	One course from approved list			3
GE				**Subtotal: 34.5–71**

Selection and Timing of GE Classes
To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation. Such approval is not granted lightly, and students should ensure that the courses they select are, in fact, approved for GE credit.
This information is updated each semester/term and published in the current class schedule.

The Honors Program offers a number of courses that satisfy both GE and Honors requirements. These courses provide a deeper, more intense exposure to the subject matter for the student who is interested in a challenging experience. Additional information concerning these courses may be obtained from the General and Honors Education Office, 350 MSRB, telephone (801) 378-3038, or by consulting the University Honors Program Course Guide.

Although the time to complete GE requirements varies according to the major, students should complete the First-Year Writing and Precollege Mathematics requirements during the freshman year. Students planning to satisfy the Biological Science, Physical Science, and American Heritage core requirements with the one-course options (e.g., Biol 100, PhyS 100, and AHtg 100) should also complete these during the freshman year. History of Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

Ways to Complete GE Requirements Other Than by Course Work
In addition to taking approved courses, there are several mechanisms by which students may satisfy the components of the GE program: passing special examinations at the university; transferring acceptable credit from other academic institutions; or receiving credit from advanced placement (AP) and International Baccalaureate (IB) examinations or from the College Level Examination Program (CLEP).

Special GE Examinations
Some general education requirements can be accomplished by successful completion of a special examination. Two types of examinations are available: exemption and challenge exams. Exemption exams do not, as a matter of course, carry academic credit or grades. A passing score on an exemption exam shows on the Advisement by Computer (ABC) Report only as a completion of the requirement. Challenge exams as a group always carry academic credit and a letter grade. The student's transcript and grade point average reflect the score obtained on the exam.

Exemption Examinations. Exemption examinations are offered in the Testing Center, 265 HGB, for First-Year Writing, Precollege Mathematics, and Physical Science. These are given early each semester/term so that students may drop classes that their performance on an exam demonstrates are unnecessary and register for others. Details concerning the procedures and dates for this semester are given later in the Schedule of Special Examinations section. First semester/term students are permitted to take the First-Year Writing and Precollege Mathematics exams free of charge one time. All other attempts will be subject to a fee, payable at the Testing Center.

Challenge Examinations. Some challenge exams are offered through the Testing Center while others must be arranged through departments. There is a fee to take each examination. In addition, to satisfy the GE requirement, students must request academic credit in order to have a letter grade posted to the transcript and reflected in the grade point average. The procedure to take exams and request academic credit is described below.

Purchase of Credit. For examinations given at the Testing Center, go to the Testing Center on one of the scheduled examination dates (see current class schedule for examination dates), pay the required fee, and take the test. Upon successful completion of the exam, obtain a Class Credit Request Form from the Testing Center and have it validated there. (Students who pass the First-Year Writing exam must obtain this form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.) Take the validated form to the Records Office, B-150 ASB. The form *must* be submitted to the Records Office within *one year* after completing the exam.

When students who are enrolled in the course pass the exam, they must complete a Change of Registration Form and drop this course. Failure to officially drop the class before the university deadline will cause the grade given by the course instructor to appear on the transcript rather than the grade based upon the challenge exam performance.

For examinations not given in the Testing Center, contact the department that offers the course during the first two weeks of the semester/term, complete the Special Examination Form available there, and arrange a date to take the test. Go to the Cashiers' Office, D-155 ASB, pay the required fee, and have the form validated there. Present the validated form to the departmental examiner at the time of the test; have the grade and credit recorded on that form by the departmental examiner after the test has been taken and scored. Present the completed form to the Records Office, B-150 ASB. The form *must* be submitted within *one year* after completing the exam.

Transfer Credit
The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office, B-238 ASB. Consortium agreements have been reached with several junior and community colleges to facilitate the transfer process for students who have completed certain associate degrees. The Transfer Evaluation Office can be contacted for up-to-date information regarding the status of those agreements with a particular junior or community college.

Advanced Placement and International Baccalaureate Credit
The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to waive certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. The Academic Advisement Office, B-238 ASB, telephone (801) 378-3641, can be contacted for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

College Level Examination Program
BYU will grant credit for the College Level Examination Program (CLEP). For each general examination on which a student scores 610 or higher, the university will grant 3 hours of credit. Students can contact the Admissions Office, A-153 ASB, telephone (801) 378-2507, for additional information.

Schedule of Special Examinations

Examinations for some general education classes and the old university health requirement (Hlth 129) are offered at the Testing Center, 265 HGB, on the dates noted below. The Testing Center is open during the following times:

	Center Open	*Exams Collected*	*Center Vacated*
Mon–Fri	8:00 a.m.	9:00 p.m.	9:30 p.m.
Sat	9:00 a.m.	12:30 p.m.	1:00 p.m.

Note: You can retake an examination (except Hlth 129) only after seven days of further preparation and during the posted exam period.

Exemption Examinations: No Credit or Grade

Exemption examinations are given in the Testing Center for three GE requirements—First-Year Writing, Precollege Mathematics, and Physical Science 100—on the dates given below. Fees are required for the examinations. A passing grade on an examination means that your Advisement by Computer (ABC) Report will reflect the completion of the GE requirement. However, no academic credit will be posted on the transcript of grades unless it is requested by submitting the proper form to the Records Office (B-150 ASB, PO Box 21114).

All first-semester/term students may take the exemption examinations for First-Year Writing and Precollege Mathematics free of charge one time. The regular examination fee will be charged for additional examinations and any that are taken after the first semester/term of residence.

Precollege Mathematics (Mathematics 97)
Spring: May 2 –May 9
Summer: June 25–July 3

Students who take the exemption examination for Mathematics 97 to meet the Precollege Mathematics requirement do not have the option of requesting academic credit since the course carries no credit.

First-Year Writing (English 115)
Spring: May 2–May 13
Summer: June 25–July 8

Note: Students wishing to take the exemption examination for First-Year Writing must contact

the English Composition Office, 3110 JKHB, for specific details on the challenge process *before* taking the first examination in the Testing Center. After passing this first examination in the Testing Center, you will need to complete an essay examination and take three tests in the Harold B. Lee Library, as well as submit samples of your writing to the English Composition Office to be evaluated in conjunction with the examination. All parts of the challenge must be completed within the examination dates. Students who pass the exemption examination for First-Year Writing have the option of requesting academic credit and having the grade posted on the transcript of grades. (See the Challenge Examinations: Graded Credit section that follows for instructions regarding the procedure for requesting academic credit.)

The Reading-Writing Center, 1010 JKHB, is available to assist students who are preparing for the First-Year Writing exemption examination.

Physical Science (Physical Science 100)
Spring: May 2–May 13
Summer: June 25–June 28

Note: To receive an exemption from Physical Science 100, you must receive a grade of B– or better. However, students who receive grades of C– or above may request the academic grade and have the grade posted to their transcript. (See the Challenge Examinations: Graded Credit section that follows for instructions regarding the procedure for requesting academic credit.)

Health (Health 129)
Spring: May 2–May 9
Summer: June 25–July 3

An exemption examination is also allowed for the old university requirement Hlth 129. An exemption examination for the new requirement HE/PE 129 is under development and is not yet available.

You may take the examination one time only. Successfully passing it will complete the health requirement with a P grade worth 1 credit hour. The examination is offered each semester and term during the posted testing period.

Challenge Examinations: Graded Credit

Special examinations for graded credit are referred to as "challenge examinations" and must be arranged through the Testing Center or the department offering the examination. A $20 fee is required for challenge examinations offered through individual departments. A $10 fee is charged for examinations offered in the Testing Center. In addition to this fee, you must request academic credit by submitting the proper form to the Records Office (B-150 ASB, PO Box 21114).

Challenge examinations for three GE courses are offered on the dates listed below in the Testing Center. The tests are scheduled early in the semester/term to allow students to drop unneeded classes before the official drop deadline, if necessary. You do not have to be enrolled in a course to challenge it for credit; however, if you are enrolled in a course that you successfully challenge by special examination for graded credit, you should drop the course and *must* do so before the official university drop deadline. For information on special examinations for First-Year Writing, consult the English Composition Office, 3110 JKHB.

Advanced Writing, Tests 1 and 2
Spring: May 2–May 13
Summer: June 25–July 3

Note: The Advanced Writing examination has three parts. The first part includes two tests given in the Testing Center. However, before taking these tests, you should contact the English Composition Office 3110 JKHB, for specific instructions. In parts two and three, several papers are required that must be initiated before the end of the examination period indicated above, and an additional $40 reading fee is required for these parts of the examination. All parts of the examination must be completed within a single semester or term. **You cannot challenge the Advanced Writing requirement in the semester in which you intend to graduate.**

American Heritage (American Heritage 100)
Spring: May 2–May 13
Summer: June 25–July 8

Biological Science (Biology 100)
Spring: May 2–May 9
Summer: June 25–July 3

The procedures for challenging general education courses are as follows:

I. For Examinations Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Go to the Testing Center on one of the scheduled examination dates.
      2. Pay the required fee at the Testing Center.
      3. On successful completion of the examination, obtain a Class Credit Request Form from Testing Services, 265 HGB, and have it validated there. Students who pass the First-Year Writing examination must obtain the Class Credit Request Form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.
      4. Present the completed form to the Records Office, B-150 ASB, PO Box 21114. The form must be submitted within one year after completing the examination.
   B. *If you are enrolled in the course when you pass its challenge exam*, you *must* also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

II. For Examinations *Not* Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Contact the department that offers the course during the first two weeks of the semester/term.
      2. Complete the Special Examination Form available from the department.
      3. Arrange to take the examination.
      4. Pay the required testing fee at the Cashiers' Office, D-155 ASB, and have the form validated there.
      5. Present the validated form to the departmental examiner.
      6. Have the grade and credit recorded on the form by the examiner and obtain the necessary signatures.
      7. Present the completed form to the Records Office, B-150 ASB, PO Box 21114. The form must be submitted within one year after completing the examination.
   B. *If enrolled in the course when you pass its challenge exam*, you must also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

How Do You Get Help with Specific Questions Concerning General Education?
The essential information concerning general education is found in the current BYU Undergraduate Catalog. Sources of additional information include the following:

1. **College Advisement Centers**.
   The recommended source of information and advice about general education requirements is your college advisement center. These centers, together with the Open Major Advisement Center, 151 SWKT, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Computer terminals are available in the advisement centers and other locations on campus to provide you with an up-to-date report of your academic status. In addition, an Advisement-by Computer (ABC) Report is sent to you early each semester. These list the GE courses you have completed and also the GE requirements that remain to be completed.

2. **Dean of General and Honors Education.**
   Questions dealing with general education are handled in 350 MSRB, PO Box 22600, telephone (801) 378-3038.

General Education Courses

The official list of all courses that satisfy GE requirements for spring and summer 1996 follows. In addition, a GE code appears within the class list in this class schedule. The codes identify all GE courses, both required and elective. Definitions of these codes are listed on the Class List Definitions on page 51.

NOTE: This list is subject to change each semester. Some classes listed here have approval on a trial basis and may be removed from the list at a later date. Please consult a current class schedule each semester/term to ensure that the class you take is still approved for GE. Some requirements can also be satisfied via AP or IB credit. Check with the Academic Advisement Office, B-238 ASB, telephone (801) 378-3641, for the current mapping of AP/IB exams to GE requirements.

Languages of Learning

Requirement	Ways to Satisfy Requirement		Comments or Advice
Precollege Math (One course, to be satisfied during freshman year)	ACT Math subscore of 22 or above, SAT Math subscore of 500 or above; no college credit is granted.	One course from Math 97, 110, 111, 112, 112H, 113, 113H, or 119	*Freshmen:* If your ACT Math subscore is 20–21 you should either enroll in Math 97 or take the challenge exam for it. If your score is below 20, enroll in Math 97. Students uncertain about their level of preparation should consult the Mathematics Department, 290 TMCB, telephone (801) 378-2061, before enrolling in classes higher than Math 97. **Note:** Math 97 gives no credit and requires an additional fee. *Transfer Students*: You may satisfy the requirement by (1) submitting your ACT Math subscore if it is 22 or above; (2) passing any of the BYU mathematics courses listed above; or (3) submitting transfer credit for an equivalent math course to Admissions and Records, A-153 ASB, PO Box 21110, telephone (801) 378-2507.
First-Year Writing (One course, to be completed during freshman year)	Engl 115, HonP 200, Phil 105, 105H		*Freshmen*: We **strongly** encourage you to take a First-Year Writing course even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education. *Transfer Students:* If you have not already completed this requirement and wish to challenge the course, you must do so during your first year at BYU. Consult the English Department, 3146 JKHB, (801) 378-3565, for details.
Advanced Writing (One course or course sequence)	Art 300, Chem 391, Engl 252, 311, 311H, 312, 313, 315, 315H, 316, MCom 320, 320H, Phil 311, HonP 300, Hist 200, PISc 200; Music 301 and 302 and 303 and 304; MFE 493R (three semesters); MET 493R (three semesters); EET 493 (three semesters)		Completion of the First-Year Writing requirement is a prerequisite for all Advanced Writing courses. Most, but not all, programs recommend completing this requirement in the junior year. Consult your college advisement center. **Note**: The Music, MFE, MET, EET, Hist, and PISc courses have approval on a trial basis to satisfy the Advanced Writing requirement.

Advanced Languages

(Requirement to be satisfied either in mathematics, in one of three music tracks, or in a foreign language.)

Mathematics (One course **beyond** Math 110 or Phil 205)		Math 112, 112H, 113, 113H or 119; Stat 221, 222, 222H, or 321; Phil 305	The math and statistics courses have Math 110 as a prerequisite; Phil 305 has Phil 205 as a prerequisite.
Music	*Option A*	Music 205	Music 205 is under development. It will have prerequisites. See Fine Arts and Communications Advisement Center for details. Recommended for non–music majors.
	Option B	Music 301	Music 301 has prerequisites. See university catalog for details. Recommended for music majors only.
	Option C	Music 300; Dance 300; and ThF 300.	These courses have prerequisites. See university catalog for details. Recommended for MDT majors only.
Foreign Language (Complete a culminating course in an approved language, or, for less commonly taught languages that have no culminating course, pass proficiency exam and then Anthr 420.)		**Approved culminating courses**: Afrik 202, Arab 301, ASL 301, Bulgn 202, 330, Cant 202,Chin 202, 301,Czech 202, 330, Dansh 202, 340, Dutch 202, 340, Finn 202, 340, Fren 202, 340, Germ 202, 330, Greek (Classical) 301, 302, Heb (Modern) 202, Heb (Biblical) 431, Hung 202, 330, Iclnd 202, 429, Ital 202, 340, Japan 202, 221, 301, Korea 202, 301, Latin 301, 302, Norwe 202, 340, Polsh 330, Port 202, 302, Russ 202, 330, Span 202, 302, SrbCr 202, 330, Swed 202, 340, Ukrai 202, 330 **Less commonly taught languages:** Aymara, Cakchiquel, Indonesian, Maori, Navajo, Persian/Farsi, Quechua, Rarotongan, Samoan, Tagalog, Tahitian, Thai, Tongan, Vietnamese, Welsh	*For languages with approved culminating courses*: The culminating courses are intended to allow the student to access major historical, intellectural, literary and artistic accomplishments of a foreign culture in its native language. Students entering with high school, college, or extensive prior experience with a foreign language may be able to enroll directly in a culminating course. Others will require more basic instruction in the language to achieve the level necessary to succeed in the culminating course. The Humanities Research Center, 3031 JKHB, (801) 378-5424, administers placement testing to determine the appropriate level at which students should begin their course work. Grammar or conversation courses will not substitute for a culminating course. *For less commonly taught languages*: Students independently prepare themselves to take a proficiency exam administered by the Humanities Research Center. Following completion of the exam, students enroll in Anthr 420, where they work with cultural anthropology and linguistics faculty and conduct, in their language of choice, an ethnographic interview project. After successful completion of the proficiency exam and the foreign language section of Anthr 420, students are responsible for petitioning to have the foreign language credit posted to their transcripts. Contact the Humanities Research Center, 3060 JKHB, for additional information. *Nonnative speakers of English:* These students may fulfill the requirement through Engl 230, 232, or Hum 261. However, they are encouraged to fulfill the requirement by completing work in a language other than English or their native tongue.

University Honors for Undergraduates

University Honors at Graduation
University Honors" is a distinction awarded to all graduates of BYU who have met the Honors requirements in General Education as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. All Honors classes taken and the Honors thesis title also appear on the transcript.

University Honors with Honors in a Major
Certain departments have established Honors majors that build on the foundation of the Honors requirements in General Education. Students majoring in these departments who meet the requirements for graduation with University Honors have the additional option of meeting the requirements of the Honors major and graduating with "Honors in [a certain major]." Thus, you may graduate with "University Honors and Honors in Chemistry," for example. (Note, however, that it is not possible to graduate with Honors in chemistry unless one also satisfies the requirement for graduation with University Honors as well.) For the name of the Honors advisor in a certain department, consult the University Honors Program Course Guide or contact the departmental office. Honors majors can be completed in art history, chemistry, communications, comparative literature, economics, electrical engineering, English, French, geology, German, history, humanities, Italian, mathematics, mechanical engineering, microbiology, molecular biology, music, philosophy, physics, Portuguese, Russian, Spanish, statistics, studio art, and zoology.

Participation in Honors
Honors Education provides an unusually rich and challenging experience for capable and motivated students. Honors Education is not merely a more intensive General Education or a more strenuous program in a major. Rather, it attempts to link the broad university perspective with the specific concentration associated with a major. Students who pursue Honors Education at Brigham Young University will be offered the challenge of Honors courses that form a part of their General Education, as well as an intensive experience in their major.

To graduate from BYU you must meet not only the requirements of a major department but also the requirements of General Education, religion, and physical education. Most students complete the nonmajor requirements through courses in the general university curriculum. Capable and motivated students are invited to satisfy General Education and Religious Education requirements through Honors. Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are still invited to participate in the Honors curriculum to whatever extent they choose.

Honors Education is open to all capable and motivated students and only requires a formal commitment of intent (1) to graduate with University Honors, (2) to register for at least one Honors course each semester of the first two years in the program, and (3) to maintain a 3.5 GPA. Commitment forms may be obtained in 350 MSRB.

Indicators of "capable" include a composite ACT score of 28 or above, a high school GPA of 3.8 or above, or a university GPA of 3.5 or above. Defining "motivated" is more difficult. It would be a mistake to recommend Honors courses only to those students with high scores, either GPA or ACT, since it is difficult to gauge ability from scores alone. Such scores may not say much about such important inner qualities as determination, discipline, and initiative or about recent achievements that may contrast with earlier performance. All students are invited to consider Honors as a way to achieve the kind of academic experiences they seek. You may register for Honors courses at any time during your undergraduate years without necessarily intending to complete all the Honors graduation requirements.

The Advantages of Honors

Faculty
The most important advantage of enrolling in Honors is the opportunity to participate in demanding, high-quality courses taught by some of the university's best professors. In addition, Honors provides a stimulating learning environment outside formal course settings.

Curriculum
Honors offers a curriculum core consisting of a two-semester sequence in History of Civilization and an intensive writing course. Beyond this core, Honorscolloquia, seminars, and departmental Honors courses provide a variety of experiences for Honors students in the historical development of ideas, cultures, arts, letters, and the sciences; these offerings are discussed more fully below.

Honors Colloquia. Each semester, Honors sponsors several Honors colloquia that bring together teams of the university's most respected professors from diverse disciplines to teach a variety of broadly based subjects. The colloquia are interdisciplinary in nature and taught by at least two and often three professors from different fields. These courses allow a unique flexibility in method and content and stress the complementary nature of various disciplines in dealing with our cultural heritage and modern problems. Recent colloquia include "Turning Points in the History of Civilization," "The Pen and the Sword," "The Daedalus Project," "Texts of Influence on the Jewish and Christian Religious Heritages," "Shaping the Modern Mind," "Writing and Painting American Landscape," "Women's Wellness," and "Jerusalem: Past, Present, and Future."
The particular subjects and faculty differ across colloquia. Some provide an integrated approach. Others are intended primarily for students majoring in particular disciplines. All of the colloquia, however, are centered on intensive reading, discussion in large and small groups, and careful writing. Each colloquium involves a group of approximately fifty students and two or three faculty and offers an educational experience unlike that in any other class offered at the university.

Honors Seminars. A number of Honors seminars are also offered each semester. They range across subjects as diverse as "Women's Issues in the Natural Sciences," "Health and Disease in History," "The Literature of Pilgrimage," and "Bioethics." The seminars are centered within a discipline, but they are intended to be accessible to students who are not majors in that discipline. Like the colloquia, the seminars require critical reading, thinking, writing, and discussion. But unlike the colloquia, the seminars are more specialized, are directed by a single professor, and are usually limited in enrollment to twenty students.

Departmental Honors Sections. Departments within the university offer courses intended for Honors students that are taught by their strongest faculty. Departmental Honors sections of GE courses are usually smaller than regular courses and provide greater occasion for classroom discussion and additional reading and writing under the supervision of the professor. In addition, if the department offers an Honors major, some courses in that major may be structured specifically for the Honors student. These courses would go beyond the limits of the traditional major and would stress critical and analytical thinking and writing in the form appropriate to the subject of the major.

Honors Housing, the Honors Center, and Special Honors Activities
Students in Honors benefit most directly from their association with fellow Honors students and with Honors faculty. To encourage this interaction among students outside the classroom, special on-campus housing for Honors students (in Helaman Halls, Deseret Towers, and Heritage Halls) is available. Honors housing is intended to provide a quieter hall conducive to study and intellectual discussion by like-minded students. In addition, Honors students also have a center in the Karl G. Maeser Memorial Building, which provides them with a quiet study hall, a commons room for informal meetings and discussion, an advisement center, and classrooms. There is also a computer lab in 1160 TMCB that is available to students committed to graduating with honors.

Honors publishes the scholarly work of students in *Insight*, an intellectual journal with an all-student staff. A special series of concerts, dramatic productions, and exhibitions of art and photography are sponsored by Honors in the Maeser Building, and assistance with academic advisement is provided by Honors student aides.

Requirements for Graduation With University Honors

1. Commit to graduate with University Honors.
2. Take the required Honors courses:
   a. Two Honors sections of religion courses for students who entered the university fall 1994 or thereafter.
   b. Two semesters (201 and 202) of Honors History of Civilization
   c. HonP 200 or equivalent
   d. Three Honors elective courses
   e. Foreign language study
      • Two semesters of the same foreign language for those who entered the university fall 1994 or thereafter.
      • Four semesters of the same foreign language for those who entered the university before fall 1994.
   f. Math 112 or equivalent
3. Meet with an Honors Program representative for advisement at least once each year.
4. Before the junior year, complete and submit a "Great Works Contract" to the Honors Program (102A MSRB).

5. During the junior year, demonstrate familiarity with the "Great Works Contract" by turning in a portfolio of one-page responses to the works you select from the contract. By the junior year, it is recommended that students take two sections of HonP 214R covering works or topics not in your major.
6. During the junior year, submit a thesis proposal to the Honors Program (102A MSRB). Please pay special attention to the deadlines listed below so you do not run out of time. **Many theses require more time than that between the deadline for proposals and the deadline for thesis submissions.** For more information about your thesis proposal, see the handout "Instructions for the Thesis Proposal," which may be obtained from 102A MSRB.
7. During the senior year, turn in your portfolio, containing (1) samples of your writing from each year of your university career, (2) your responses to works selected from your "Great Works Contract," (3) a one-page description of your ongoing service at BYU. You who have served a full-time mission should include it as part of your service, but your description of your service should show that serving others was part of your life before your mission and continues after it.
8. Submit one copy of your *finished* thesis to the Honors Program by the deadline below.

Thesis Deadlines*

For graduation in:	Apr	Aug	Dec
Thesis proposal approved	Sep 15	Jan 15	May 15
One copy of thesis submitted to Honors Program *and* thesis defense scheduled	Feb 1	Jun 1	Oct 1
Exit interview completed; portfolio submitted	Mar 1	Jul 1	Nov 1
Four perfect copies of thesis on bond paper submitted to Honors Program for binding	Mar 15	Jul 15	Nov 15

***These date are deadlines, but most students will need to have their thesis proposal approved considerably before the deadline, preferably more than two semesters before defending the thesis**. Thus, those graduating in April should usually have their thesis approved no later than the previous April. In general, theses require one semester for research and a second for writing, so most students should plan to begin their research during their junior year.

9. When you submit your thesis, check with the Honors Program to find out the dean or Maeser General Education professor who has been assigned to chair your thesis defense committee. For more about the thesis defense, see the handout "The Honors Thesis Defense," available in 102A MSRB.
10. Have your advisor verify to the Honors Program that you are ready to defend your thesis by having your advisor sign the "Honors Thesis Submission Form." You may not schedule your defense until your advisor verifies that you are ready to defend.
11. At least two weeks beforehand, schedule your thesis defense with the assigned examination committee chair from Honors and the other members of the examination committee. To do this, contact each committee member to decide a mutually agreeable date, time, and location for the interview. As a courtesy, you should also invite your department or program chair to attend. Schedule this interview so that it will be completed by the deadlines below. For your advisor's and referee's convenience, please try to schedule your thesis defense in your major department's con-ference room. If nothing else is available, telephone 378-3038 and reserve the Honors conference room (305 MSRB). Inform everyone involved to allow at least 1.5 hours for the thesis defense.
12. At least two weeks before your thesis defense, submit a copy of your finished thesis to themembers of your thesis defense committee (i.e., your thesis advisor and faculty referee).
13. After the defense and by the deadline below, complete any required corrections and submit four copies of your finished thesis on bond paper for binding. Please be sure that you obtain the signatures of the advisor on all title pages *before* submitting the final copies for binding. It usually takes one month to have theses bound. Leave your forwarding address so we can mail you a copy of your thesis when it arrives.

Great Works of Literature, Art, and Film
As part of their undergraduate work, Honors students are expected to complete an independent study of a number of the most important works of literature and the other arts. A reading, listening, and viewing guide provides suggestions, but alternative works may also meet the requirement subject to approval by the Honors deans.

The purpose of the "Great Works" list is to help you begin to appreciate the breadth as well as depth of true education. Completion of this requirement should give you a start on the continued reading and thinking that is part of being educated. You should be familiar with:

1. Ten or more works of literature, philosophy, social science, and science. These must include:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
   d. Two scientific or mathematical texts
   e. One social science text (such as a book about history, economics, or political science)
2. Ten works of art, including:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
3. Ten musical works:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
4. Five films (including one silent and two foreign)

"Great Works Contracts" must be approved by an Honors dean before your junior year. You are expected to demonstrate familiarity with the works on your "Great Works Contract" by turning in a portfolio of one-page responses to the works during your junior year. More information and the "Great Works" list are available in 102A MSRB.

Many of the works will likely be studied in connection with courses, but Honors also sponsors a series of "modules" each semester. Each module is devoted to discussion and analysis of a selected work from the list. The modules are led by professors who are authorities on the subject.

The modules may be audited. However, 1credit hour may be earned by attending three months of modules and by registering for HonP 214R, section 1 for literature and section 2 for music. (No General Education credit is awarded for this course.)

Honors Thesis/Capstone Experience
To graduate with University Honors, you must complete an Honors thesis/capstone project. This requirement provides an opportunity for you to work closely with a faculty member on a project of your choosing in the major. The thesis/capstone project represents an independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.

Honors Student Portfolio
The portfolio represents primarily a collection of your best work throughout your tenure as an undergraduate student. However, the portfolio is not a scrapbook; it contains *samples* of your best writing, which may include class papers, exams, laboratory reports, musical compositions, paintings, designs of equipment, articles submitted for publication, etc. Depending on your major, the portfolio may contain other appropriate evidences of academic progress or achievement (e.g., artwork). When submitted for examination at the junior year exit interview, the portfolio should contain, but is not limited to:

1. A one-page outline or summary, semester by semester, of the major highlights and achievements of your undergraduate experience.
2. A one-page evaluation or assessment of your most memorable service experience while a student at BYU. Why or how was this experience formative for you? How do you plan to serve the larger community once you have left the university?
3. A current transcript.
4. A list of three faculty members who know you and your work.
5. A *representative collection* of your best academic work that reflects your educational progression throughout the undergraduate years. In this collection, some correlation with item 1 is looked for.

Honors and Grades
Anyone may register for Honors classes, but the classes are taught at the level of the superior student. Statistics indicate that capable and diligent students do very well in Honors classes. In fact, on the average, they receive slightly higher grades in their Honors classes than in their other classes in any given semester. Honors courses are not graded on a curve. Because the classes are more demanding and fulfilling, most students are motivated to perform well.

Honors Courses
The University Honors Program Course Guide contains a complete list of Honors courses and detailed course descriptions. It is an essential supplement to this catalog and the current class schedule. To obtain the course guide or further information about any part of the Honors Program, contact the General and Honors Education Office.

Course Descriptions
More detailed descriptions of the courses that follow are provided in the University Honors Program Course Guide. To obtain the course guide or further information about any part of the Honors Program, please contact the General and Honors Education Office.

Graduate Education

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires you to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require you to integrate and understand the collective knowledge of your discipline. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study
Application to graduate study is made through the Office of Graduate Studies, B-356 ASB, PO Box 21339. Except in a small number of integrated programs, the bachelor's degree is required before you may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants must be admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. Prospective applicants should communicate their interests to the specific departments to which they wish to apply and receive program and admission information from them.

Advisement of Graduate Students
Once admitted to a department graduate program, you are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. General questions about university admissions, procedures, and graduation may be directed to the Office of Graduate Studies, where advisors work individually with students and departments in admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements
University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's study list. Except in professional programs, courses of study are tailored for individual students, and their progress through those courses is tracked by the Office of Graduate Studies and reported to the students and their department advisors three times a year.

Graduate Curriculum
Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements
Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, UW, NS, or I grades, nor audits or correspondence courses, may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours and receive clearance from International Services, 350 SWKT.

Academic Standards
Grade Point Average (GPA) Requirements. Graduate students whose graduate program of study GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students. Departments are asked to make a formal evaluation of the performance of graduate students at least once a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program requirements (program of study submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification
Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, PO Box 21114, telephone (801) 378-2631. Registration for a minimum of 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to the Office of Graduate Studies.

Campus Privileges for Graduate Students
Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels
With department approval, students who want to change from one degree level to another within a department and without interruption of enrollment can request the change by submitting to the Office of Graduate Studies a Request to Change Degree Level (Form 1C), paying the application fee, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, the Office of Graduate Studies will officially notify you.

Changing Departments
To change departments, you must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU
Graduate students who wish to withdraw from the university must initiate that process at the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.

Termination of Graduate Status
Termination of graduate status may result if you:

1. Fail to fulfill the university's minimum registration requirement.
2. Fail to meet the degree time limit.
3. Make a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receive a Marginal or Unsatisfactory rating in a periodic review by the academic department and are unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fail to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fail the departmental comprehensive examination.
7. Fail the final oral examination (defense of dissertation, thesis, or project).
8. Violate the university's Honor Code.

Academic Standards

Your academic standing in the university is determined according to the grades that you earn. The following outline shows the conditions and expectations according to your academic standing.

ACADEMIC STATUS	UNDER THESE CONDITIONS	EXPECTATIONS
Satisfactory Standing	Occurs when your most recent semester/term GPA and your BYU cumulative GPA are 2.0 or above.	Continue to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
Previous	Same as satisfactory status but used to indicate those students who have been on probation or suspension in the past.	Same as satisfactory status. Students on previous status will go directly to probation if they have a semester below 2.0 in the future.
WARNING	Occurs when your most recent semester/term GPA is below 2.0.	Contact the Academic Support Office for assistance.
WARNING *with* Registration Block	Occurs when your BYU cumulative GPA is below 2.0 and you have completed more than one semester/ term at BYU. OR Occurs when your semester/term GPA is below 1.0.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office.
PROBATION *with* Registration Block	Occurs when you are on warning status and your next semester/term GPA is below 2.0. OR Occurs if at any previous time you have been on probation or suspension status at BYU and your semester/term GPA again is below 2.0. OR Occurs if your semester/term GPA is 2.0 or above and your BYU cumulative GPA remains below 2.0 and you have been moved to probation status.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office. **Note:** If you are receiving university or federal financial aid, you must also contact the Financial Aid Office (A-41 ASB). Students on probation usually are not eligible for financial aid.
SUSPENSION	Occurs when you are on probation status and your next semester/term GPA is below 2.0. OR Occurs when you fail to comply with the conditions prescribed by the Academic Support Office.	1. Suspended students are denied continued enrollment. If you are suspended and desire to return to BYU at some future point, you must qualify for readmission. If you wish to appeal your suspension, you must contact the Academic Support Office (151 SWKT). 2. If you have preregistered and/or paid any fees for a subsequent semester/term, you **MUST** withdraw (discontinue) and arrange for a tuition refund. Contact the Academic Support Office (151 SWKT) for assistance. 3. Suspension will be noted on your official BYU transcript.
DISMISSAL	Occurs when you are suspended a second time from the university.	Academic dismissal is noted on your official BYU transcript. You will need to seek other options to continue formal education.

NOTE: Registration blocks may also be set by college advisement centers (CACs) on students not progressing toward graduation in timely ways. To have this block removed you must also meet with your CAC.

Brigham Young University Honor Code

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.
—THIRTEENTH ARTICLE OF FAITH

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. This atmosphere is preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University are expected to demonstrate in daily living, on and off campus, those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse.
And will support others in their commitment to comply with the BYU Honor Code.

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty of BYU represent the principles and standards of the Church. These members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*.

- Clothing should be modest in fabric, fit, and style, and appropriate for the occasion. Skirts and shorts should be knee-length or lower. Clothing which is sleeveless, strapless, or revealing is not acceptable. Shoes should be worn in public campus areas.
- A clean and well-cared-for appearance should be maintained. Hairstyles should be clean and neat, avoiding extreme styles. Men's hair should be trimmed above the collar, leaving the ear uncovered. If worn, mustaches should be neatly trimmed. Earrings for men are unacceptable, and beards are not acceptable, except for certified medical reasons.

Nondiscrimination Policy

Admission to Brigham Young University is nondiscriminatory. The university admits persons regardless of race, color, national origin, religion, age, gender, veteran status, or disability who meet university and academic requirements and agree to abide by the university's standards of conduct and behavior. Persons who believe they have been the object of unlawful discrimination should contact the Equal Opportunity Office, A-285 ASB, PO Box 21220, telephone (801) 378-6878.

Continuing Ecclesiastical Endorsement

Every enrolled, continuing student, including graduate students, is required each year to obtain a Continuing Ecclesiastical Endorsement by April 1 from his or her winter semester ecclesiastical leader. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from a local ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT, telephone (801) 378-2731. A $20 late fee is assessed for endorsements dated after April 1. Registration is denied for fall semester or thereafter without a continuing endorsement.

All students must abide, both on and off campus, by the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church, on and off campus.

An individual who has disaffiliated or been excommunicated or disfellowshippped from The Church of Jesus Christ of Latter-day Saints is not eligible for enrollment at Brigham Young University until she or he is once again in good standing in the Church. If a current student disaffiliates or is excommunicated or disfellowshipped from the Church, the Ecclesiastical Endorsement is immediately withdrawn, and the student is discontinued. Every student must have a current Ecclesiastical Endorsement for continued enrollment.

University Policies

Confidentiality of Records Policy
The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when non-directory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes the following:

Student's name
Home and local addresses and telephone numbers
Date and place of birth
Major field of study
Information relative to participation in officially recognized activities (e.g., sports) including weight and height
Dates of attendance
Degrees and awards received

Previous educational institutions attended
Names of parents and spouse

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, PO Box 21114, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates
At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–31.9	Freshman
32–63.9	Sophomore
64–95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

Class Attendance Policy
You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes
To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

You may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the BYU Undergraduate Catalog).
2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade
The letter grade I (incomplete) is given on a contractual basis with the instructor to students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term. The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB, PO Box 21114.

An incomplete is computed in the grade point average as a failing grade until the course work has been completed and the official grade has been submitted by the instructor.

Grade Reports
Grade reports are available at no charge for all day and evening school students after the semester has concluded. Grade reports will be mailed to students who leave self-addressed, stamped envelopes containing their social security number at the Records Office.

Changing College or Major
Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with the Office of Graduate Studies for information and necessary forms.

Discontinuance from BYU
A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The nonacademic emergency deadline, June 6 for spring term and July 30 for summer term, is the last day a student can discontinue.

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 120 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

Full-time regular faculty, staff, and administrative personnel may register for a maximum of 6 credit hours per semester, within the guidelines indicated below, and will not be required to pay the cost of tuition. This benefit is applicable to undergraduate and graduate tuition; however, there may be income-tax ramifications on graduate tuition. Before registering for **graduate** courses, personnel must contact the Benefits Office.

Written approval is required for personnel to take daytime classes (7:00 a.m. to 5:00 p.m.). Applications for approval may be obtained at the Benefits Office, B-202 ASB, **before registration**. (Final approval for daytime class work rests with the tuition manager in the Benefits Office.) *Personnel eligible to take daytime classes need to be properly admitted through the Admissions Office.*

Full-Time Regular Faculty and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular personnel at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular teaching faculty and administrative personnel may register for courses of study up to 6 hours per semester. Those wishing to take daytime classes will need the written approval of the department chair or supervisor, the dean or director over the area, and the tuition manager of Benefits. Administrative personnel who take classes in the daytime hours are expected to make up the time they are absent from their regular work.

During the spring and summer terms, faculty members who have teaching duties and administrative personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken spring term, 6 credit hours may not be taken summer term, or vice versa.) However, faculty who are not teaching during a spring or summer term, and who are not on contract with the university for research, administrative, or other special assignments, may take as many credit hours during that term as their department permits.

Full-Time Regular Staff

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular personnel at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular staff personnel may register for courses of study up to 6 hours per semester. Written approval needs to be obtained from the individual's supervisor, the dean or director over the area, and the tuition manager of Benefits. Staff personnel are expected to make up the time they are absent from their regular work. Lunch periods may not be used for class attendance.

With the required approvals, staff personnel with staggered-hours schedules (see Work Hours Policy in the University Electronic Handbook) may register for daytime classes. A staggered-hours work schedule, which must first be approved by the person's supervisor, allows an individual to work eight hours between 7:00 a.m. and 6:00 p.m. with a meal period of at least one-half hour. The work schedule should remain as constant as possible. Whether or not an individual can have a staggered-hours schedule and take day classes will depend on the seasonal and daily workload of the department.

During the spring and summer terms, regular staff personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may not be taken in summer term, or vice versa.)

Spouses of Regular Faculty, Staff, and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits for their spouses, personnel must (a) be at least age thirty with one year of service **or** (b) have completed five years of service with the university, whichever occurs first. Regular personnel who terminate employment and are rehired may be able to add prior employment to the most recent period of employment, within the limits indicated in the university policy on service credit, to achieve the required years of service for eligibility for spouse tuition benefits.

Eligible spouses of regular, full-time faculty, staff, and administrative personnel may register for undergraduate courses of study with no limit as to the total number of hours (day or evening classes) and will not be required to pay the cost of tuition. *Those who wish to take daytime classes need to be properly admitted through the Admissions Office.* **Before registering for *graduate* courses of study, eligible spouses must contact the Benefits Office.**

Part-Time Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

Part-time, adjunct, on-call, and temporary personnel and their spouses are not eligible for tuition benefits.

Additional Information

Auditing Classes
All full-time personnel and their eligible spouses who desire to audit daytime classes should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited will not appear on official records. Those wishing to audit evening classes should do so through the Evening Classes Office. Any exceptions should be cleared through the Benefits Office.

University Discontinuance
Personnel or their spouses enrolled through day school who discontinue their entire registration at the university are required to discontinue through the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.

Evening Classes
Registration. Eligible faculty and staff members and their spouses who wish to register for evening classes *only* may do so at the Evening Classes Office, 120 HCEB. Individuals may obtain their tuition benefit there at the time they register by completing the Clearance Form and presenting their personnel or spouse ID card.

Daytime students taking Evening Classes (sections 400–499) may automatically register through the Touch-tone Telephone System.

Changes in Registration.
When a change in Evening Classes registration becomes necessary, individuals must obtain an add/drop card from 120 HCEB, and get the required approval and signature of the instructor. This card must then be returned to 120 HCEB, PO Box 21513.

Discontinuance.
A student discontinuing his or her entire registration in Evening Classes is required to discontinue through the Evening Classes Office. A $10 fee is charged the individual for the service after registration has been finalized.

University Assemblies

University Devotionals, Firesides, and Forums

University devotionals and forums, held throughout the year on Tuesdays at 11:00 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers are selected from the General Authorities and other leaders of the Church and the university, who come to teach the gospel and affirm the spiritual dimension of the university experience for students and faculty. An additional opportunity is provided, by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government, chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the discussion sessions that may accompany them) prompts inquiry into an understanding of significant intellectual, cultural, and social issues.

Most campus offices and services are closed during university assemblies so that members of the university community may participate.

Extra Registration Work Sheets

We suggest that you use the following forms to plan your ideal schedule. **Be careful not to select classes that meet at the same time on the same days**. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available. The computer will not schedule you in more than one section of the same class (except for R classes and labs).

Academic Advisement for Undergraduates

Where do you go for academic advisement?
If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. They will be closed for devotionals on Tuesdays from 11:00 a.m. to noon. Write, visit, or call the advisement center of your choice:

Touch-tone Telephone Instructions

1. **Call the system number:** (801) 378-5111

2. **Enter your social security identification number:** _ _ _ _ _ _ _ _ _ [#]

3. **Enter you personal identification number (PIN):** _ _ _ _ [#]
   Your original PIN is a four-digit representation of your birth month and year. You are encouraged to change your PIN often to protect your information.

   Example of PIN: 06 (Birth Month, June = 06) 77 (Birth Year, 1977 = 77)

4. **Enter an action code:**
   (To access another action code when finished in one area, just enter the new action code.)

REGISTRATION

[7] [0] [*] _ _ _ [#]
Year-Semester

Example of Year and Semester: 96 (Year, 1996 = 96) 4 (Semester, Summer = 4)

Semester Codes: Winter = 1, Spring = 3, Summer = 4, Fall = 5

Enter a registration request:

	Registration Code	Star Key	Section Number	Star Key	Registration Number	Pound Key	
Add:	7 2	*	___	*	____	#	If the section requested is full, enter 6#, and the computer will list the next five available sections.
Drop:	7 3	*	___	*	____	#	See the Discontinuance action code to drop all classes for the semester.
List open sections:	7 6	*	___	*	____	#	
Raincheck:	7 8	*	___	*	____	#	If all sections of the course you want are full, and you must have the course this semester, use the Raincheck option to place your name on the department list of students unable to enroll. Continue to monitor the course by phone or by AIM in case students drop. **A raincheck will not guarantee that you will be able to register for the class.**
List schedule:	7 5	#	To list your class schedule.				

DISCONTINUANCE

[7] [9] [*] _ _ _ [#]
Year-Semester

To drop all your classes or discontinue. This function is available until midnight of the day before classes begin. This may affect your eligibility for future enrollment. See page 12 for details.

GRADES

[8] [0] [*] _ _ _ [#]
Year-Semester

To list grades for semester requested. (This feature may not be available during the first week of a semester or term.)

PIN CHANGE

[9] [0] [#] To change your PIN. (The computer will prompt you to enter your new PIN. All PINs must be four numeric digits.)

EXIT SYSTEM

[#] [#] To terminate phone call.

Registration Work Sheet

We suggest that you use the following form to plan your ideal schedule. **Be careful not to select classes that meet at the same time on the same days.** After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available. The computer will not schedule you in more than one section of the same class (except for R classes and labs).

Free Application for Federal Student Aid (FAFSA): You must also complete the FAFSA or the Renewal Application if you apply for any of the following: Federal Pell Grant, Subsidized Federal Stafford Loan, Unsubsidized Federal Stafford Loan, need-based scholarships, and many private scholarships.

Verification: If you are selected for verification, additional forms are required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Returned Missionaries: If you served a portion of your mission in 1994 or 1995, additional forms will be required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Electronic Funds Transfer (EFT): If you request a Stafford or PLUS Loan, the Touch-tone system will ask whether you authorize your lender to electronically transmit your loan funds to your BYU student account by EFT.

Mailing Address: The Financial Aid Office will mail correspondence to the mailing address on record in the BYU Registration Office. The Scholarship Office will use your permanent address. To update either address, call (801) 378-2824.

Scholarship Information: To apply for need-based and specific private scholarships, refer to the BYU 1996–97 Financial Aid and Scholarship Bulletin for detailed information and application instructions. New beginning students should apply for academic scholarships on the Application for Admission. When you apply for scholarships by telephone, you authorize the university to release your transcript to appropriate personnel, including scholarship donors.

Registration Requirements

1. Admission

You are eligible to register for summer term 1996 if you registered for and completed regular day school classes during winter semester 1996, spring term 1996, or if you have been issued a valid letter of admission for summer term 1996 by the Admissions Office.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

2. Continuing Ecclesiastical Endorsement Required by April 1, 1996

Every enrolled, continuing student, including graduate students, who anticipates registering for any BYU credit after summer term 1996 is required to obtain a new Continuing Ecclesiastical Endorsement by April 1, 1996. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from a local ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT, telephone (801) 378-2731. A $20 late fee is assessed for endorsements dated after April 1. Registration is denied for fall semester or thereafter without a continuing endorsement.

Endorsement forms are available in the winter semester class schedule, at campus information desks, at college advisement centers, from bishops of BYU wards, and from the Honor Code Office.

All students must abide, both on and off campus, by the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church, on and off campus.

An individual who has disaffiliated or been excommunicated or disfellowshipped from The Church of Jesus Christ of Latter-day Saints is not eligible for enrollment at Brigham Young University until she or he is once again in good standing in the Church. If a current student disaffiliates or is excommunicated or disfellowshiped from the Church, the Ecclesiastical Endorsement is immediately withdrawn, and the student is discontinued. Every student must have a current Ecclesiastical Endorsement for continued enrollment.

3. Health Insurance Requirement Summer

BYU requires all full-time students (those taking 4.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by June 14, 1996, will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance fee payment is due by the tuition payment deadline.

Registration Procedures

Registration for spring term is not managed on a priority registration basis. Any student admitted to the university may register beginning on the first registration day, February 1.

TO REGISTER BEFORE SCHOOL BEGINS

STEP 1: PLAN YOUR SCHEDULE

Use the Registration Work Sheet to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days**. Consult the Class List beginning on page 9. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

STEP 2: REGISTER BY TOUCH-TONE TELEPHONE OR AIM

Register: February 1–April 30
Register using a Touch-tone telephone or an AIM terminal.

Late Registration: April 25–May 8
After April 24, a $25 late fee and full tuition must be paid before the telephone system will be made available for late registration. You may late register by telephone until April 30. Beginning the first day of class, May 1, you should use the telephone or a signed add/drop card to late register.

If all sections of the course you want are full, and you must have the course this semester, use the raincheck option to be placed on the department list of students unable to enroll (see Touch-Tone instructions on page 2 or raincheck option on AIM). Continue to monitor the course by phone or by AIM in case students drop. **A raincheck will not guarantee that you will be able to register for the class.**

Once you register you are officially enrolled and committed to attend class. If you decide not to be a student, you must discontinue **before the day school begins** to avoid being charge tuition. (See Touch-tone Telephone Instructions [79*963#] on page 2 for instructions on how to discontinue prior to the first class day. Once school begins, contact the Discontinuance Office, B-150 ASB, telephone [801] 378-7705. Refer to the following page for further information about discontinuance.)

Academic Information Management (AIM) is a computer aid available to you at the following locations across campus: all college advisement centers, Heritage Halls Central Building lobby, Wymount Terrace computer lab, Cannon Center central lobby, Morris Center computer lab, ELWC Information Desk, ELWC Word Center computer lab, and the ASB, HBLL, CB, TNRB, TMCB, CTB, SFLC, and SWKT. You can do the following things at these terminals:

- Register for classes
- Access class schedule
- Determine course availability and instructor schedules
- Change address/phone number
- Monitor GE and major progress report (ABC)
- Look at grades and BYU credit
- Make PIN changes

Holds That May Block Your Registration
College Advisement Center (CAC) Hold

If you have a CAC hold, it will be indicated after the number of completed hours on the Registration Notice. The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with CAC holds include: (1) seniors on academic probation, (2) seniors who have not declared a major, (3) seniors with 150 or more semester hours of credit who have not applied for graduation, and (4) seniors who have fulfilled all graduation requirements but have postponed graduation. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Other

Check with the appropriate office according to your hold:

• Academic standards	Academic Support	(801) 378-2723
• Ecclesiastical endorsement	Honor Code Office	(801) 378-2847
• Financial (prior balance)	Student Accounts	(801) 378-5415

• University standards	Honor Code Office	(801) 378-2847
• CAC hold	Your college advisement center	(see inside front cover)
• Loans	Collections Office	(801) 378-7648
or Financial Aid		(801) 378-4104

STEP 3: PAY TUITION

It is important that your mailing address be updated at the Registration Office, B-130 ASB, PO Box 21112, Provo, UT 84602-1112, telephone (801) 378-2824. Please call the Registration Office if you need to do so. A list of classes and a Tuition Billing Statement will be mailed to you in April if you have registered for at least one class.

Tuition Payment Deadline April 24, 1996 (to avoid late fees)
The Tuition Billing Statement will be mailed to all students who are registered for at least one class by April 17. **Tuition assessment on the billing is based on anticipated full-time enrollment of 4.5 credit hours or more for the term (8.5 credit hours or more for a semester)**. The Federal Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 6 credit hours. If your grant eligibility, loan, or scholarship is for less than the tuition due, you must pay the difference by the deadline to avoid a late fee. **If you are a part-time student, adjust the statement and pay only for the hours you expect to take.** (See Tuition and Fees section for more information).

If you register after April 17or if for some reason you do not receive a billing statement, it will be your responsibility to pay tuition by the deadline. A check or money order to cover the amount of tuition due should be mailed to the Cashiers' Office, D-148 ASB, PO Box 21128, Provo, UT 84602-1128. A drop box is provided in D-148 ASB for all students on campus. Do not use campus mail.

Important notice: If you fail to meet the tuition deadline, you will be assessed a $25 late fee. You will be assessed a late tuition fee if you pay less than full-time tuition by April 24 and are then enrolled or later become enrolled for more than 4 credit hours. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed.

DISCONTINUANCE (Dropping All Classes for the Semester or Term)

WHAT TO DO BEFORE CLASSES BEGIN
Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this semester, you must discontinue or drop all your classes before the day school begins to avoid tuition charges. If you do not drop your classes, they will remain on your record and **you will be charged tuition.** Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions (79*964#) in this class schedule) until midnight of the day before classes begin.

WHAT TO DO AFTER CLASSES BEGIN
On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. Tuition will be charged starting the first day of class to the date of discontinuance at the percentage rate listed in the Tuition and Fees section.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office.

TO REGISTER OR MAKE CLASS CHANGES AFTER SCHOOL BEGINS

Add/Drop cards may be obtained beginning the first day of class from the Smith Family Living Center (SFLC), college advisement centers, and the Registration Office. The card must be returned to the SFLC step-down area between 8:00 a.m. and 5:00 p.m. during the first six class days.

ADDING: June 24–July 1

You may add classes the first six days of a term. During this time some classes may be added using the Touch-tone telephone or AIM systems. All other classes require an add card with the instructor's signature. This class schedule indicates telephone/AIM registration with a **T** and an add card needing the instructor's signature with an **S**. If you wish to audit a class, see the following page.

DROPPING: June 24–25

All drops can be done using the Touch-tone telephone or AIM terminals the first two days of the term. There is no drop fee during these two days.

June 25–July 1 (without a W)
All drops must be done on an add/drop card. No instructor's signature is required to drop a class. **Drop fees begin the third class day (June 26) at $3 per class and increase $1 each day until the total reaches a maximum of $6 per class on the sixth class day (July 1).**

July 2–11 (with a W)
All drops must be done on an add/drop card. Students will be charged $6 per class and will receive a W (official withdrawal) on their transcript. Drop cards must be submitted to the Registration Office, B-130 ASB, PO Box 21114.

Additional Registration Information

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a term). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official records, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students.

Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the second, third, and eighth weeks, include the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 or fewer hours during a term are considered part-time. Students enrolled in 4 or fewer credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours. Graduate students should refer to the Graduate Education section of this class schedule. Contact the Records Office, B-150 ASB, for enrollment verification.

Evening Classes

Daytime students taking evening classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

Independent Study Programs

Independent Study can bring many university courses to your home. You may register for courses any time during the year and take up to a year to finish each course. Tuition is $75 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase, "Offered by Independent Study." For further information and a free catalog, contact the Independent Study Office, 206 HCEB, PO Box 21514, or telephone (801) 378-2868.

Note: Independent Study courses do not apply toward a **BYU graduate** degree.

Help for New Students

Organize Your Registration Materials

BYU Undergraduate Catalog or BYU Graduate Studies Catalog
The BYU Undergraduate Catalog includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Catalog describes graduate courses and programs. Both catalogs can be purchased at the BYU Bookstore for $5.00 each. To receive either of these catalogs by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. Catalogs mailed second class cost $6.50 each (subject to change), and those mailed first class cost $10.00 each. These prices include postage and handling. VISA, MasterCard, check, or money order is accepted in payment.

Class Schedule
The spring/summer 1996 class schedule includes registration instructions, information to assist in selecting classes, and a list of classes by department. New students are mailed a current class schedule after admission. Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. The cost, which includes first-class postage and handling, is $4.00. VISA, MasterCard, check, or money order is accepted in payment.

Registration Work Sheet
This work sheet is found on page 2 of this class schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

List of Required Classes
To obtain a list of classes needed to meet university and major requirements, undergraduates can refer to the BYU Undergraduate Catalog, contact their advisement center, or refer to the General Education for Undergraduates section of this class schedule. Graduate students can refer to the BYU Graduate Catalog, their academic department, or their advisor.

Student Development Elective Courses
Elective credit classes designed to assist new students in their career, academic, and personal progress are available through Student Development course work. Classes are listed under Student Development (StDev) in the class list.

Questions/Answers for New Undergraduate Students

What is a credit hour?
A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

What is General Education (GE) for undergraduates?
The General Education Program for undergraduates at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

What is a major?
A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called "open major."

How do I request classes?
Students request classes using either a Touch-tone telephone or Academic Information Management (AIM). You should complete the Touch-tone Telephone Instructions and have alternate sections available so that you can submit additional requests by phone if the class is full. AIM can be accessed at a variety of locations around campus. Look for the AIM posters or contact your advisement center for more information.

Which classes should I select?
A guide for selecting classes follows.

Selecting Classes—Freshman Year

Use the registration work sheet on page 2 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl 115). You may be able to take it the next semester.

1. Select one religion class:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 122	Book of Mormon	2

2. Select an appropriate English and math* class based on your preparation:

Course	Title	Credit Hours
Engl 115	College Writing and Reading	3
HonP 200	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 97*	Intermediate Algebra (ACT math score 18–21 is prerequisite; this is a no-credit, extra-fee class)	0
Math 110*	College Algebra (ACT math score 22 or above plus two years of high school algebra is prerequisite)	3
Math 112*	Calculus 1 (ACT math score 27 or above plus four years of high school mathematics including precalculus is prerequisite)	4
Math 119*	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education Mathematics option.

3. Start work in a foreign language (see page 55).
If you want to pursue the Foreign Language option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses. Also, check with your college advisement center about the foreign language requirement in your major.

4. Select one or two courses from the following General Education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, the College of Education, or the College of Engineering and Technology.

Final Exam Policy—Summer Term 1996

Final examinations will be given at the times shown in the schedule (opposite page). Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement.

Examinations will be held Wednesday and Thursday, August 14 and 15, with a reading day on Tuesday, August 13, 1996. Therefore, Monday, August 12 will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, PO Box 21114, telephone (801) 378-6557. For evening classes, contact the Evening Classes Office, 120 HCEB, PO Box 21513, telephone (801) 378-2872.

Final exams for day and evening (section 400) classes beginning at 5:00 p.m. or later will be conducted on the last class period as follows: Tuesday, August 6; Wednesday, August 7; Thursday, August 8; Friday, August 9; Monday, August 12.

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour**. For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

How to Obtain a Fall 1996 Class Schedule

Newly admitted students are sent a free copy of the current class schedule bulletin for the semester or term to which they are admitted. For every enrollment thereafter, a student must purchase a copy.

The bottom of the page is an order form with instructions on how to obtain a fall 1996 class schedule (available beginning April 1, 1996).

Just a reminder—you must register for classes in the term or semester for which you are admitted (i.e., spring 1996 or summer 1996) or you will not be permitted to attend fall semester 1996.

BYU Registration Office, B-130 ASB, PO Box 21114, Provo, UT 84602-1114, telephone (801) 378-2824

Fall 1996 Class Schedule Mail Order Form

Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1.50 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. VISA, MasterCard, check, or money order is accepted in payment (postage rates subject to change).

$ 4.50 for first-class mail (one-week delivery)
$ 7.50 for second-day airmail
$12.50 for next-day airmail
Foreign addresses (U.S. dollars only)
Canada: $5.00
Mexico: $5.00

Overseas: amount may vary

Academic Advisement for Undergraduates

Where do you go for academic advisement?
If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. They will be closed for devotionals on Tuesdays from 11:00 a.m. to noon. Write, visit, or call the advisement center of your choice:

Touch-tone Telephone Instructions

1. **Call the system number:** (801) 378-5111
2. **Enter your social security identification number:** ___ __ ____ #
3. **Enter you personal identification number (PIN):** ____ #
   Your original PIN is a four-digit representation of your birth month and year. You are encouraged to change your PIN often to protect your information.

   Example of PIN: 06 (Birth Month, June = 06) 78 (Birth Year, 1978 = 78)
4. **Enter an action code:**
   (To access another action code when finished in one area, just enter the new action code.)

REGISTRATION

7 0 * ___ # (Year-Semester)

Example of Year and Semester: 96 (Year, 1996 = 96) 5 (Semester, Fall = 5)

Semester Codes: Winter = 1, Spring = 3, Summer = 4, Fall = 5

Enter a registration request:

	Registration Code	Star Key	Section Number	Star Key	Registration Number	Pound Key	
Add:	7 2	*	___	*	____	#	If the section requested is full, enter 6#, and the computer will list the next five available sections.
Drop:	7 3	*	___	*	____	#	See the Discontinuance action code to drop all classes for the semester.
List open sections:	7 6	*	___	*	____	#	
Raincheck:	7 8	*	___	*	____	#	If all sections of the course you want are full, and you must have the course this semester, use the Raincheck option to place your name on the department list of students unable to enroll. Continue to monitor the course by phone or by AIM in case students drop. **A raincheck will not guarantee that you will be able to register for the class.**
List schedule:	7 5	#	To list your class schedule.				

DISCONTINUANCE

7 9 * ___ # (Year-Semester)

To drop all your classes or discontinue. This function is available until midnight of the day before classes begin. This may affect your eligibility for future enrollment See page 7 for details.

GRADES

8 0 * ___ # (Year-Semester)

To list grades for semester requested. (This feature may not be available during the first week of a semester or term.)

PIN CHANGE

9 0 # To change your PIN. (The computer will prompt you to enter your new PIN. All PINs must be four numeric digits.)

EXIT SYSTEM

To terminate phone call.

Registration Work Sheet

We suggest that you use the following forms to plan your ideal schedule. **Be careful not to select classes that meet at the same time on the same days.** After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available. The computer will not schedule you in more than one section of the same class (except for R classes and labs).

Free Application for Federal Student Aid (FAFSA): You must also complete the FAFSA or the Renewal Application if you apply for any of the following: Federal Pell Grant, Subsidized Federal Stafford Loan, Unsubsidized Federal Stafford Loan, need-based scholarships, and many private scholarships.

Verification: If you are selected for verification, additional forms are required. See page 9 of the BYU 1996-97 Financial Aid Bulletin.

Returned Missionaries: If you served a portion of your mission in 1995 or 1996, additional forms will be required. See page 9 of the BYU 1996-97 Financial Aid Bulletin.

Electronic Funds Transfer (EFT): If you request a Stafford or PLUS Loan, the Touch-tone system will ask whether you authorize your lender to electronically transmit your loan funds to your BYU student account by EFT.

Mailing Address: The Financial Aid Office will mail correspondence to the mailing address on record in the BYU Registration Office. The Scholarship Office will use your permanent address. To update either address, call (801) 378-2824.

Scholarship Information: To apply for need-based and specific private scholarships, refer to the BYU 1996–97 Financial Aid and Scholarship Bulletin for detailed information and application instructions. New beginning students should apply for academic scholarships on the Application for Admission. When you apply for scholarships by telephone, you authorize the university to release your transcript to appropriate personnel, including scholarship donors.

Help for New Students

Organize Your Registration Materials

BYU Undergraduate Catalog or BYU Graduate Studies Catalog
The BYU Undergraduate Catalog includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Catalog describes graduate courses and programs. Both catalogs can be purchased at the BYU Bookstore for $5.00 each. To receive either of these catalogs by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. Catalogs mailed second class cost $6.50 each (subject to change), and those mailed first class cost $10.00 each. These prices include postage and handling. VISA, MasterCard, check, or money order is accepted in payment.

Class Schedule
The fall 1996 class schedule includes registration instructions, information to assist in selecting classes, and a list of classes by department. New students are mailed a current class schedule after admission. Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1.50 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. The cost, which includes first-class postage and handling, is $4.50. VISA, MasterCard, check, or money order is accepted in payment.

Registration Work Sheet
This work sheet is found on page 2 of this class schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

List of Required Classes
To obtain a list of classes needed to meet university and major requirements, undergraduates can refer to the BYU Undergraduate Catalog, contact their advisement center, or refer to the General Education section of this class schedule. Graduate students can refer to the BYU Graduate Catalog, their academic department, or their advisor.

Student Development Elective Courses
Elective credit classes designed to assist new students in their career, academic, and personal progress are available through Student Development course work. Classes are listed under Student Development (StDev) in the class list.

Questions/Answers for New Undergraduate Students

What is a credit hour?
A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

What is General Education (GE) for undergraduates?
The General Education Program at BYU assures that undergraduates have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

What is a major?
A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called "open major."

How do I request classes?
Students request classes using either Academic Information Management (AIM) or a Touch-tone telephone. You should complete the Touch-tone telephone Instructions and have alternate sections available so that you can submit additional requests by phone if the class is full. AIM can be accessed at a variety of locations around campus. Look for the AIM posters or contact your advisement center for more information.

Registration Requirements

1. Admission

You are eligible to register for fall semester 1996 if you registered for and completed regular day school classes during winter semester 1996, spring term 1996, or summer term 1996, or if you have been issued a valid letter of admission for fall semester 1996 by the Admissions Office.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

2. Continuing Ecclesiastical Endorsement Required by April 1, 1996

Every enrolled, continuing student, including graduate students, who anticipates registering for any BYU credit after summer term 1996 is required to obtain a new Continuing Ecclesiastical Endorsement by April 1, 1996. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from a local ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT, telephone (801) 378-2731. A $20 late fee is assessed for endorsements dated after April 1. Registration is denied for fall semester or thereafter without a continuing endorsement.

Endorsement forms are available in the winter semester class schedule, at campus information desks, at college advisement centers, from bishops of BYU wards, and from the Honor Code Office.

All students must abide, both on and off campus, by the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church, on and off campus.

An individual who has disaffiliated or been excommunicated or disfellowshipped from The Church of Jesus Christ of Latter-day Saints is not eligible for enrollment at Brigham Young University until she or he is once again in good standing in the Church. If a current student disaffiliates or is excommunicated or disfellowshipped from the Church, the Ecclesiastical Endorsement is immediately withdrawn, and the student is discontinued. Every student must have a current Ecclesiastical Endorsement for continued enrollment.

3. Health Insurance Requirement Fall Semester

BYU requires all full-time students (those taking 8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by August 15, 1996, will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance fee payment is due by the tuition payment deadline.

Registration Procedures: Priority Registration

•PRIORITY IS BASED ON CLASS STANDING OR THE TOTAL NUMBER OF CREDIT HOURS COMPLETED THROUGH FALL SEMESTER 1995.

Priority begins with graduate students, then seniors, juniors, sophomores, continuing freshmen, and non-degree seeking graduate students. Newly admitted freshmen will register in a separate priority (see priority schedule, Step 3).

TO REGISTER BEFORE SCHOOL BEGINS

STEP 1: RECEIVE A REGISTRATION NOTICE

Note Your Beginning Registration Time
The registration system will be open from your beginning time, as indicated on the Registration Notice, until midnight September 2 (tuition must be paid by August 15 to have continued access). The registration system will not allow you to register before the given time.

Update Address Information
It is important that your mailing address be updated at the Registration Office, B-130 ASB, PO Box 21112, Provo, UT 84602-1112, telephone (801) 378-2824. Please call or return the address section of the Registration Notice to the Registration Office if you need to do so. A list of classes and a Tuition Billing Statement will be mailed to you in July if you have registered for at least one class.

Check Holds That May Block Your Registration
Prior Balance Due

If you owe a prior balance as of the date of printing, the form will indicate the amount. You must clear your account before registration will open to you.

College Advisement Center (CAC) Hold

If you have a CAC hold, it will be indicated after the number of completed hours on the Registration Notice. The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with CAC holds include: (1) seniors on academic probation, (2) seniors who have not declared a major, (3) seniors with 150 or more semester hours of credit who have not applied for graduation, and (4) seniors who have fulfilled all graduation requirements but have postponed graduation. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Other

Check with the appropriate office according to your hold:

• Academic standards	Academic Support	(801) 378-2723
• Ecclesiastical endorsement	Honor Code Office	(801) 378-2847
• Financial (prior balance)	Student Accounts	(801) 378-5415
• Graduate school	Office of Graduate Studies	(801) 378-4091
• University standards	Honor Code Office	(801) 378-2847
• CAC hold	Your college advisement center	(see inside front cover)
• Loans	Collections Office	(801) 378-7648
	or Financial Aid	(801) 378-4104

STEP 2: PLAN YOUR SCHEDULE

Use the Registration Work Sheet to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days.** Consult the Class List beginning on page 32. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

STEP 3: REGISTER BY TOUCH-TONE TELEPHONE OR AIM*

Priority Registration Schedule:

Credit Hours/Class Standing	*Day You Can Begin Registering*
Graduate students	Monday, April 8
125 +	Tuesday, April 9
110	Wednesday, April 10
90	Thursday, April 11
80	Friday, April 12
70	Saturday, April 13
50	Monday, April 15
40	Tuesday, April 16
20	Wednesday, April 17
15	Thursday, April 18
Fewer than 15 and non-degree-seeking graduates	Friday, April 19
Newly admitted freshmen (randomly assigned according to social security number)	Monday–Wednesday, May 20–22

If all sections of the course you want are full, and you must have this course this semester, use the raincheck option to be placed on the department list of students unable to enroll (see Touch-Tone instructions on page 1 or raincheck option on AIM). Continue to monitor the course by phone or by AIM in case students drop. **A raincheck will not guarantee that you will be able to register for the class.**

***Academic Information Management (AIM)** is a computer aid available to you at the following locations across campus: all college advisement centers, Heritage Halls Central Building lobby, Wymount Terrace computer lab, Cannon Center central lobby, Morris Center computer lab, ELWC Information Desk, ELWC Word Center computer lab, and the ASB, HBLL, CB, TNRB, TMCB, CTB, SFLC, and SWKT. You can do the following things at these terminals:

- Register for classes
- Access class schedule
- Determine course availability and instructor schedules
- Change address/phone number
- Monitor GE and major progress report (ABC)
- Look at grades and BYU credit
- Make PIN changes

STEP 4: PAY TUITION

Tuition Payment Deadline August 15, 1996 (to avoid late fees)
The Tuition Billing Statement will be mailed to all students who are registered for at least one class by August 5. **Tuition assessment on the billing is based on anticipated full-time enrollment of 8.5 credit hours or more for the semester.** The Federal Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 12 credit hours. If your grant eligibility, loan, or scholarship is for less than the tuition due, you must pay the difference by the deadline to avoid a late fee. **If you are a part-time student, adjust the statement and pay only for the hours you expect to take.** (See Tuition and Fees section for more information).

If you register after August 5 or if for some reason you do not receive a billing statement, it will be your responsibility to pay tuition by the deadline. A check or money order to cover the amount of tuition due should be mailed to the Cashiers' Office, D-148 ASB, PO Box 21128, Provo, UT 84602-1128. A drop box is provided in D-148 ASB for all students on campus. Do not use campus mail.

Important notice: If you fail to meet the tuition deadline, you will be assessed a late fee ($50 August 16–August 30; $90 August 31–September 16). You will be assessed a late tuition fee if you pay less than full-time tuition by August 15 and are then enrolled or later become enrolled for more than 8 credit hours. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed.

DISCONTINUANCE (Dropping All Classes for the Semester or Term)

WHAT TO DO BEFORE CLASSES BEGIN
Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this semester, you must discontinue or drop all your classes before the day school begins to avoid tuition charges. If you do not drop your classes, they will remain on your record and **you will be charged tuition.** Classes may be dropped using the discontinuance action code (79*965#—see the Touch-tone telephone Instructions in this class schedule) until midnight of the day before classes begin.

WHAT TO DO AFTER CLASSES BEGIN
On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. Tuition will be charged starting the first day of class to the date of discontinuance at the percentage rate listed in the Tuition and Fees section.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office.

TO REGISTER OR MAKE CLASS CHANGES AFTER SCHOOL BEGINS

Add/Drop cards may be obtained beginning the first day of class from the Smith Family Living Center (SFLC), college advisement centers, and the Registration Office. The card must be returned to the SFLC step-down area between 8:00 a.m. and 5:00 p.m. during the first ten class days. The following dates apply to full-semester classes; for block classes see the calendar for deadlines.

ADDING: **September 3–16**

You may add classes the first ten days of a semester. During this time some classes may be added using the Touch-tone telephone or AIM systems. All other classes require an add card with the instructor's signature. This class schedule indicates telephone/AIM registration with a **T** and an add card needing the instructor's signature with an **S**. If you wish to audit a class, see the following page.

DROPPING: **September 3–4**

All drops can be done using the AIM terminals or Touch-tone telephone the first two days of the semester. There is no drop fee during these two days.

September 5–16 (without a W)

All drops must be done on an add/drop card. No instructor's signature is required to drop a class. **Drop fees begin the third class day (September 5) at $3 per class and increase $1 each day until the total reaches a maximum of $10 per class on the tenth class day (September 16).**

September 17–October 7 (with a W)

All drops must be done on an add/drop card. Students will be charged $10 per class and will receive a W (official withdrawal) on their transcript. Drop cards must be submitted to the Registration Office, B-130 ASB, PO Box 21114.

Additional Registration Information

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a term). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit**. Classes taken on an audit basis will not appear on your official records, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students.

Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the second, third, and eighth weeks, include the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 or fewer hours during a term are considered part-time. Students enrolled in 4 or fewer credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours. Graduate students should refer to the Graduate Education section of this class schedule. Contact the Records Office, B-150 ASB, for enrollment verification.

Evening Classes

Daytime students taking evening classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

Independent Study Programs

Independent Study can bring many university courses to your home. You may register for courses any time during the year and take up to a year to finish each course. Tuition is $78 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase, "Offered by Independent Study." For further information and a free catalog, contact the Independent Study Office, 206 HCEB, PO Box 21514, or telephone (801) 378-2868.

Note: Independent Study courses do not apply toward a **BYU graduate** degree.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

Full-time regular faculty, staff, and administrative personnel may register for no more than 6 credit hours per semester, within the guidelines indicated below, and will not be required to pay the cost of tuition. This benefit is applicable to undergraduate and graduate tuition; however, there may be income-tax ramifications on graduate tuition. Before registering for **graduate** courses, personnel must contact the Benefits Office.

Written approval is required for personnel to take daytime classes (7:00 a.m. to 5:00 p.m.). Applications for approval may be obtained at the Benefits Office, B-202 ASB, **before registration**. (Final approval for daytime class work rests with the tuition manager in the Benefits Office.) *Personnel eligible to take daytime classes need to be properly admitted through the Admissions Office.*

Full-Time Regular Faculty and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular personnel at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular teaching faculty and administrative personnel may register for courses of study up to 6 hours per semester. Those wishing to take daytime classes will need the written approval of the department chair or supervisor, the dean or director over the area, and the tuition manager of Benefits. Administrative personnel who take classes in the daytime hours are expected to make up the time they are absent from their regular work.

During the spring and summer terms, faculty members who have teaching duties and administrative personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken spring term, 6 credit hours may not be taken summer term, or vice versa.) However, faculty who are not teaching during a spring or summer term, and who are not on contract with the university for research, administrative, or other special assignments, may take as many credit hours during that term as their department permits.

Full-Time Regular Staff

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular personnel at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular staff personnel may register for courses of study up to 6 hours per semester. Written approval needs to be obtained from the individual's supervisor, the dean or director over the area, and the tuition manager of Benefits. Staff personnel are expected to make up the time they are absent from their regular work. Lunch periods may not be used for class attendance.

With the required approvals, staff personnel with staggered-hours schedules (see Work Hours Policy in the University Electronic Handbook) may register for daytime classes. A staggered-hours work schedule, which must first be approved by the person's supervisor, allows an individual to work eight hours between 7:00 a.m. and 6:00 p.m. with a meal period of at least one-half hour. The work schedule should remain as constant as possible. Whether or not an individual can have a staggered-hours schedule and take day classes will depend on the seasonal and daily workload of the department.

During the spring and summer terms, regular staff personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may not be taken in summer term, or vice versa.)

Spouses of Regular Faculty, Staff, and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits for their spouses, personnel must (a) be at least age thirty with one year of service ***or*** (b) have completed five years of service with the university, whichever occurs first. Regular personnel who terminate employment and are rehired may be able to add prior employment to the most recent period of employment, within the limits indicated in the university policy on service credit, to achieve the required years of service for eligibility for spouse tuition benefits.

Eligible spouses of regular, full-time faculty, staff, and administrative personnel may register for undergraduate courses of study with no limit as to the total number of hours (day or evening classes) and will not be required to pay the cost of tuition. *Those who wish to take daytime classes need to be properly admitted through the Admissions Office.* **Before registering for *graduate* courses of study, eligible spouses must contact the Benefits Office.**

Part-Time Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

Part-time, adjunct, on-call, and temporary personnel and their spouses are not eligible for tuition benefits.

Additional Information

Auditing Classes
All full-time personnel and their eligible spouses who desire to audit daytime classes should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited will not appear on official records. Those wishing to audit evening classes should do so through the Evening Classes Office. Any exceptions should be cleared through the Benefits Office.

University Discontinuance
Personnel or their spouses enrolled through day school who discontinue their entire registration at the university are required to discontinue through the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.

Evening Classes
Registration. Eligible faculty and staff members and their spouses who wish to register for evening classes *only* may do so at the Evening Classes Office, 120 HCEB. Individuals may obtain their tuition benefit there at the time they register by completing the Clearance Form and presenting their personnel or spouse ID card.

Daytime students taking Evening Classes (sections 400–499) may automatically register through the Touch-tone telephone System.

Changes in Registration.
When a change in Evening Classes registration becomes necessary, individuals must obtain an add/drop card from 120 HCEB, and get the required approval and signature of the instructor. This card must then be returned to 120 HCEB, PO Box 21513.

Discontinuance.
A student discontinuing his or her entire registration in Evening Classes is required to discontinue through the Evening Classes Office. A $10 fee is charged the individual for the service after registration has been finalized.

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational cost.

Tuition and class fees are due and payable before a student begins class attendance. Students who fail to pay tuition by the scheduled final day to late register will jeopardize their eligibility to enroll for the following semester/term. Past financial delinquencies must be cleared before a new registration may be completed. Refer to Tuition and Fees Information on the calendar in this class schedule.

Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).

Once students register for classes, they are officially enrolled and committed to attend. Students who decide not to attend must officially withdraw from classes prior to the day school begins to avoid being charged tuition. Classes may be dropped using the discontinuance action code (see the Touch-tone telephone Instructions) until midnight of the day before classes begin. On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. If you do not drop your classes, they will remain on your records and **you will be charged tuition**. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed on the following page.

Students who anticipate receiving financial aid will be held responsible to pay tuition charges incurred whether or not financial aid is available or forfeited.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Federal Pell Grant or Federal Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition purposes) are those students who have received their bachelor's degree or will have received it by the beginning of spring term and are not students of the Law School or the Graduate School of Management.

Full-time classification (for tuition assessment) for all students is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.

Tuition and General Fees Per Semester

Undergraduate Students	**LDS**	**Non-LDS**
Full-time (8.5 or more credit hours)	$ 1,265	$ 1,900
Part-time (per credit hour)	$ 130	$ 195
Graduate Students		
Full-time (8.5 or more credit hours)	$ 1,490	$ 2,235
Part-time (per credit hour)	$ 165	$ 248
Graduate School of Management Students and Law School Students	**LDS**	**Non-LDS**
Full-time (8.5 or more credit hours)	$ 2,380	$ 3,570
Part-time (per credit hour)	$ 264	$ 396

A fraction of an hour in the sum of hours is counted as a full hour in assessing fees. Minimum tuition is the one-credit-hour rate. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee—Tuition Paid after August 15

August 16–September August 30 ..... $50
August 31–September 16 ..... $90
(Last day to pay tuition is September 16)

Late tuition fees will be assessed to all students who fail to pay tuition by payment deadline dates. The late fee will also be assessed to students who pay less than full-time tuition by the August 15 deadline and are then or later become registered for more than 8.5 credit hours.

Any student whose tuition check is dishonored by the bank will be charged the late registration fee in effect at the time the check is redeemed.

Tuition Adjustments—Change in Credit Hours
After the semester begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **on the day they are added**. If this is not done, a late fee may be assessed. A change to full-time status requires that additional tuition be paid plus the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151 ASB. A full refund of the difference between full-time assessment and part-time assessment will be allowed through September 16. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

Tuition Refunds/Charges—Discontinuance
Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone (801) 378-7705. The following rates apply:

Discontinuence	Tuition Charged	Refund of Tuition Paid
Before Sep 3	None	100%
Sep 3–Sep 6	10%	90%
Sep 9–Sep 13	15%	85%
Sep 16–Sep 20	20%	80%
Sep 23–Sep 27	25%	75%
Sep 30–Oct 4	30%	70%
Oct 7–Oct 11	35%	65%
Oct 14–Oct 18	40%	60%
Oct 21–Oct 25	45%	55%
Oct 28–Nov 1	50%	50%
Nov 4–Nov 8	55%	45%
After Nov 8	100%	None

A petition for exception to the refund schedule will be considered for students forced to discontinue because of personal medical incapacitation after the 85 percent refund period. Petition forms are in D-208 ASB.

A refund due because of discontinuance from school will be made only by check through the mail. It will be mailed approximately two weeks from the date of **discontinuance.** Refunds due to students who have a Federal Pell Grant and/or Federal Stafford/PLUS Loan will be returned to the lending agency and/or the Pell Grant Program. Contact the Tuition Office, D-151 ASB, for specific information.

Late fees are not refundable.

Parking Fees and Information

Motor Vehicles
Parking permits are required to park on campus. To purchase a permit, bring the following to the Parking and Traffic Services Building (PTSB):

1. Current vehicle registration
2. Proof of emissions compliance. Vehicles registered in areas that do not have an emissions program meeting Utah County requirements will need to pass an emissions test. Contact Parking and Traffic Services for further information, telephone (801) 378-3906.
3. BYU identification card
4. Copy of housing contract or room key (required only for a singles on-campus housing C permit)
5. Fee
   Fees vary by permit and semester as follows:

Permit	*Fall*	*Winter*	*Spring/Summer*
G	$40	$25	Not available
Y	$15	$10	$ 5
R	$ 5	$ 5	$ 5
C	$ 7	$ 5	$ 3
Motorcycle/ Moped	$10	$ 8	$ 4

Parking permits expire September 15, 1997.

Out-of-State Plates
Faculty and staff employees with out-of-state plates must license their vehicles with the state of Utah and clear them for tax payment before they can receive their parking permits.

Bicycles
Bicycles must be licensed within Utah County. Provo city licenses cost $1 at the Parking and Traffic Services Building.

Bicyclists must:

1. Always park bicycles in racks.
2. Never ride on sidewalks during class breaks.
3. Yield to pedestrians.
4. Obey all traffic rules.

Bicycles not parked in racks will be impounded. BYU will not be responsible for cut locks, chains, or cables. Locks, chains, or cables may be cut only when uniformed police or traffic personnel are present.

Other Regulations and Information
Owner/Operators of motor vehicles operated in Utah County should be prepared to pass Utah County Vehicle Emissions Inspection Maintenance requirements.

Neighborhoods adjoining campus are sometimes inundated with parked vehicles. Students are encouraged to obtain BYU parking permits and to park in university parking lots authorized by the permit.

Traffic regulation information may be obtained from Parking and Traffic Services. It is the responsibility of all students, faculty, and staff members to obey all traffic rules and regulations.

Questions may be directed to Parking and Traffic Services personnel at (801) 378-3906.

Parking and Traffic Violation Fines . $10–$200

Records Fees
Search fee (duplicate receipt) $1
Transcript fee (per copy—pay at Records Office) $2

Health Insurance Requirement
BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by the tuition deadline will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance payment and form are due by August 15.

Debt Collection Fees
Students' past-due debts are referred to Student Financial Services for collection. If the BYU debt collection officer is unable to collect the debt within a reasonable time, the debt will be referred to an outside collection agency. In addition to paying the debt, the student debtor will be required to reimburse the university for such collection agency fees before obtaining a release of a financial hold on his or her transcript or before being considered for readmission. Also, eligibility for graduation may be delayed or denied.

Selecting Classes—Freshman Year

Use the registration work sheet on page 1 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl 115). You may be able to take it the next semester.

1. Select one religion class:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 122	Book of Mormon	2

2. Select an appropriate English and math* class based on your preparation:

Course	Title	Credit Hours
Engl 115	College Writing and Reading	3
HonP 200	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 97*	Intermediate Algebra (ACT Mathematics score 18–21 is prerequisite; this is a no-credit, extra-fee class)	0
Math 110*	College Algebra (ACT Mathematics score 22 or above plus two years of high school algebra is prerequisite)	3
Math 112*	Calculus 1 (ACT Mathematics score 27 or above plus four years of high school mathematics including precalculus is prerequisite)	4
Math 119*	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

*ACT Mathematics score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the mathematics requirement that may be needed for your major. Math 112 meets the General Education Mathematics option.

3. Start work in a foreign language (see page 19).
If you want to pursue the Foreign Language option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses. Also, check with your college advisement center about the foreign language requirement in your major.

4. Select one or two courses from the following General Education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, the College of Education, or the College of Engineering and Technology.

5. Select an interest course.

Select an area that you are interested in learning about. Use the 1996–97 BYU Undergraduate Catalog and this class schedule to identify and select an appropriate course. If you have chosen a major, select a course from those listed by major in section 6.

6. Select a major/emphasis course.

Students who have not selected a major should select an additional GE course.

University Requirements for Undergraduates

There are three components to an undergraduate education at Brigham Young University: religious education, major education, and general education. Religion courses are provided at BYU so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. Education in the major provides students with depth in a particular academic discipline. It introduces them to the type of thinking, language, and skills that prepare them for a career or further study in postgraduate or professional programs. General education is intended to provide students with intellectual breadth. It covers the range of human accomplishments: the development of language and civilization; the arts; and the social, behavioral, physical, and biological sciences. These three aspects of the baccalaureate degree—religious education, major education, and general education—are described briefly below.

Religious Education

It has always been the view of The Church of Jesus Christ of Latter-day Saints that education is not complete without proper integration of secular and religious knowledge and values. Secular understanding and skill are important attainments in life and will better serve the individual when accompanied by religious convictions, attitudes, and standards of behavior. Ideally, students should take one religion class each semester of enrollment.

Fourteen hours of religion credit taken ***at BYU*** are needed to graduate—a core of 8 hours plus 6 hours of electives. The core consists of two Book of Mormon courses (RelA 121 and 122, 4 hours); one New Testament course (2 hours); and one Doctrine and Covenants course (2 hours). Students may choose from an array of other courses offered by the Department of Ancient Scripture and the Department of Church History and Doctrine to fill the other 6 hours of religion credit needed.

NO MORE THAN 4 HOURS OF RELIGION CREDIT PER SEMESTER MAY BE COUNTED TOWARD THE RELIGION REQUIREMENT. Spring and Summer together are considered one semester.

Students who are not members of The Church of Jesus Christ of Latter-day Saints are encouraged to take Introduction to Mormonism (RelC 100) during their first semester at BYU. This course may be used in lieu of either a New Testament or Doctrine and Covenants course.

Religion Requirements for the Baccalaureate Degree

Courses	*Credit Hours*
Two Book of Mormon courses	4
One New Testament course	2
One Doctrine and Covenants course	2
Elective courses	6

Transfer Students
Transfer students must fulfill the BYU graduation requirement in religion. *All students must complete a minimum number of religion credits taken* ***at BYU*** according to the following schedule regardless of the number of religion hours completed elsewhere:

Total Transfer Credits	BYU Religion Hours Required	
0–15.9	14	Book of Mormon (121 and 122), one New Testament class, and one Doctrine and Covenants class required.
16–31.9	12	
32–47.9	10	
48–63.9	8	
64–79.9	6	Book of Mormon (121 and 122), one Doctrine and Covenants required.
80–95.9	4	
96 or more	2	Unless more hours are needed to fill Book of Mormon requirement.

Major Education

Brigham Young University students are expected to develop competence in at least one area of concentration. Such competence is acquired through in-depth study in an area referred to as the major. Through the major requirements students encounter a rigorous, coherent, and progressively more sophisticated program of study. Such study is intrinsically valuable and it prepares students to enter the world of work or to pursue further study. By the time they graduate, students should have a grasp of their discipline's essential knowledge and skills, and thus be able to compete in and contribute to the larger world outside the university.

BYU offers nearly 150 undergraduate major programs. Most of these programs are centered in the more than 50 academic departments, but several interdisciplinary programs are also available. The complete list of these degrees is given in the BYU Undergraduate Catalog under Alphabetical List of Undergraduate Majors at BYU. Of the 128 credit hours required as a minumum for the baccalaureate degree, the major program typically comprises between 40 and 60 credit hours, with some exceeding 60 credit hours. Requirements for major programs are detailed under specific departments in the catalog. Students need not feel undue pressure to declare a major immediately upon entering the university, and they may wish to enroll in general education courses that can introduce them to possible areas for major study. However, some majors, including those in the natural sciences, engineering, music, and design, are tightly structured. Efficient graduation from these programs requires students to undertake degree requirements during the first semester of their freshman year. Students who are considering these programs are encouraged to begin them as soon as possible. The academic departments and college advisement centers can provide advice about particular degree requirements and selection of a major.

General Education

The General Education (GE) Program at Brigham Young University complements the other two areas of a university education. Through its perspective we gain vantage points from which to view the development of our own culture and to see its relation to others.

GE courses teach one to think critically, and they pose questions that foster the development of moral judgment and aesthetic and cultural sensitivities. At Brigham Young University these courses are taught in the context of the restored gospel and the implications that the gospel of Jesus Christ holds for knowledge, truth, and society.

Revisions in the requirements of the GE Program have been approved for students who entered BYU fall 1995 and thereafter. The details of the changes are described below.

The New GE Program
Students who entered the university prior to fall 1995 have the option to continue with their original GE program or to switch to the new program. They are encouraged to meet with their college advisement center or faculty advisors to discuss the optimal program, given their current status.

Description of the New Program
The new program follows the same structure as the old program with requirements in categories called the *Languages of Learning,* the *Liberal Arts Core,* and the *Arts and Sciences Electives.* The major changes include the addition of a music option to the Advanced Languages requirement, alternate pathways to satisfy some of the core requirements, a reduction from four to three in the number of required electives, and the removal of any restrictions in the choice of electives because of major. Also, the Physical Education requirement has been changed to a Wellness requirement, and it is now included as part of the General Education Program.

Both the *Languages of Learning* and the *Liberal Arts Core* provide for multiple ways to satisfy individual requirements. The number of courses and credit hours needed to satisfy a requirement will vary with the particular option chosen and/or the student's previous preparation.

The objectives for each of the three areas are explained below. Brief statements of the ways to satisfy the requirements of the GE Program are provided in the accompanying table. Detailed information concerning the mechanisms available to complete each requirement is given in the General Education Courses section of this class schedule.

Languages of Learning
In our modern, complex society, the ability to communicate effectively is deemed a critical skill. Under the Languages of Learning category are grouped the areas of writing, mathematics, foreign languages, and music, each of which represent an important way to convey information and understanding. Because writing at the college

level is considered essential to success at the university, students are asked to complete a first-year writing course. Later, once students have identified an area for major study, they are provided with an opportunity to develop writing skills in that discipline. To function in a technological society, a basic knowledge of mathematics as a means of communication and problem solving is essential. All students, upon admission, are asked to certify a basic level of numeracy, either with an appropriately high score on the Mathematics section of the ACT or SAT exams or by completion of a BYU course. We then ask that students exhibit a mastery of either mathematics, music, or a foreign language at an advanced level. At this level students achieve an exposure to cultures and to the ways in which practitioners of the language structure their knowledge.

Liberal Arts Core
A traditional university education has included introductions to the core or fundamental areas of knowledge. These have typically covered the biological and physical sciences and aspects of cultures and civilizations. Here at BYU we also include as part of our core an introduction to the political and economic foundations of the American democratic system and a requirement to assist in developing one's physical and mental well-being.

For every requirement in the core, with the exception of History of Civilization, there are two pathways to complete the requirement—a one-course option and a multiple-course (two or three) option. The multiple-course options are structured to cover much of the same material that is included in the one-course options but in greater depth.

The options for different core requirements are independent of each other. That is, one may choose the two-course sequence to satisfy the Biological Science core requirement but choose the one-course option for the Physical Science, American Heritage, and Wellness requirements. In general, students will find it most efficient to take the one-course options for a given requirement. However, students in some majors will find that a particular core requirement can be satisfied using the multiple-course pathway with courses they are already taking for their major. Students with career or personal interests outside their major may find that the two-course options better serve their needs. For example, the philosophy or language major who hopes to become a physician may satisfy the Physical and/or Biological Science core requirement by virtue of the science courses required for admission to medical school.

Arts and Sciences Electives
The Arts and Sciences electives are divided into three categories: Arts and Letters, Natural Sciences, and Social and Behavioral Sciences. These three divisions encompass the spectrum of human endeavors. The objective of elective courses certified to satisfy this requirement is to introduce students in a little more focused way than the core courses to specific disciplines or areas of study. Students must take **one** course from **each** of the three areas. Unless the major program dictates a specific course, students are free to select from a large list of approved courses. These courses are certified for approval by a faculty council, and students are encouraged to check a current class schedule for an up-to-date list of approved courses.

Some courses are approved as both Arts and Sciences electives and as one of the two-course sequences for the alternate option to the Liberal Arts Core requirements. The same course cannot be used for both the elective requirement and to partially complete the core requirement.

Because a significant objective of general education is to provide breadth to the student's education, we recommend that elective courses be taken outside the major. However, once a course certified to satisfy an elective is completed, the GE requirement will be considered satisfied. Changes in majors will not affect the student's progress toward completion of the GE program. Nevertheless, the new major may impose additional requirements, such as a particular Advanced Writing course.

Where variable numbers of courses or credit hours are indictated, the effort required to complete the requirement depends upon the student's level of preparation. The complete list of courses currently certified to satisfy a particular requirement and additional details of how to complete the requirements are given in a later section of this class schedule entitled General Education Courses.

1995 GENERAL EDUCATION PROGRAM
A Summary of Its Categories and Course and Credit-Hour Requirements

Selection and Timing of GE Classes
To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation. Such approval is not granted lightly, and students should ensure that the courses they select are, in fact, approved for GE credit.

This information is updated each semester/term and published in the current class schedule. The Honors Program offers a number of courses that satisfy both GE and Honors requirements. These courses provide a deeper, more intense exposure to the subject matter for the student who is interested in a challenging experience. Additional information concerning these courses may be obtained from the General Education and Honors Office, 102-A MSRB, telephone (801) 378-5497, or by consulting the University Honors Program Course Guide.

Although the time to complete GE requirements varies according to the major, students should complete the First-Year Writing and Precollege Mathematics requirements during the freshman year. Students planning to satisfy the Biological Science, Physical Science, and American Heritage core requirements with the one-course options (e.g., Biol 100, PhyS 100, and AHtg 100) should also complete these during the freshman year. History of Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

Ways to Complete GE Requirements Other Than by Course Work
In addition to taking approved courses, there are several mechanisms by which students may satisfy the components of the GE program: passing special examinations at the university; transferring acceptable credit from other academic institutions; or receiving credit from advanced placement (AP) and International Baccalaureate (IB) examinations or from the College Level Examination Program (CLEP).

Special GE Examinations
Some general education requirements can be accomplished by successful completion of a special examination. Two types of examinations are available: exemption and challenge exams. Exemption exams do not, as a matter of course, carry academic credit or grades. A passing score on an exemption exam shows on the Advisement by Computer (ABC) Report only as a completion of the requirement. Challenge exams as a group always carry academic credit and a letter grade. The student's transcript and grade point average reflect the score obtained on the exam.

Exemption Examinations. Exemption examinations are offered in the Testing Center, 265 HGB, for First-Year Writing, Precollege Mathematics, and Physical Science. These are given early each semester/term so that students may drop classes that their performance on an exam demonstrates are unnecessary and register for others. Details concerning the procedures and dates for this semester are given later in the Schedule of Special Examinations section. First semester/term students are permitted to take the First-Year Writing and Precollege Mathematics exams free of charge one time. All other attempts will be subject to a fee, payable at the Testing Center.

Challenge Examinations. Some challenge exams are offered through the Testing Center while others must be arranged through departments. There is a fee to take each examination. In addition, to satisfy the GE requirement, students must request academic credit in order to have a letter grade posted to the transcript and reflected in the grade point average. The procedure to take exams and request academic credit is described below.

Purchase of Credit. For examinations given at the Testing Center, go to the Testing Center on one of the scheduled examination dates (see pages 16–17 for examination dates), pay the required fee, and take the test. Upon successful completion of the exam, obtain a Class Credit Request Form from the Testing Center and have it validated there. (Students who pass the First-Year Writing exam must obtain this form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.) Take the validated form to the Records Office, B-150 ASB. The form *must* be submitted to the Records Office within *one year* after completing the exam.

When students who are enrolled in the course pass the exam, they must complete a Change of Registration Form and drop this course. Failure to officially drop the class before the university deadline will cause the grade given by the course instructor to appear on the transcript rather than the grade based upon the challenge exam performance.

For examinations not given in the Testing Center, contact the department that offers the course during the first two weeks of the semester/term, complete the Special Examination Form available there, and arrange a date to take the test. Go to the Cashiers' Office, D-155 ASB, pay the required fee, and have the form validated there. Present the validated form to the departmental examiner at the time of the test; have the grade and credit recorded on that form by the departmental examiner after the test has been taken and scored. Present the completed form to the Records Office, B-150 ASB.

The form *must* be submitted within *one year* after completing the exam.

Transfer Credit
The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office, B-238 ASB. Consortium agreements have been reached with several junior and community colleges to facilitate the transfer process for students who have completed certain associate degrees. The Transfer Evaluation Office can be contacted for up-to-date information regarding the status of those agreements with a particular junior or community college.

Advanced Placement and International Baccalaureate Credit
The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to waive certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. The Academic Advisement Office, B-238 ASB, telephone (801) 378-3641, can be contacted for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

College Level Examination Program
BYU will grant credit for the College Level Examination Program (CLEP). For each general examination on which a student scores 610 or higher, the university will grant 3 hours of credit. Students can contact the Admissions Office, A-153 ASB, telephone (801) 378-2507, for additional information.

Schedule of Special Examinations

Examinations for some general education classes are offered at the Testing Center, 265 HGB, on the dates noted below. The Testing Center is open during the following times:

	Center Open	*Exams Collected*	*Center Vacated*
Mon–Fri	8:00 a.m.	9:00 p.m.	9:30 p.m.
Sat	9:00 a.m.	12:30 p.m.	1:00 p.m.

Note: You can retake an examination only after seven days of further preparation and during the posted exam period.

Exemption Examinations: No Credit or Grade

Exemption examinations are given in the Testing Center for three GE requirements—First-Year Writing, Precollege Mathematics, and Physical Science 100—on the dates given below. Fees are required for the examinations. A passing grade on an examination means that your Advisement by Computer (ABC) Report will reflect the completion of the GE requirement. However, no academic credit will be posted on the transcript of grades unless it is requested by submitting the proper form to the Records Office (B-150 ASB, PO Box 21114).

All first-semester/term students may take the exemption examinations for First-Year Writing and Precollege Mathematics free of charge one time. The regular examination fee will be charged for additional examinations and any that are taken after the first semester/term of residence.

Precollege Mathematics (Mathematics 97)
September 4–September 16

Students who take the exemption examination for Mathematics 97 to meet the Precollege Mathematics requirement do not have the option of requesting academic credit since the course carries no credit.

First-Year Writing (English 115)
September 4–September 16

Note: Students wishing to take the exemption examination for First-Year Writing must contact the English Composition Office, 3110 JKHB, for specific details on the challenge process *before* taking the first examination in the Testing Center. After passing this first examination in the Testing Center, you will need to complete an essay examination and take three tests in the Harold B. Lee Library, as well as submit samples of your writing to the English Composition Office to be evaluated in conjunction with the examination. All parts of the challenge must be completed within the examination dates. Students who pass the exemption examination for First-Year Writing have the option of requesting academic credit and having the grade posted on the transcript of grades. (See the Challenge Examinations: Graded Credit section that follows for instructions regarding the procedure for requesting academic credit.)

The Reading-Writing Center, 1010 JKHB, is available to assist students who are preparing for the First-Year Writing exemption examination.

Physical Science (Physical Science 100)
September 4–September 27

Note: To receive an exemption from Physical Science 100, you must receive a grade of B– or better. However, students who receive grades of C– or above may request the academic grade and have the grade posted to their transcript. (See the Challenge Examinations: Graded Credit section that follows for instructions regarding the procedure for requesting academic credit.)

Challenge Examinations: Graded Credit

Special examinations for graded credit are referred to as "challenge examinations" and must be arranged through the Testing Center or the department offering the examination. A $20 fee is required for challenge examinations offered through individual departments. A $10 fee is charged for examinations offered in the Testing Center. In addition to this fee, you must request academic credit by submitting the proper form to the Records Office (B-150 ASB, PO Box 21114).

Challenge examinations for three GE courses are offered on the dates listed below in the Testing Center. The tests are scheduled early in the semester/term to allow students to drop unneeded classes before the official drop deadline, if necessary. You do not have to be enrolled in a course to challenge it for credit; however, if you are enrolled in a course that you successfully challenge by special examination for graded credit, you should drop the course and *must* do so before the official university drop deadline. For information on special examinations for First-Year Writing, consult the English Composition Office, 3110 JKHB.

Advanced Writing, Tests 1 and 2
September 4–September 27

Note: The Advanced Writing examination has three parts. The first part includes two tests given in the Testing Center. However, before taking these tests, you should contact the English Composition Office 3110 JKHB, for specific instructions. In parts two and three, several papers are required that must be initiated before the end of the examination period indicated above, and an additional $40 reading fee is required for these parts of the examination. All parts of the examination must be completed within a single semester or term. **You cannot challenge the Advanced Writing requirement in the semester in which you intend to graduate.**

American Heritage (American Heritage 100)
September 4–September 27

Biological Science (Biology 100)
September 4–September 16

The procedures for challenging general education courses are as follows:

I. For Examinations Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Go to the Testing Center on one of the scheduled examination dates.
      2. Pay the required fee at the Testing Center.
      3. On successful completion of the examination, obtain a Class Credit Request Form from Testing Services, 265 HGB, and have it validated there. Students who pass the First-Year Writing examination must obtain the Class Credit Request Form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.
      4. Present the completed form to the Records Office, B-150 ASB, PO Box 21114. The form must be submitted within one year after completing the examination.
   B. *If you are enrolled in the course when you pass its challenge exam*, you *must* also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

II. For Examinations *Not* Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Contact the department that offers the course during the first two weeks of the semester/term.
      2. Complete the Special Examination Form available from the department.
      3. Arrange to take the examination.
      4. Pay the required testing fee at the Cashiers' Office, D-155 ASB, and have the form validated there.
      5. Present the validated form to the departmental examiner.
      6. Have the grade and credit recorded on the form by the examiner and obtain the necessary signatures.
      7. Present the completed form to the Records Office, B-150 ASB, PO Box 21114. The form must be submitted within one year after completing the examination.
   B. *If enrolled in the course when you pass its challenge exam*, you must also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

How Do You Get Help with Specific Questions Concerning General Education?
The essential information concerning general education is found in the current BYU Undergraduate Catalog. Sources of additional information include the following:

1. **College Advisement Centers**.
   The recommended source of information and advice about general education requirements is your college advisement center. These centers, together with the Open Major Advisement Center, 151 SWKT, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Computer terminals are available in the advisement centers and other locations on campus to provide you with an up-to-date report of your academic status. In addition, an Advisement-by Computer (ABC) Report is sent to you early each semester. These list the GE courses you have completed and also the GE requirements that remain to be completed.

2. **Dean of General Education and Honors.**
   Questions dealing with general education are handled in 350 MSRB, PO Box 22600, telephone (801) 378-3038

General Education Courses

The official list of all courses that satisfy GE requirements for fall 1996 follows. In addition, a GE code appears within the class list in this class schedule. The codes identify all GE courses, both required and elective. Definitions of these codes are listed in Class List Definitions on page 31.

NOTE: This list is subject to change each semester. Some classes listed here have approval on a trial basis and may be removed from the list at a later date. Please consult a current class schedule each semester/term to ensure that the class you take is still approved for GE. Some requirements can also be satisfied via AP or IB credit. Check with the Academic Advisement Office, B-238 ASB, telephone (801) 378-3641, for the current mapping of AP/IB exams to GE requirements.

Languages of Learning

Requirement	Ways to Satisfy Requirement		Comments or Advice
Precollege Math (One course, to be satisfied during freshman year)	ACT Mathematics subscore of 22 or above, SAT Mathematics subscore of 500 or above; no college credit is granted.	One course from Math 97, 110, 111, 112, 112H, 113, 113H, or 119 Please read comments.	*Freshmen:* If your ACT Mathematics subscore is 20–21 you should either enroll in Math 97 or take the challenge exam for it. If your score is below 20, enroll in Math 97. Students uncertain about their level of preparation should consult the Mathematics Department, 290 TMCB, telephone (801) 378-2061, before enrolling in classes higher than Math 97. **Note:** Math 97 gives no credit and requires an additional fee. *Transfer Students*: You may satisfy the requirement by (1) submitting your ACT Mathematics subscore if it is 22 or above; (2) passing any of the BYU mathematics courses listed above; or (3) submitting transfer credit for an equivalent mathematicscourse to Admissions and Records, A-153 ASB, PO Box 21110, telephone (801) 378-2507.
First-Year Writing (One course, to be completed during freshman year)	Engl 115, HonP 200, Phil 105, 105H		*Freshmen*: We **strongly** encourage you to take a First-Year Writing course even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education. *Transfer Students:* If you have not already completed this requirement and wish to challenge the course, you must do so during your first year at BYU. Consult the English Composition Office, 3110 JKHB, (801) 378-3565, for details.
Advanced Writing (One course or course sequence)	Chem 391, Engl 252, 311, 311H, 312, 313, 315, 315H, 316, MCom 320, 320H, Phil 311, 311H, HonP 300, Music 301 and 302 and 303 and 304; MFE 493R (three semesters); MET 493R (three semesters); EET 493R (three semesters); VAHis 300		Completion of the First-Year Writing requirement is a prerequisite for all Advanced Writing courses. Most, but not all, programs recommend completing this requirement in the junior year. Consult your college advisement center. **Note**: The music, MFE, MET, and EET courses have approval on a trial basis to satisfy the Advanced Writing requirement.

Advanced Languages

(Requirement to be satisfied either in mathematics, in one of three music tracks, or in a foreign language.)

Mathematics (One course **beyond** Math 110 or Phil 205)		Math 112, 112H, 113, 113H or 119; Stat 221, 222, 222H, or 321; Phil 305	The mathematics and statistics courses have Math 110 as a prerequisite; Phil 305 has Phil 205 as a prerequisite.
Music	*Option A*	Music 205	Music 105 or equivalent is the prerequisite to Music 205. See the College of Fine Arts and Communications Advisement Center for details. Recommended for non–music majors.
	Option B	Music 301	Music 301 has prerequisites. See the current BYU undergraduate catalog for details. Recommended for music majors only.
	Option C	Music 300; Dance 300; and ThF 300.	These courses have prerequisites. See the current BYU undergraduate catalog for details. Recommended for MDT majors only.
Foreign Language (Complete a culminating course in an approved language, or, for less commonly taught languages that have no culminating course, pass proficiency exam and then Anthr 420.)		**Approved culminating courses**: Afrik 202, Arab 301, ASL 301, Bulgn 202, 330, Cant 202,Chin 202, 301,Czech 202, 330, Dansh 202, 340, Dutch 202, 340, Finn 202, 340, Fren 202, 340, Germ 202, 330, Greek (Classical) 301, 302, Heb (Modern) 202, Heb (Biblical) 431, Hung 202, 330, Iclnd 202, 429, Ital 202, 340, Japan 202, 221, 301, Korea 202, 301, Latin 301, 302, Norwe 202, 340, Polsh 330, Port 202, 302, Russ 202, 330, Span 202, 302, SrbCr 202, 330, Swed 202, 340, Ukrai 202, 330 **Less commonly taught languages:** Aymara, Cakchiquel, Indonesian, Maori, Navajo, Persian/Farsi, Quechua, Rarotongan, Samoan, Tagalog, Tahitian, Thai, Tongan, Vietnamese, Welsh	*For languages with approved culminating courses*: The culminating courses are intended to allow the student to access major historical, intellectual, literary and artistic accomplishments of a foreign culture in its native language. Students entering with high school, college, or extensive prior experience with a foreign language may be able to enroll directly in a culminating course. Others will require more basic instruction in the language to achieve the level necessary to succeed in the culminating course. The Humanities Research Center, 3031 JKHB, telephone (801) 378-5424, administers placement testing to determine the appropriate level at which students should begin their course work. Grammar or conversation courses will not substitute for a culminating course. *For less commonly taught languages*: Students independently prepare themselves to take a proficiency exam administered by the Humanities Research Center. Following completion of the exam, students enroll in Anthr 420, where they work with cultural anthropology and linguistics faculty and conduct, in their language of choice, an ethnographic interview project. After successful completion of the proficiency exam and the foreign language section of Anthr 420, students are responsible for petitioning to have the foreign language credit posted to their transcripts. Contact the Humanities Research Center, 3060 JKHB, telephone (801) 378-3511, for additional information. *Nonnative speakers of English:* These students may fulfill the requirement through Engl 230, 232, or Hum 261. However, they are encouraged to fulfill the requirement by completing work in a language other than English or their native tongue.

Liberal Arts Core

Requirement	Ways to Satisfy the Requirement		Comments or Advice
Biological Science	Option A (Core)	Option B (non–Core)	
	One course from Biol 100, Biol 130, Mcbio 130, or HonP 260	One course each from two of the three groups: Group 1: Botny 125, Botny 250, Zool 150 Group 2: Zool 205, 261, Biol-Zool 276 Group 3: Mcbio 221	Classes used under Option B to satisfy the Core requirement cannot be used to satisfy simultaneously the Natural Sciences elective.
Physical Science	One course from PhyS 100 or HonP 259; or PhyS 110A *and* 110B	One course each from two of the three departments: Chem 100, 101, 105, 111, 111H, 152 Phscs 100, 105, 121, 122, 127*, 127H*, 129*, 130* Geol 101, 101H, 103, 111, 330 *Astronomy classes	Classes used under Option B to satisfy the Core requirement cannot be used to satisfy simultaneously the Natural Sciences elective.
American Heritage	One course from AHtg 100, 100H, or HonP 240	One of the following two-course combinations: Hist 120 and PlSc 110; Hist 120 and Econ 110; PlSc 110 and Econ 110; Hist 121 and PlSc 110.	Classes used under Option B to satisfy the Core requirement cannot be used to satisfy simultaneously the Social and Behavioral Sciences elective.
Wellness	HE/PE 129	Three PE or dance activity classes: a. Three 100-level PE or dance classes or b. Two 100-level PE or dance classes plus one enrollment in an intercollegiate or extramural sports or dance performance company class.	An enrollment in PE 100R, 200R, 201R, Dance 468R, 478R, 488R, or 498R may be counted only one time toward the three-course requirement under Option B.
History of Civilization (One course that covers antiquity to the 1500s and one that covers from the 1500s to modern times.)	*Course Number* CLit 201, 202; 201H, 202H; Engl 201, 202; 201H, 202H; Hist 201, 201H; Hist 202, 202H HonP 201, 202; Hum 201, 202; 201H, 202H; Music 201, 202; Phil 201, 202; 201H, 202H; Phil 210, 211; 210H, 211H; PlSc 201, 202; 201H, 202H; VAHis 201, 201H; VAHis 202, 202H;	*Course Title* History of Civilization: Literature 1,2 Masterpieces of World Literature 1,2 World Civilization to 1500, World Civilization Since 1500 History of Civilization 1, 2 Arts in Western Culture 1, 2 History of Civilization: Music 1, 2 History of Philosophy 1, 2 Science of Civilization 1, 2 Western Political Heritage 1, 2 World Civilization to 1500 World Civilization Since 1500	A number of departments offer two-course sequences arranged chronologically, with the dividing line at approximately 1500 A.D. Students are to take one class from each of the two time periods. The courses need not be taken from the same department nor in chronological order. Some major programs specify a particular civilization sequence, so a student is advised to check major requirements before selecting their civilization courses.

Arts and Sciences Electives

Arts and Letters
(One course)

In addition to the courses listed to the right, courses offered by the Honors Program with numbers HonP 203–220 or HonP 303–320 or by the General Education and Honors Office with numbers GE 203–220 or GE 303–320 will fill an Arts and Letters elective.

Enrollment in an ensemble course **before** concurrent enrollment in Music 200 will not count toward filling the elective requirement. You will be responsible for having the Arts and Letters credit posted to your transcript after completing the combination. This can be accomplished at your college advisement center. Music majors will not receive elective credit for Music 200 or the ensemble courses.

VaStu 100 must be taken prior to or concurrently with the studio course. Once both classes have been completed, the student is responsible for having the Arts and Letters credit posted to the transcript.

University Honors for Undergraduates

University Honors at Graduation
"University Honors" is a distinction awarded to all graduates of BYU who have met the Honors requirements in general education as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. All Honors classes taken and the Honors thesis title also appear on the transcript.

University Honors with Honors in a Major
Certain departments have established Honors majors that build on the foundation of the Honors requirements in general education. Students majoring in these departments who meet the requirements for graduation with University Honors have the additional option of meeting the requirements of the Honors major and graduating with "Honors in [a certain major]." Thus, a student may graduate with "University Honors and Honors in Chemistry," for example. (Note, however, that it is not possible to graduate with "Honors in Chemistry" unless one also satisfies the requirement for graduation with University Honors as well.) For the name of the Honors advisor in a certain department, consult the University Honors Program Course Guide or contact the departmental office. Honors majors can be completed in art history, applied physics, chemistry, communications, comparative literature, economics, electrical and computer engineering, English, French, geology, German, history, humanities, Italian, management, mathematics, mechanical engineering, microbiology, molecular biology, music, philosophy, physics, Portuguese, Russian, Spanish, statistics, studio art, and zoology.

Participation in Honors
Honors Education provides an unusually rich and challenging experience for capable and motivated students. Honors Education is not merely a more intensive general education or a more strenuous program in a major. Rather, it attempts to link the broad university perspective with the specific concentration associated with a major. Students who pursue Honors Education at Brigham Young University will be offered the challenge of Honors courses that form a part of their general education, as well as an intensive experience in their major.

To graduate from BYU you must meet not only the requirements of a major department but also the requirements of general education and religion. Most students complete the nonmajor requirements through courses in the general university curriculum. Capable and motivated students are invited to satisfy general education and religion requirements through Honors. Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are still invited to participate in the Honors curriculum to whatever extent they choose.

Honors Education is open to all capable and motivated students and only requires a formal commitment of intent (1) to graduate with University Honors, (2) to register for at least one Honors course each semester of the first two years in the program, and (3) to maintain a 3.5 GPA. Commitment forms may be obtained in 102A MSRB.

Indicators of "capable" include a composite ACT score of 28 or above, a high school GPA of 3.8 or above, or a university GPA of 3.5 or above. Defining "motivated" is more difficult. It would be a mistake to recommend Honors courses only to those students with high scores, either GPA or ACT, since it is difficult to gauge ability from scores alone. Such scores may not say much about such important inner qualities as determination, discipline, and initiative or about recent achievements that may contrast with earlier performance. All students are invited to consider Honors as a way to achieve the kind of academic experiences they seek. Students may register for Honors courses at any time during their undergraduate years without necessarily intending to complete all the Honors graduation requirements.

The Advantages of Honors

Faculty
The most important advantage of enrolling in Honors is the opportunity to participate in demanding, high-quality courses taught by some of the university's best professors. In addition, Honors provides a stimulating learning environment outside formal course settings.

Curriculum
Honors offers a curriculum core consisting of a two-semester History of Civilization and an intensive writing course. Beyond this core, Honors colloquia, seminars, and departmental Honors courses provide a variety of experiences for Honors students in the historical development of ideas, cultures, arts, letters, and the sciences; these offerings are discussed more fully below.

Honors Colloquia. Each semester, Honors sponsors several Honors colloquia that bring together teams of the university's most respected professors from diverse disciplines to teach a variety of broadly based subjects. The colloquia are interdisciplinary in nature and taught by at least two and often three professors from different fields. These courses allow a unique flexibility in method and content and stress the complementary nature of various disciplines in dealing with our cultural heritage and modern problems. Recent colloquia included "Use and Misuse of Human and Natural Resources: Man's Role in Changing the Face of the Earth," "The Pen and the Sword," "The Unacknowledged Revolution: Printing as an Agent of Change in the History of the World," "The Daedalus Project," "Texts of Influence on the Jewish and Christian Religious Heritages," "Memoir and Imagination," "Women's Wellness," and "Jerusalem: Past, Present, and Future."
The particular subjects and faculty differ across colloquia. Some provide an integrated approach. Others are intended primarily for students majoring in particular disciplines. All of the colloquia, however, are centered on intensive reading, discussion in large and small groups, and careful writing. Each colloquium involves a group of approximately fifty students and two or three faculty and offers an educational experience unlike that in any other class offered at the university.

Honors Seminars. A number of Honors seminars are also offered each semester. They range across subjects as diverse as "Women's Issues in the Natural Sciences," "Health and Disease in History," "Wilderness Writing," and "Bioethics." The seminars are centered within a discipline, but they are intended to be accessible to students who are not majors in that discipline. Like the colloquia, the seminars require critical reading, thinking, writing, and discussion. But unlike the colloquia, the seminars are more specialized, are directed by a single professor, and are usually limited in enrollment to twenty students.

Departmental Honors Sections. Departments within the university offer courses intended for Honors students that are taught by their strongest faculty. Departmental Honors sections of GE courses are usually smaller than regular courses and provide greater occasion for classroom discussion and additional reading and writing under the supervision of the professor. In addition, if the department offers an Honors major, some courses in that major may be structured specifically for the Honors student. These courses would go beyond the limits of the traditional major and would stress critical and analytical thinking and writing in the form appropriate to the subject of the major.

Honors Housing, the Honors Center, and Special Honors Activities
Students in Honors benefit most directly from their association with fellow Honors students and with Honors faculty. To encourage this interaction among students outside the classroom, special on-campus housing for Honors students (in Helaman Halls, Deseret Towers, and Heritage Halls) is available. Honors housing is intended to provide a quieter hall conducive to study and intellectual discussion by like-minded students. In addition, Honors students also have a center in the Karl G. Maeser Memorial Building, which provides them with a quiet study hall, a commons room for informal meetings and discussion, an advisement center, and classrooms. There is also a computer lab in 1160 TMCB that is available to students committed to graduating with university honors.

Honors publishes the scholarly work of students in *Insight*, an intellectual journal with an all-student staff. Honors students can participate in activities including retreats, service projects, dances, Wednesday morning devotionals, and various local excursions.

Requirements for Graduation with University Honors

1. Commit to graduate with University Honors.
2. Take the required Honors courses:
   a. Two Honors sections of religion courses
   b. Two semesters of Honors History of Civilization (201 and 202)
   c. HonP 200 (or its equivalent)
   d. Three Honors elective courses
   e. Two semesters of foreign language study (the same foreign language)
   f. Math 112 or equivalent

Note: Students who entered the university *before* fall 1994 should check with the Honors Advisement Office for their required course work.

3. Meet with an Honors Program representative for advisement at least once each year.
4. Before the junior year, complete and submit a "Great Works Contract" to the Honors Program (102A MSRB).
5. During the junior year, demonstrate familiarity with the "Great Works Contract" by turning in a portfolio of one-page responses to the works on it. By the junior year, it is recommended that students take two sections of HonP 214R covering works or topics not in their major. Under the direction of the several instructors of those sections, write a one-page response to each work covered. Have these responses approved by the appropriate instructors and include them in your portfolio.
6. During the junior year, submit a thesis proposal to the Honors Program (102A MSRB). Please pay special attention to the deadlines listed below so you do not run out of time. **Many theses require more time than that between the deadline for proposals and the deadline for thesis submissions.** For more information about your thesis proposal, see the handout "Instructions for the Thesis Proposal," which may be obtained from 102A MSRB.
7. During the senior year, turn in your portfolio, containing (1) samples of your writing from each year of your university career, (2) your responses to works selected from your "Great Works Contract," and (3) a one-page description of your ongoing service at BYU. You who have served a full-time mission should include it as part of your service, but your description of your service should show that serving others was part of your life before your mission and continues after it.
8. For students committed to graduating with University Honors, submit one copy of your *finished* thesis to the Honors Program by the deadline below.

Thesis Deadlines*

For graduation in:	Apr	Aug	Dec
Thesis proposal approved	Sep 15	Mar 15	May 15
One copy of thesis submitted to Honors Program; portfolio submitted	Feb 1	Jun 1	Oct 1
Thesis defense scheduled	Feb 10	Jun 10	Oct 10
Exit interview completed	Mar 1	Jul 1	Nov 1
Four perfect copies of thesis on bond paper submitted to Honors Program for binding	Mar 15	Jul 15	Nov 15

***These date are deadlines, but most students will need to have their thesis proposal approved considerably before the deadline, preferably more than two semesters before defending the thesis**. Thus, those graduating in April should usually have their thesis approved no later than the previous April. In general, theses require one semester for research and a second for writing, so most students should plan to begin their research during their junior year.

9. When you submit your thesis, check with the Honors Program to find out the dean or Maeser General Education professor who has been assigned to chair your thesis defense committee. For more about the thesis defense, see the handout "The Honors Thesis Defense," available in 102A MSRB.
10. Have your advisor verify to the Honors Program that you are ready to defend your thesis by having him or her sign the "Honors Thesis Submission Form." You may not schedule your defense until your advisor verifies that you are ready to defend.
11. At least two weeks beforehand, schedule your thesis defense with the assigned examination committee chair from Honors and the other members of the examination committee. To do this, contact each committee member to decide a mutually agreeable date, time, and location for the interview. As a courtesy, you should also invite your department or program chair to attend. Schedule this interview so that it will be completed by the deadlines below. For your advisor's and referee's convenience, please try to schedule your thesis defense in your major department's conference room. If nothing else is available, telephone 378-3038 and reserve the Honors conference room (305 MSRB). Inform everyone involved to allow at least 1.5 hours for the thesis defense.
12. At least two weeks before your thesis defense, submit a copy of your finished thesis to the members of your thesis defense committee (i.e., your thesis advisor and faculty referee).
13. After the defense and by the deadline above, complete any required corrections and submit four copies of your finished thesis on bond paper for binding. Please be sure that you obtain the signatures of the advisor on all title pages *before* submitting the final copies for binding. It usually takes one month to have theses bound. Leave your forwarding address so we can mail you a copy of your thesis when it arrives.

Great Works of Literature, Art, and Film

As part of their undergraduate work, Honors students are expected to complete an independent study of a number of the most important works of literature and the other arts. A reading, listening, and viewing guide provides suggestions, but alternative works may also meet the requirement subject to approval by the Honors deans.

The purpose of the "Great Works" list is to help you begin to appreciate the breadth as well as depth of true education. Completion of this requirement should give you a start on the continued reading and thinking that is part of being educated. You should be familiar with:

1. Twenty works of literature, philosophy, social science, and science. These must include:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
   d. One scientific or mathematical text
   e. One social science text (such as a book about history, economics, or political science)
2. Eight works of art
3. Eight musical works
4. Four films (including one silent and two foreign)

"Great Works Contracts" must be approved by an Honors dean before your junior year. You are expected to demonstrate familiarity with the works on your "Great Works Contract" by turning in a portfolio of one-page responses on half the works during your junior year. More information and the "Great Works" list are available in 102A MSRB.

Many of the works will likely be studied in connection with courses, but Honors also sponsors a series of "modules" each semester. Each module is devoted to discussion and analysis of a selected work from the list. The modules are led by professors who are authorities on the subject.

The modules may be audited. However, 1 credit hour may be earned by attending the entire semester of modules and by registering for HonP 214R, section 1 for literature and section 2 for music. (No general education credit is awarded for this course.)

Honors Thesis/Capstone Experience

To graduate with University Honors, a student must complete an Honors thesis/capstone project. This requirement provides an opportunity for students to work closely with a faculty member on a project of their choosing in the major. The thesis/capstone project represents an independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.

Honors Student Portfolio
The portfolio represents primarily a collection of your best work throughout your tenure as an undergraduate student. However, the portfolio is not a scrapbook; it contains *samples* of your best writing, which may include class papers, exams, laboratory reports, musical compositions, paintings, designs of equipment, articles submitted for publication, etc. Depending on your major, the portfolio may contain other appropriate evidences of academic progress or achievement (e.g., artwork). When submitted for examination at the junior year exit interview, the portfolio should contain, but is not limited to:

1. A one-page outline or summary, semester by semester, of the major highlights and achievements of your undergraduate experience.
2. A one-page evaluation or assessment of your most memorable service experience while a student at BYU. Why or how was this experience formative for you? How do you plan to serve the larger community once you have left the university?
3. A collection of twenty one-page responses on the literature, art, music, and film studied.
4. A current transcript.
5. A list of three faculty members who know you and your work.
6. A *representative collection* of your best academic work that reflects your educational progression throughout the undergraduate years. In this collection, some correlation with item 1 is looked for.
7. A one-page response for half of the specified items chosen from the "great works" list (10 works of literature, 4 works of music, 4 works of art, and 2 films).

Honors and Grades
Anyone may register for Honors classes, but the classes are taught at the level of the superior student. Statistics indicate that capable and diligent students do very well in Honors classes. In fact, on the average, they receive slightly higher grades in their Honors classes than in their other classes in any given semester. Honors courses are not graded on a curve. Because the classes are more demanding and fulfilling, most students are motivated to perform well.

Honors Courses
The University Honors Program Course Guide contains a complete list of Honors courses and detailed course descriptions. It is an essential supplement to the catalog and this current class schedule. To obtain the course guide or further information about any part of the Honors Program, contact the General Education and Honors Office.

Course Descriptions
More detailed descriptions of the courses that follow are provided in the University Honors Program Course Guide. To obtain the course guide or further information about any part of the Honors Program, please contact the General Education and Honors Office.

Graduate Education

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires you to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require you to integrate and understand the collective knowledge of your discipline. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study
Application to graduate study is made through the Office of Graduate Studies, B-356 ASB, PO Box 21339. Except in a small number of integrated programs, the bachelor's degree is required before you may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants must be admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. Prospective applicants should communicate their interests to the specific departments to which they wish to apply and receive program and admission information from them.

Advisement of Graduate Students
Once admitted to a department graduate program, you are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. General questions about university admissions, procedures, and graduation may be directed to the Office of Graduate Studies, where advisors work individually with students and departments in admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements
University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's program of study. Except in professional programs, programs of study are tailored for individual students, and their progress through those courses is tracked by the Office of Graduate Studies and reported to the students and their department advisors three times a year.

Graduate Curriculum
Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements
Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, UW, NS, or I grades, nor audits or correspondence courses, may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours and receive clearance from International Services, 350 SWKT.

Academic Standards
Grade Point Average (GPA) Requirements. Graduate students whose graduate program of study GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students. Departments are asked to make a formal evaluation of the performance of graduate students at least once a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program requirements (program of study submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification
Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, PO Box 21114, telephone (801) 378-2631. Registration for a minimum of 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to the Office of Graduate Studies.

Campus Privileges for Graduate Students
Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels
With department approval, students who want to change from one degree level to another within a department and without interruption of enrollment can request the change by submitting to the Office of Graduate Studies a Request to Change Degree Level (Form 1C), paying the application fee, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, the Office of Graduate Studies will officially notify you.

Changing Departments
To change departments, you must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU
Graduate students who wish to withdraw from the university must initiate that process at the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.

Termination of Graduate Status
Termination of graduate status may result if you:

1. Fail to fulfill the university's minimum registration requirement.
2. Fail to meet the degree time limit.
3. Make a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receive a Marginal or Unsatisfactory rating in a periodic review by the academic department and are unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fail to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fail the departmental comprehensive examination.
7. Fail the final oral examination (defense of dissertation, thesis, or project).
8. Violate the university's Honor Code.

Academic Standards

Your academic standing in the university is determined according to the grades that you earn. The following outline shows the conditions and expectations according to your academic standing.

ACADEMIC STATUS	UNDER THESE CONDITIONS	EXPECTATIONS
SATISFACTORY STANDING	Occurs when your most recent semester/term GPA and your BYU cumulative GPA are 2.0 or above.	Continue to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
PREVIOUS	Same as satisfactory status but used to indicate those students who have been on probation or suspension in the past.	Same as satisfactory status. Students on previous status will go directly to probation if they have a semester below 2.0 in the future.
WARNING	Occurs when your most recent semester/term GPA is below 2.0.	Contact the Academic Support Office for assistance.
WARNING *with* REGISTRATION BLOCK	Occurs when your BYU cumulative GPA is below 2.0 and you have completed more than one semester/ term at BYU. OR Occurs when your semester/term GPA is below 1.0.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office.
PROBATION *with* REGISTRATION BLOCK	Occurs when you are on warning status and your next semester/term GPA is below 2.0. OR Occurs if at any previous time you have been on probation or suspension status at BYU and your semester/term GPA again is below 2.0. OR Occurs if your semester/term GPA is 2.0 or above and your BYU cumulative GPA remains below 2.0 and you have been moved to probation status.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office. **Note:** If you are receiving university or federal financial aid, you must also contact the Financial Aid Office (A-41 ASB). Students on probation usually are not eligible for financial aid.
SUSPENSION	Occurs when you are on probation status and your next semester/term GPA is below 2.0. OR Occurs when you fail to comply with the conditions prescribed by the Academic Support Office.	1. Suspended students are denied continued enrollment. If you are suspended and desire to return to BYU at some future point, you must qualify for readmission. If you wish to appeal your suspension, you must contact the Academic Support Office (151 SWKT). 2. If you have preregistered and/or paid any fees for a subsequent semester/term, you **MUST** withdraw (discontinue) and arrange for a tuition refund. Contact the Academic Support Office (151 SWKT) for assistance. 3. Suspension will be noted on your official BYU transcript.
DISMISSAL	Occurs when you are suspended a second time from the university.	Academic dismissal is noted on your official BYU transcript. You will need to seek other options to continue formal education.

NOTE: Registration blocks may also be set by college advisement centers (CACs) on students not progressing toward graduation in timely ways. To have this block removed you must also meet with your CAC.

Brigham Young University Honor Code

General Honor Code Statement

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.
—THIRTEENTH ARTICLE OF FAITH

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. This atmosphere is preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University are expected to demonstrate in daily living, on and off campus, those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse.
And support others in their commitment to comply with the BYU Honor Code.

Specific policies embodied in the Honor Code include: academic honesty, dress and grooming standard, residential living standards, and continuing ecclesiastical endorsement.

Academic Honesty Policy

The first injunction of the BYU Honor Code is the call to "be honest." Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life's work, but also to build character. "President David O. McKay taught that character is the highest aim of education" (The Aims of a BYU Education, p. 6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim.

BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to the following: plagiarism, fabrication or falsification, cheating, and other academic misconduct.

Plagiarism

Intentional plagiarism is a form of intellectual theft that violates widely recognized principles of academic integrity as well as the Honor Code. Such plagiarism may subject the student to appropriate disciplinary action administered through the university Honor Code Office, in addition to academic sanctions that may be applied by an instructor. Inadvertent plagiarism, although not in violation of the Honor Code, is nevertheless a form of intellectual carelessness that is unacceptable in the academic community. Plagiarism of any kind is completely contrary to the established practices of higher education, where all members of the university are expected to acknowledge the original intellectual work of others that is included in one's own work. In some cases, plagiarism may also involve violations of copyright law.

Intentional Plagiarism - Intentional plagiarism is the deliberate act of representing the words, ideas, or data of another as one's own without providing proper attribution to the author through quotation, reference, or footnote.

Inadvertent Plagiarism - Inadvertent plagiarism involves the inappropriate, but nondeliberate, use of another's words, ideas, or data without proper attribution. Inadvertent plagiarism usually results from an ignorant failure to follow established rules for documenting sources or from simply being insufficiently careful in research and writing. Although not a violation of the Honor Code, inadvertent plagiarism is a form of academic misconduct for which an instructor can impose appropriate academic sanctions. Students who are in doubt as to whether they are providing proper attribution have the responsibility to consult with their instructor and obtain guidance.

Examples of plagiarism include:

Direct Plagiarism - The verbatim copying of an original source without acknowledging the source.

Paraphrased Plagiarism - The paraphrasing, without acknowledgment, of ideas from another that the reader might mistake for your own.

Plagiarism Mosaic - The borrowing of words, ideas, or data from an original source and blending this original material with one's own without acknowledging the source.

Insufficient Acknowledgment - The partial or incomplete attribution of words, ideas, or data from an original source.

Plagiarism may occur with respect to unpublished as well as published material. Acts of copying another student's work and submitting it as one's own individual work without proper attribution is a serious form of plagiarism.

Fabrication or Falsification

Fabrication or falsification is a form of dishonesty where a student invents or distorts the origin or content of information used as authority. Examples include:

1. Citing a source that does not exist.
2. Attributing ideas and information to a source that are not included in the source.
3. Citing a source for a proposition that it does not support.
4. Citing a source in a bibliography when the source was neither consulted nor cited in the body of the paper.
5. Intentionally distorting the meaning or applicability of data.
6. Inventing data or statistical results to support conclusions.

Cheating

Cheating is a form of dishonesty where a student attempts to give the appearance of a level of knowledge or skill that the student has not obtained. Examples include:

1. Copying from another person's work during an examination or while completing an assignment.
2. Allowing someone to copy from you during an examination or while completing an assignment.
3. Using unauthorized materials during an examination or while completing an assignment.
4. Collaborating on an examination or assignment without authorization.
5. Taking an examination or completing an assignment for another, or permitting another to take an examination or to complete an assignment for you.

Other Academic Misconduct

Academic misconduct includes other academically dishonest, deceitful, or other inappropriate acts that are intentionally committed. Examples of such acts include but are not limited to:

1. Planning with another to commit any act of academic dishonesty.
2. Attempting to gain an unfair academic advantage for oneself or another by bribery or by any act of offering, giving, receiving, or soliciting anything of value to another for such purpose.
3. Changing or altering grades or other official educational records.
4. Obtaining or providing to another an unadministered test or answers to an unadministered test.
5. Breaking and entering into a building or office for the purpose of obtaining an unauthorized test.
6. Continuing work on an examination or assignment after the allocated time has elapsed.
7. Submitting the same work for more than one class without disclosure and approval.

Procedures for Handling Incidents of Academic Dishonesty or Other Academic Misconduct

Faculty are responsible to establish and communicate to students their expectations of behavior with respect to academic honesty and the student's conduct in the course. The responsible instructor shall investigate the incident, determine and take appropriate action, and report to the Honor Code Office the final disposition of any incident of academic dishonesty by completing an Academic Dishonesty Student Violation Report. If the incident of academic dishonesty involves the violation of a public law, e.g., breaking and entering into an office or stealing an examination, the act should also be

reported to University Police. If an affected student disagrees with the determination or action and is unable to resolve the matter to the mutual satisfaction of the student and the instructor, the student may have the matter reviewed through the university's grievance process (Student Academic Grievance Procedure).

Applicable Actions

A wide range of possible actions exist for cases of academic dishonesty. Instructors should take actions that are fair and equitable under the circumstances and should attempt to reach an understanding with the affected student on the imposition of an appropriate action. In some cases, the department, the college, or the university may also take actions independent of the instructor. Examples of possible actions include but are not limited to the following:

For instructors, programs, departments, and colleges:

Reprimanding the student orally or in writing.

Requiring work affected by the academic dishonesty to be redone.

Administering a lower or failing grade on the affected assignment, test, or course.

Removing the student from the course.

Recommending probation, suspension, or dismissal.

For the university:

The university may elect to place an affected student on probation or to suspend or dismiss the student, and to place a temporary or permanent notation on the student's permanent academic transcript that he or she was suspended or dismissed due to academic misconduct.

The university may report an incident of academic misconduct to appropriate law enforcement officials and may prosecute an affected student if the act in question involves the commission of a crime (e.g., breaking into an office or building, stealing an examination, etc.).

Honor Code Office Involvement

The Honor Code Office will maintain a record of all violations of the Academic Honesty Policy reported to it by the faculty. If the occurrence is sufficiently egregious or if a pattern of dishonesty or misconduct is discovered, the Honor Code Office may take additional action on behalf of the university based upon the nature of the infraction(s). Only the Honor Code Office, in consultation with the involved academic personnel, may determine to place a student on probation or to suspend or dismiss a student for academic dishonesty and other forms of academic misconduct.

Shared Responsibility Policy Statement

Students are responsible not only to adhere to the Honor Code requirement to be honest but also to assist other students in fulfilling their commitment to be honest.

Faculty Academic Integrity

The substantive standards of academic honesty stated in this policy apply *a fortiori* to faculty. Indeed, all members of the BYU community are expected to act according to the highest principles of academic integrity.

Sources

A large number of publications and policies of colleges and universities were reviewed in creating BYU's Academic Honesty Policy. Some of the content and structure of this policy were adapted from the following sources:

1. "Academic Honesty," a brochure produced by the Office of Judicial Affairs, University of Florida.
2. "Academic Honesty and Dishonesty," a brochure produced by the Office of the Dean of Students, University of Delaware.
3. "Academic Honesty and Dishonesty," a brochure produced by the Dean of Students Office, Louisiana State University.
4. "A Statement on Plagiarism," a committee report from the October 1994 Conference on the Center for Academic Integrity, Tom Langhorne, Binghamton University (chair).
5. "Definition of Plagiarism," by Harold C. Martin, taken from *The Logic and Rhetoric of Exposition*, by Harold C. Martin, Richard M. Ohmann, and James H. Wheatly, 3rd ed. (New York: Holt, Rinehart and Winston, 1969).
6. *Legal Aspects of Plagiarism*, by Ralph D. Mawdsley (Topeka, Kansas: National Organization on Legal Problems of Education, 1985).

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty of BYU represent the principles and standards of the Church. These members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*.

Clothing should be modest in fabric, fit, and style, and appropriate for the occasion. Skirts and shorts should be knee-length or lower. Clothing which is sleeveless, strapless, or revealing is not acceptable. Shoes should be worn in public campus areas.

A clean and well-cared-for appearance should be maintained. Hairstyles should be clean and neat, avoiding extreme styles. Men's hair should be trimmed above the collar, leaving the ear uncovered. If worn, mustaches should be neatly trimmed. Earrings for men are unacceptable, and beards are not acceptable, except for certified medical reasons.

Continuing Ecclesiastical Endorsement

Every enrolled, continuing student, including graduate students, is required each year to obtain a Continuing Ecclesiastical Endorsement by April 1 from his or her winter semester ecclesiastical leader. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from a local ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT, telephone (801) 378-2731. A $20 late fee is assessed for endorsements dated after April 1. Registration is denied for fall semester or thereafter without a continuing endorsement.

All students must abide, both on and off campus, by the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards on and off campus. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church, on and off campus.

An individual who has disaffiliated or been excommunicated or disfellowshippped from The Church of Jesus Christ of Latter-day Saints is not eligible for enrollment at Brigham Young University until she or he is once again in good standing in the Church. If a current student disaffiliates or is excommunicated or disfellowshipped from the Church, the Ecclesiastical Endorsement is immediately withdrawn, and the student is discontinued. Every student must have a current Ecclesiastical Endorsement for continued enrollment.

University Policies

Confidentiality of Records Policy
The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when non-directory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes the following:

Student's name
Home and local addresses and telephone numbers
Date and place of birth
Major field of study
Information relative to participation in officially recognized activities (e.g., sports) including weight and height
Dates of attendance
Degrees and awards received
Previous educational institutions attended
Names of parents and spouse

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, PO Box 21114, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates
At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–31.9	Freshman
32–63.9	Sophomore
64–95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

Class Attendance Policy
You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes
To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

You may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the BYU Undergraduate Catalog).
2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade
The letter grade I (incomplete) is given on a contractual basis with the instructor to students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term. The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB, PO Box 21114.

An incomplete is computed in the grade point average as a failing grade until the course work has been completed and the official grade has been submitted by the instructor.

Grade Reports
Grade reports are available at no charge for all day and evening school students after the semester has concluded. Grade reports will be mailed to students who leave self-addressed, stamped envelopes containing their social security number at the Records Office.

Changing College or Major
Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with the Office of Graduate Studies for information and necessary forms.

Discontinuance from BYU
A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The nonacademic emergency deadline, June 6 for spring term and July 30 for summer term, is the last day a student can discontinue.

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 120 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

University Assemblies

University Devotionals, Firesides, and Forums

University devotionals and forums, held throughout the year on Tuesdays at 11:00 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers are selected from the General Authorities and other leaders of the Church and the university, who come to teach the gospel and affirm the spiritual dimension of the university experience for students and faculty. An additional opportunity is provided, by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government, chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the discussion sessions that may accompany them) prompts inquiry into an understanding of significant intellectual, cultural, and social issues.

Most campus offices and services are closed during university assemblies so that members of the university community may participate.

Nondiscrimination Statement

Admission to Brigham Young University is nondiscriminatory. The university admits persons regardless of race, color, national origin, religion, age, gender, veteran status, or disability who meet university and academic requirements and agree to abide by the university's standards of conduct and behavior. Persons who believe they have been the object of unlawful discrimination should contact the Equal Opportunity Office, A-285 ASB, PO Box 21220, telephone (801) 378-6878.

Final Examination Policy Fall Semester 1996

Final examinations will be given at the times shown in the schedule. Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the semester's work. The reading and the examination periods are firmly scheduled parts of the semester; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement.

Second block class examinations will be given at the time shown in the schedule. First block examinations will be given during the last regular class period. In cases where you have conflicting examinations or *more than* three examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Examinations will be held December 14, 16, 17, 18, and 19, with reading days December 12 and 13. Therefore, Wednesday, December 11, 1996, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, PO Box 21114, telephone (801) 378-6557. For evening classes, contact the Evening Classes Office, 120 HCEB, PO Box 21513, telephone (801) 378-2872.

All section 400 classes beginning at 4:00 p.m. or later ***must*** follow the evening exam schedule to avoid day class conflicts. (If the class begins before 4:00 p.m., use the day class schedule.)

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour**. For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.
